## Council of League Now Functioning to Avert New Struggle

League in Role of Arbitrator Between Poland and  
Lithuania Proceeding Cautiously; Assurance Desired  
Countries Will Abide By Decision.

Paris, Sept. 18.—For the first time since its organization the  
Council of the League of Nations has been asked to arbitrate be-  
tween two nations in an endeavor to avoid war. The Council de-  
liberated yesterday afternoon on the Polish-Lithuanian dispute.

Ignace Jan Paderewski, former Premier of Poland, presented  
the Polish viewpoint of the controversy and Professor Woldemar  
Foreign Minister, gave the Lithuanian side of the disagreement.

### Decision Deferred

Leon Bourgeois, French member of the Council, requested that  
both sides prepare memoranda of the arguments which had been  
advanced orally. No decision is expected to be arrived at by the  
Council before next week and perhaps later. The League is pro-  
ceeding cautiously, as it has been in-  
timated that Lithuania might not  
abide by the decision of the Council  
if it were unfavorable to the  
Lithuanian viewpoint.

The Council, it is said, feels that  
this is the most important question  
that has yet come before it and is un-  
willing to take the risk that the test  
case of the League's authority should  
not be recognized. Lithuania is not a  
member of the League of Nations and  
the Council, before rendering its de-  
cision, desires to obtain assurance  
that both parties will abide by it.

### Intervention Accepted

Paris, Sept. 18.—(Associated Press)  
Finland and Sweden have agreed  
to accept the intervention of the  
League of Nations for the settlement  
of the dispute between them as to  
the possession of the Aland Islands,  
lying at the mouth of the Gulf of  
Bothnia, between the two countries.  
A Commission will be appointed by  
the Executive Council of the League  
to investigate the question and re-  
port an early decision.

## HEAD OF SOLDIER

### SETTLEMENT BOARD

Major John Barnett to Suc-  
ceed W. J. Black as  
Chairman

Ottawa, Sept. 18.—Major John  
Barnett has been appointed a chair-  
man of the Soldier Settlement Board  
in succession to W. J. Black. Major  
Barnett was born on a Carleton  
County farm, and attended Dal-  
housie College, Halifax, where he  
was graduated in arts and law in  
1905. He went west in the follow-  
ing year and took up the practice  
of law at Inverness, succeeding  
to the practice of Judge Carpenter  
on his elevation to the Bench.

Major Barnett enlisted in the 187th  
Battalion and went overseas as cap-  
tain and adjutant of that unit in  
1915. Reverting to the rank of lieut-  
enant in order to see active service,  
he joined the 50th Battalion in  
France, in May, 1917. He took part  
in the fighting around Lens, follow-  
ing the Hill 70 battle and was wound-  
ed. He was returned to England and  
reported medically unfit for further  
service at the front. Shortly after  
returning to Canada in June, 1918,  
he became assistant judge advocate  
general of the 13th District of this  
country.

In March, 1919, he joined the staff  
of the Soldier Settlement Board as  
superintendent of the Calgary office,  
later becoming provincial solicitor of  
the Board for Alberta and in October  
last, he was appointed general coun-  
sel of the Board for Western prov-  
inces with headquarters at Calgary.

## DROWNED IN THREE INCHES OF WATER

Port Arthur, Ont., Sept. 18.—Miss  
Margaret Hozarth, member of a  
well known Port William family and  
employed as nurse at McKellar Hos-  
pital, was drowned in three inches  
of water in a ditch beside the road  
Friday night, when an automobile  
turned turtle.

Miss Jones, another nurse, and Roy  
McRae, the driver, were uninjured.

## AUSTRALIAN SENATOR WILL VISIT LONDON

London, Sept. 18.—(Canadian As-  
sociated Press)—Advice from Aus-  
tralia received here to-day state that  
Senator Mitten will proceed to Lon-  
don after the Geneva Conference for  
a consultation on trade, finance, im-  
migration and the reorganization of  
the High Commissioner's office. Aus-  
tralia is also sending Mr. Barnes  
former Labor member and a success-  
ful settler, to promote immigration.

### VERDICT OF MURDER

Toronto, Sept. 18.—That Philip  
Goldberg, a young boy, was murder-  
ed on August 7 at the corner of Glen-  
dale Road and Queen Street, in  
broad daylight and that the murderer  
was Fred L. Davis, was the verdict  
given last night by a coroner's jury.  
The evidence showed that the boy's  
parents sold liquor at their home on  
McCauley Street and that the accused  
was a customer there.

## EVERYTHING READY FOR FAIR MONDAY

Exhibition Will Assemble the  
Most Magnificent  
Cattle Herds

Hon. S. F. Tolmie Will Per-  
form the Opening Cer-  
emony at Exhibition

The first fall fair which the B. C.  
Agricultural Association has held in  
Victoria, since the outbreak of war  
will be opened at the Willows Fair  
Grounds on Monday. Final arrange-  
ments, which are going forward over  
the week-end, make it plain that the  
fair this year, including as it will a  
seven day race meet and the annual  
home products fair will surpass in  
many ways any previous exhibition  
staged in this city.

For many months now—since the  
early Spring, in fact—preparations  
for the big Fall Fair have been pro-  
ceeding, and large sums of money  
have been expended upon the Fair  
Grounds, which were badly damaged  
by years of military occupation. As  
a result of the efforts made by the  
Agricultural Association, the grounds  
and buildings this year are in perfect  
shape, and accommodation has been  
procured for practically any number  
of cattle entries. Indeed, expecting  
a huge number of entries from all  
parts of western Canada and the  
United States, the Association has  
constructed several new buildings,  
among them a big stable capable of  
accommodating 500 head of cattle.  
The entries received so far and the  
number of cattle and horses already  
here for the exhibition, forecast keen  
competition in all events. Farmers,  
cattle men, and poultry fanciers will  
be given a wonderful opportunity to  
view some of the finest animals on  
the continent, as owners of many  
famous herds in America are sending  
their prize stock for exhibition.

### Big Race Meet

While the general public no doubt  
will be deeply interested in these ex-  
hibits, the fair will include other  
features perhaps more attractive to  
the average person. Probably the  
biggest feature of the exhibition will  
be the seven-day race meet which  
will commence at the Willows on  
Tuesday. Well over a hundred  
horses will compete in these races,  
some of the animals having arrived  
already to work out on the local  
track. It is expected that the race  
meet, which will be the first held  
here in many years, will be watched  
each day by thousands of eager spec-  
tators. Many Victorians saw horses  
which will race here competing in  
Vancouver, and have returned to the  
city with assertions that the animals  
offer the keenest sport. A large part  
of the community is awaiting the  
start of the races with great ex-  
citement.

### Police to Perform

While concessions for a merry-go-  
round and all the other amusements  
which go to make a fair a success-  
ful one, are being made, the police  
have been let, perhaps the most en-  
tertaining feature will be the fancy  
riding by a troop of Royal Canadian  
Mounted Police, which has arrived  
in the city for the fair. The red-  
coated troopers have been trained for  
many weeks for the part they will  
play at the exhibition and it is ex-  
pected that Victorians will watch  
their performance with a great deal  
of interest. Prairie visitors, too, are  
looking forward to this part of the  
programme as they will be able to re-  
new their acquaintance with the  
finest police force in the world. Fancy  
riding will take place in front of the  
grandstand every afternoon at 3  
o'clock.

## White Russia Has Been Proclaimed Soviet Republic

Copenhagen, Sept. 18.—(Jewish  
Telegraphic Agency.)—White Russia  
has been proclaimed a Soviet Repub-  
lic, according to delayed advice re-  
ceived here from Kovno, Lithuania.  
The proclamation, which was signed  
by White Russian and Lithuanian  
communists and representatives of the  
Bund of Workmen's organiza-  
tion, was issued in Minsk, Septem-  
ber 7.

The Social Revolutionaries refused  
to participate in the formation of the  
new republic, the advice say, de-  
claring it would afford no real in-  
dependence.

## Poles Advancing East of Vladimir-Volhynsk

Warsaw, Sept. 18.—Polish forces continue to advance east of  
Vladimir-Volhynsk, southeast of Brest-Litovsk and have occupied  
the towns of Porezkov and Chorostov, according to an official state-  
ment issued here. The towns of Kamien and Kaspirzka, north of  
Kovel, have been taken, the Russian Soviet armies losing 10,000  
prisoners.

Lutsk, an important fortified city, forty miles east of Vladimir-  
Volhynsk, has been captured by the Poles, who have won successes  
along a front of approximately 240 miles.

Retirement Admitted.  
London, Sept. 18.—Friday's official  
statement from Moscow received by  
wireless to-day admits a Russian re-  
tirement in the Lemberg region. It  
says:

## In Training for the Big Scrap

"Johnnie" Barleycorn and "Ginger" Ale Getting Into Condition.

## Hon. Robert Beaven Dies; Was Premier and Thrice Mayor of Victoria City

Hon. Robert Beaven, former Premier of British Columbia, for  
nearly twenty years a leading figure in the political life of this  
Province, and one of the most energetic mayors of Victoria, died  
suddenly last evening at the age of eighty-four years. He had  
been failing for some time, and the end, which took place at his  
residence, 626 Vancouver Street, was not altogether unexpected  
by the family.

Robert Beaven was born at Leigh, Staffordshire, England, on  
January 28, 1836. He was the son of the late Rev. James Beaven,  
D.D., who occupied the chair of meta-  
physics and ethics in the University  
of Toronto. Mr. Beaven was edu-  
cated at Upper Canada College, Tor-  
onto, where he graduated.  
Attracted by the gold excitement  
he left Toronto with four companions  
and journeyed by way of Panama  
and San Francisco to Victoria.  
He went to the Cariboo diggings, locat-  
ing at Louisa Creek, from whence  
he left Toronto with four companions  
and journeyed by way of Panama  
and San Francisco to Victoria.  
He went to the Cariboo diggings, locat-  
ing at Louisa Creek, from whence  
he left Toronto with four companions  
and journeyed by way of Panama  
and San Francisco to Victoria.

His Political Career.  
Mr. Beaven was appointed Chief  
Commissioner of Lands and Works  
on December 24, 1872. He held that  
office until January 27, 1876. He was  
appointed Minister of Finance and  
Agriculture on June 27, 1878, and  
held that portfolio until January  
28, 1883. During a portion of this  
period he was the Premier and Chief  
Commissioner of Lands and Works.  
In May, 1873, he was appointed a  
Gold Commissioner. He was a mem-  
ber of the De Cosmos Government,  
the first and second Walkem Gov-  
ernments, and was the Premier when  
His Excellency the Governor-Gen-  
eral, the Marquis of Lorne, and Her  
Royal Highness the Princess Louise,  
visited the Province in 1882. These  
governments had many very im-  
portant questions to deal with, not-  
ably, the trans-continental railway  
question, resulting in the con-  
struction of the Canadian Pacific  
Railway. By the terms of confeder-  
ation Canada agreed to commence  
construction of this railway in the  
Province on or before July 20, 1873,  
and connect the seaboard of British  
Columbia with the railway system of  
Canada on or before July 27, 1881.

The repeated failure on the part of  
the Dominion Government to com-  
mence the work in the Pacific Pro-  
vince caused endless trouble to its  
citizens and people, which nearly  
culminated in the withdrawal of  
the Province from the union. Mat-  
ters came to a climax in 1879, the  
Walkem-Beaven Government being  
defeated.

In the region of Lemberg as a  
result of fierce fighting our troops re-  
turned to the line of Sokolov, Stan-  
islawsk, Bialy and Kamien villages.  
The fighting is continuing.

## NEWS WRITERS WANT CONCILIATION BOARD

In Dispute With La Presse  
Publishing Company of  
Montreal

Ottawa, Sept. 18.—An application  
has been received by the Minister  
of Labor for the establishment of a  
Board of Conciliation to investigate  
the dispute between La Presse Pub-  
lishing Company of Montreal and  
its news writers, members of the  
I.N.A. It is being pointed out by the  
Department of Labor that the In-  
dustrial Disputes Act applies direct-  
ly only to mines and public utilities  
and that a Board can be established  
in the case only by a concurrence of  
both parties. Should both parties  
concur in the application, a Board  
will be established without delay. It  
is understood that the Labor De-  
partment is now in communication  
with La Presse Publishing Company  
regarding its concurrence in the ap-  
plication.

## Soviet Flotilla Is Credited with Victory Afloat

London, Sept. 18.—A victory for  
the Soviet flotilla in the Sea of Azov  
over General Wrangels naval forces  
is announced in Friday's official  
statement from Moscow, received to-  
day.

In the land fighting the Soviet  
concede a setback and a retirement  
in the neighborhood of Orlekhoff.

RETURNS TO ROME.  
Rome, Sept. 18.—Premier Giolitti,  
who has been visiting in connection  
with the strike of the metal workers,  
returned to-day. The Premier an-  
nounced he would make an im-  
portant statement on the situation.

## Movement Against Immodest Dress and Dancing in Norway

Christiania, Norway, Sept. 17.—  
American delegates to the Interna-  
tional Council of Women here, have  
started a movement against exag-  
gerated styles in dress and immod-  
est dancing.

## SCHOOLS IN OTTAWA MAY CLOSE OWING TO LACK OF FUNDS

Toronto, Sept. 18.—A deputation  
of the Ottawa Separate School Board  
told Mr. Drury and Hon. R. H. Grant  
that if some scheme is not devised  
to finance the separate schools in  
that city they may have to close be-  
cause of the lack of funds to pay  
the teachers and buy coal. The lack  
of funds is a result of the injunction  
developing out of the court proceed-  
ing over the observance of regula-  
tion seventeen regarding the teach-  
ing of French in bi-lingual schools.

## Dragnet Is Spread To Trap Originators of Frightful Blast

United States Department of Justice Convinced New  
York Catastrophe Was Deliberately Planned By  
Radicals; Huge Casualty List.

New York, Sept. 18.—Convinced that the explosion which  
snuffed out the lives of thirty-five persons and injured nearly 300  
others in Wall Street Thursday noon was deliberately planned by  
radicals, officials of the Department of Justice, headed by At-  
torney-General Palmer himself, to-day spread a dragnet over the  
country in efforts to trap its originators.

William J. Flynn, head of the Bureau of Investigation of the  
Department of Justice, was chief spokesman for this general  
opinion.

Chief Flynn based his opinion on the finding of radical litera-  
ture in post office boxes near the scene of the tragedy soon after  
it occurred.

## MANIFESTO ISSUED IN NEW BRUNSWICK

Premier Foster, in Appeal,  
Deals With Policy of  
Government

St. John, N. B., Sept. 18.—A man-  
ifesto by Hon. W. E. Foster, Premier  
of New Brunswick, was issued to-  
day, dealing with the record and  
policy of the Government in light of  
the coming general elections.

In the manifesto, the Government  
promises when returned to power  
to give the greatest possible assist-  
ance to agriculture, to vigorously  
support hydro-electric development,  
to continue the policy of improv-  
ing all the roads to the Province with  
fair play to everybody, no matter  
where they live; further encourage-  
ment to common vocational and ag-  
ricultural schools; to conserve tim-  
ber resources and encourage devel-  
opment of mining areas.

Regarding labor laws the man-  
ifesto promises "to provide such labor  
legislation within Provincial juris-  
diction as may be called for by the  
findings of the National Industrial  
Conference and the International  
Labor Conference."

The Government will "inquire into  
the best methods of inducing immi-  
gration to the Province, and to make  
such arrangements with the other  
Maritime Provinces as will be con-  
ducive to this."

The Premier, if returned to power,  
promises to enforce the prohibition  
act in view of the substantial major-  
ity given in the last plebiscite and  
continues:

"While the vote of the electorate  
has been so strongly in favor of the  
present act, the Government assumes  
that the result is not to be construed  
as an opposition to changes which  
may be deemed advisable to make the  
act more effective. More direct Gov-  
ernment control of the importation  
and distribution for sacramental,  
medicinal and industrial purposes,  
seems advisable, and it is our in-  
tention to organize the earliest op-  
portunity a commission which will  
have full charge of such importation  
and distribution within the Pro-  
vince."

Maimed for Life.  
There were still about 150 injured  
being cared for in hospitals to-day,  
many of whom were said to be still  
in a serious condition. Scores of  
those who will recover will be  
maimed for life.

Department of Justice officials at-  
tached relatively little importance to  
the detention of Edwin P. Fischer at  
Hamilton, who yesterday admitted to  
Canadian authorities having sent  
warnings of the disaster to several  
friends here. However, Attorney-  
General Palmer said he would direct  
that Fischer be thoroughly examined  
in the hope that, despite the belief  
that Fischer was mentally deranged  
he might present valuable "leads."

It was also expected that those  
who received Fischer's warnings—mis-  
sives would be questioned during the  
day.

Buildings Guarded.  
Special guards still were kept to-  
day around all Government buildings  
here, the Morgan bank and the  
homes of numerous men prominent  
in the financial world. Attorney-  
General Palmer said this same pre-  
caution was in vogue throughout the  
United States to make sure of  
thwarting any possible radical move-  
ment of country-wide scope.

Identity of Wagon.  
Detectives and witnesses continued  
to-day to pass in and out of police  
headquarters where Captain John  
Coughlin, acting inspector in charge  
of the Bureau of Detectives, was still  
seeking to establish the identity of  
the "death wagon."

Apparently more progress was be-  
ing made for examinations of the  
horse than the wagon. The horse—  
a strawberry roan—less than fifteen  
hands—had been newly shod behind,  
but had on shabby, battered and  
scarred on his forehead. The new  
shoes bore the stamp "H.S.L."

This is a union mark—the Horse  
Shoers' International Union, which is  
reported to have only one local in  
this city. The 500 members are be-  
ing examined.

Early to-day, Captain Coughlin  
said he had been unable as yet to  
establish the identity of the wagon  
of its owner. A conference of de-  
tectives, however, will be held at  
headquarters this afternoon when it  
is expected Commissioner Enright or  
some of his chiefs will make public  
the first formal report coming from  
his department.

At headquarters it was said little  
revelation was placed in reports that  
conspirators had planned not only to  
bomb but to burn Wall Street. This  
report gained circulation after cur-  
tain pieces of metal had been found  
This metal at first was believed to  
have been fragments of kerosene or  
gasoline cans placed near the scene  
of the explosion in an attempt at  
arson.

No comment could be obtained at  
police headquarters this morning on  
the statement by Colonel Mead of the  
Morgan office, that the man who  
had the horse attached to the death  
wagon, had been found and the iden-  
tity of the owner reasonably well es-  
tablished.

Police officials also declined to  
make any statement concerning  
Fischer. It is believed, however, that  
he probably will be extradited and  
brought here.

(Continued on page 7.)

## TORONTO WELCOMES OVERSEAS VISITORS

Reception to Delegates of  
British Chambers of  
Commerce

Toronto, Sept. 18.—Massey Hall  
was crowded last night by citizens  
who greeted the overseas delegates  
to the annual congress of the  
Chambers of Commerce of the British Empire  
with resounding cheers and the vis-  
itors were formally welcomed by the  
Lieutenant-Governor, Hon. Lionel  
Clark, the Mayor of Toronto, T. L.  
Church and Sir James Wood. On  
behalf of the distinguished party  
who had come to Canada to discuss  
the great questions of Imperial trade  
with representatives of this Domini-  
on responses to the provincial and  
civic welcome were made by Lord  
Desborough, president of the Ninth  
Congress; Stanley Machin, president  
of the London Chamber of Com-  
merce, and Sir Thomas Mackenzie,  
former Premier of New Zealand.

## Victoria to Have Second \$300,000 Picture Theatre

Victoria is to have a second super-theatre for motion pictures  
this winter.

The Allens of Toronto—Jules and Jay—mightiest of all straight  
Canadian moving picture corporations, with a chain of greatest  
motion picture theatres in the country now in operation from  
Toronto to Vancouver, are to-day in the final stages of negotiations  
for the erection of a theatre of their own here, to cost between  
\$300,000 and \$400,000 and seat 1,500 to 2,000 persons.

For the Allens Brigadier-General  
R. P. Clark, head of the financial firm  
of R. P. Clark & Co., has obtained the  
corner of the northeast corner of  
Hansard and Yates Street. The  
owners of the property are ex-Mayor  
Alex. Stewart, R. H. Swinerton and  
John Musgrave.

(Continued on page 7.)

## PRINCE GREETED IN WEST INDIES

Tremendous Ovation Given  
Heir to British Throne at  
Port of Spain

Port of Spain, Trinidad, Sept. 18.—H.M.S. Renown, with the Prince of Wales on board, arrived here yesterday. The Renown was escorted from Colon by the cruiser Calcutta, and was joined at Borcas by the cruiser Calliope.

A tremendous ovation was given the Prince and his suite upon their landing at 11 o'clock. They were met by the Governor, officials and leading residents, with a guard of honor composed of the Royal Sub-Regiment stationed here, marines from the Calcutta and Calliope, the local constabulary and a group of men who fought in the Great War.

Addresses of welcome were made on behalf of the Government and municipal authorities, to which the Prince replied. An illuminated address presented by the municipal authorities was the work of a French nun of a local convent, and was enclosed in a basket of the island's wood, made by returned soldiers. Amid dense, enthusiastic crowds, the Prince drove through the streets to St. Joseph, the old Spanish capital. On his return to the Port of Spain, he addressed thousands of school children and then had luncheon at the Governor's palace.

There was a reception at Government House in the afternoon, followed by an official dinner, and a public ball in a building constructed for King George years ago. Magnificent decorations were to be seen everywhere. Last night there was an extensive display of fireworks. At the Prince's request, no official engagements have been made for the length of his visit, leaving him free to make and renew acquaintances.

On Monday, the Prince will leave for Demerara, British Guiana, on the Calcutta. The Renown being unable to cross the bar there. He will return to Trinidad on the evening of the 23rd, and will start immediately for Grenada, West Indies.

## PERSONNEL OF THE CANADIAN DELEGATION TO LEAGUE ASSEMBLY

Ottawa, Sept. 18.—A change is likely to be made, it is understood, in the personnel of the Canadian delegation to the first meeting of the Assembly of the League of Nations which meets in Geneva in November. Sir Robert Borden, former Premier, C. J. Doherty and N. W. Rowell, it was at first stated, would compose the delegation. There is no doubt if either Sir Robert or Mr. Rowell will be able to attend and so far as at present determined, Canada will be represented by Sir George Foster and Mr. Doherty with a third delegation. The appointments, however, have not yet been officially confirmed.

## TARIFF COMMISSION AT MEDICINE HAT

Arguments of Alberta Branch  
of Manufacturers' Association  
Heard Yesterday

Medicine Hat, Sept. 18.—The case for the manufacturers of the city and district of Alberta generally was presented to the Tariff Commission at the session here yesterday afternoon.

No statement was presented for the farmers, but the chairman, Sir Henry Drayton, stated that it was expected that the farmers' views would be presented at the sitting in Calgary. Senator Robertson was the only other member of the commission present.

Charles Pratt, chairman of the Alberta branch of the Manufacturers' Association, stated that in 1905 Alberta had only ninety-seven manufacturing establishments employing five hands or more each. In 1918 there were 1,252 such plants, and an official estimate places the number to-day at 1,534. Fifteen years ago the capital invested in Alberta's industrial enterprise was under six million; to-day the amount is between sixty and seventy million, and the number of employees in the factories had grown from under 2,000 in 1905 to over 15,000 to-day. Alberta industries provided a large and increasing market for primary products of this and other Provinces of Canada.

Much of the necessary eight million dollars food bill of Alberta's employees and dependents was distributed to the farmers of the Province, and the industries provide congenial and useful employment for many young people who were not suited to farming and who would be lost to the province if it were not for the industries.

J. E. Davis, president of the Alberta Foundry & Machine Company, said: "We ask for protection, not in order that we use it as a bonus, but simply to enable us to build up a business with a made-in-Canada tractor."

Official trade records, he said, showed that from February 8, 1918, to May 31, 1920, no fewer than 25,191 tractors had been imported into Canada free of duty from the United States. If these machines had been made in Canada, continued employment would have been saved for that entire product for more than 5,000 men at the high wages paid to skilled mechanics.

Other allied industries would also develop and the basis of taxation would be broadened. Sales of farm tractors in the three Prairie Provinces this year would probably be not less than 10,000, and more than ninety-five per cent. of that demand was being supplied with United States machines, although Canadian manufacturers were able and eager to produce tractors if afforded opportunity to do so.

## FIREMAN KILLED IN TRAIN SMASH

Eastbound C.N.R. Train Col-  
lided With Rockslide Near  
Ashcroft

Vancouver, Sept. 18.—Fireman W. C. Dedman, aged 37, of Kamloops, was killed, Express Messenger W. H. Hartman, of Vancouver, badly injured when Train No. 2, eastbound over the C. N. R. at 5 o'clock yesterday morning, struck a rockslide which had launched itself across the tracks at a point near McVee, a small station just east of Ashcroft. The force of the collision was so great that the engine was hurled over its side and the baggage and express cars were derailed. Assistance was immediately sent from Kamloops.

The rockslide is thought to have been caused by the recent heavy rains. Train No. 2 is a passenger train and was bound for Winnipeg. There were several passengers from Vancouver and Victoria on board, and although badly shaken up, there are no reports of casualties.

By 5:30 yesterday evening the rockslide had been cleared away, the train proceeding after a delay of twelve hours.

## West of Moncton

Moncton, N. B., Sept. 18.—No. 14 Canadian National Railway Express, which connects at St. John with the C. P. R. from Montreal, was wrecked yesterday afternoon about eight miles west of Moncton. A number of passengers were slightly injured. Five cars left the rails. The wreck was due to a broken rail.

## CLEAR THE NOSTRILS IN FIVE MINUTES

Routs Out Catarrh, Stops  
Sniffles, Prevents Sneezing  
Catarrh is a Marvel

It just takes about five minutes for the penetrating vapor of Catarrh to clear out clogged nostrils. Hard crusts and accumulations are quickly removed. The soothing balsams of Catarrh draw out every vestige of inflammation, nose clogs stop as if by magic, Catarrh is prevented, better health is assured. To cure colds without taking drugs may seem almost too much to believe, but Catarrh does it quickly and effectively. Endorsed by physicians, and in common use by the people of many nations. All dealers sell Catarrh. Complete outfit \$1.00; small size, 50c; sample size, 25c; direct from the Catarrh Co., Kingston, Canada.

## CONSTIPATION AND HEADACHES

Completely Relieved by This Grand  
Fruit Medicine, "FRUIT-A-TIVES"

"For three years, I was a terrible sufferer from indigestion, constant headaches and constipation. I took various medicines for the trouble but nothing seemed to do me any good."

"Then, a friend advised me to try 'Fruit-a-tives.' Now I am free of indigestion and headaches, the constipation is cured, and I have gained considerable weight; and my general health is fine."

"Fruit-a-tives" is a grand medicine and I cannot say enough in its favor."

ALFRED DUBOISSEAU.  
"Fruit-a-tives" are made from fruit juices and valuable tonics—and are pleasant to take, their action being gentle and mild, yet always most effective.  
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa, Ont.

## LABOR FAVORS HOME RULE FOR IRELAND

Self-Determination, However,  
Strongly Repudiated By  
Windsor Congress

Windsor, Ont., Sept. 18.—Self-Determination for Ireland and the Nationalization of Industries divided attention as points of interest at the afternoon session yesterday of the Trades and Labor Congress of Canada. The Congress carried the recommendation of the committee on resolutions in both instances that the resolution be not concurred in. The committee added a rider to the recommendation to the effect that Congress reiterate the determination made at the Congress at Hamilton favoring Dominion Home Rule for Ireland the same as that enjoyed by Canada, Australia, South Africa and other nations within the British Empire.

The committee's recommendations did not pass without heated discussion with John Thompson of Montreal and Jacob Schubert of Montreal, supporting the cause of an Irish Republic. Mr. Thompson in particular was subjected to a great deal of interruption, and when he said that there were 20,000,000 Irishmen outside Ireland who, if they were there, would make it unnecessary for him to bore the Congress with listening to a recital of Ireland's wrongs, he was greeted with cries of "Why don't you go?"

A Hall of Windsor, who explained that he was Irish born, took a strong stand against the resolution, declaring that he was not only an Irishman, but proud to be considered a citizen of the British Empire. This brought forth a prolonged cheer.

He intimated that conditions in Ireland were not properly understood and intimated that one of the troubles was that when conscription was put into force in England and the United States, draft soldiers from those countries went to that country, and when the Irish soldiers came home on leave they found those people holding down their jobs. He declared that the crimes committed in Ireland were not the crimes of Irishmen, but inferred that they were the crimes of draft evaders, who could not leave the country. It was a notable fact, he said, that most of the crimes were committed in south-west Ireland, around Cork, by men who would not kill a man in the war, but who were nothing of killing a man from ambush.

W. J. Jeffrey, of Saint St. Marie, Ontario, after declaring that the Congress should let the people of Ireland and England settle their own differences, moved the previous question and put the question on the debate, and the Congress voted overwhelmingly in favor of the committee's report.

In addition to the discussion of the Irish question and nationalization of industries during the afternoon, the Congress passed salary increases to President Moore, of \$1,500, making his salary \$5,000 per annum, and Secretary-Treasurer H. M. Draper, \$500, making his salary \$2,000 per year.

## CONTRACT ARRANGED TO DEVELOP GAS AND OIL ON PRAIRIES

Regina, Sept. 18.—The Canadian Press is informed that a contract has been entered into by the Imperial Oil Company, Ltd., and the Great West Natural Gas Corporation, Ltd., for the development of Saskatchewan and Alberta as natural gas and oil fields.

## IMPORTANT NOTICE

# TO GAS CONSUMERS

All consumers of gas are advised to close all air openings on their gas burners, by doing so it will greatly improve the working of their gas appliances.

The air openings generally have a sliding shutter held in place by a small screw. This screw should be loosened to allow the shutter to be closed. The air openings are placed just behind the gas taps.

In cases where no sliding shutters are attached, close the air openings with a piece of rag or other suitable material.

If the above instructions are not understood, a call should be made at our Langley Street office, where a practical demonstration of the operation will be given by the members of the Gas Company.

## GOVERNMENT ASKED TO TAKE COGNIZANCE OF CHARGES MADE

Vancouver, Sept. 18.—The Government of British Columbia, which is prosecuting G. R. Hughes, former auditor of D. Spencer, Ltd., for large misappropriation of funds, is being asked by R. T. Elliott, K.C., to take cognizance of sensational affidavits which Mr. Hughes has in turn made against the firm in question.

Mr. Elliott, however, is not content with this, and has applied to the Lieutenant-Governor in person asking for a judicial commission.

The Governor has handed this over to his responsible Ministers and Mr. Elliott has been advised by Premier Oliver that the whole matter will receive the attention of the Executive.

This affidavit, which was submitted to the Attorney-General, has been circulated largely anonymously in large numbers throughout the Coast Cities during the last few days, and seeks to show that the corporation mentioned had not made proper income tax returns to the Government, and that thereby the Government had lost large revenues. The Government, it is understood,

### FURTHER DECLINE IN SUGAR IS PREDICTED

Toronto, Sept. 18.—"It is probably just the beginning," commented a representative of the Atlantic Sugar Refining Co. here on Thursday's drop of one cent in the refined quotations for all grades of sugar.

The price is now \$21 per 100 lbs. delivered at Montreal, or \$21.30 at Toronto.

### ALLEGED FRAUD.

Calgary, Sept. 18.—It is stated by officials of the Inland Revenue Department here that several cases of alleged fraud in connection with the luxury tax returns in Alberta are under investigation and that prosecutions against certain Alberta merchants will be made shortly. Word has been received here that an accountant is being sent from Ottawa.

### AUSTRIAN MINISTER SEEKS MORE MODEST QUARTERS IN LONDON

London, Sept. 18.—Baron Frankenstein, former attaché of the Austrian Embassy in London, first representative of the republican Austrian Government since the war, has taken up his quarters at the beautiful mansion in Belgrave Square where successive Austrian ambassadors entertained sumptuously before the war. The requirements of the Austrian diplomatic representation are on a much more modest scale now, and as the former embassy is extremely expensive to maintain, the new minister is looking for smaller quarters. The German Legation is also anxious to find less expensive premises than the palatial mansion in Carlton House Terrace which it now occupies.

One of the things that struck Baron Frankenstein most on his arrival was, so he said, that for a penny he could have quite a long bus ride which in Vienna would cost thirty times as much, at the normal rate of exchange.

### ANNUAL CONVENTION.

Ottawa, Sept. 18.—The American Association of Public Employment Offices, will convene at Ottawa for its eighth annual meeting on Monday, Tuesday and Wednesday of next week. The Association is international, including in its membership employment offices from many parts of the United States and Canada. Bryce M. Stewart, director of the employment service of Canada, is president and Leslie E. Woodcock, of the Russell Sage Foundation, New York, first vice-president.

### STOCKYARDS DEAL.

Washington, Sept. 18.—The plan proposed by the big five packers to dispose of their stockyard interests to F. H. Prince & Company, of Boston, will not result in the separation of the stockyard from packer interests, the Federal Trade Commission declared in a report to Attorney-General Palmer.

### RANCHER SHOT.

Regina, Sept. 18.—While making his escape from custody Fred Tromper, a rancher in the Prince Albert district, who was arrested on a charge of cattle-stealing, was shot and killed by W. E. Reed, of Beaver River. Reed surrendered himself to the Provincial Police and is being held until after the inquest.

### Try Mrs. Gordon's One Egg Cake

Mrs. L. B. Gordon has a one-egg cake recipe that is delightful in practice. One of the men from the office took it home to his wife, then brought half the cake to show us. Even our own demonstrator would hardly believe it contained one egg.

We've used all the space now so the recipe will have to wait until Monday.

### PREMIER MEIGHEN TO SPEAK AT WINNIPEG EARLY IN OCTOBER

Ottawa, Sept. 18.—(Canadian Press.)—Premier Meighen will deliver his first political speech in Western Canada since assuming the leadership of the Government at Winnipeg early in October. The exact date will be announced shortly. Mr. Meighen will spend the first half of next week in the Eastern Townships of Quebec. His chief address will be delivered at Sherbrooke, on September 21.

### PAPERS AT LIVERPOOL AND MANCHESTER TO PUBLISH ON MONDAY

London, Sept. 18.—(Canadian Associated Press.)—The Manchester and Liverpool papers will re-appear on Monday if the settlement reached yesterday is ratified.

### COWICHAN SHOW OPENED YESTERDAY BY DR. TOLMIE

Minister Praises Exhibits; Detachment of Boys' Naval Brigade Welcomed

A smart guard of honour comprising a detachment of the Boys' Naval Brigade from Victoria, Boy Scouts, Girl Guides and Brownies from the Cowichan district, greeted the Hon. S. F. Tolmie on his arrival at the annual Fair of the Cowichan Agricultural Society yesterday afternoon.

The Federal Minister of Agriculture was received by a deputation including Kenneth Duncan, M.P.P., C. J. V. Spitt, president of the Association, J. Ruscombe Poole, and Hugh Savage, President of the Board of Trade.

After viewing the exhibits, Dr. Tolmie formally declared the fair open. In the course of his address he paid tribute to the Boy Scouts, Girl Guides and the boys of the Naval Brigade, "the young Canadians, on whose shoulders would fall the developing of the Canada of the future."

"I also have responsibilities to shoulder," continued the Minister, "so that when our time comes to leave the country we can leave it in the best condition as its rightful heritage to coming generations." Dr. Tolmie expressed the hope that immigration into the Dominion would be so safeguarded as to encourage a class of emigrant who would readily assimilate with Canadians, to comply with its laws in peace-time and shoulder a rifle in its defence in time of war.

He congratulated the Association on the excellent showing made at the fair in face of unfavorable weather, comparing it advantageously to fairs he had recently visited in Ontario and Quebec. While on the subject of comparisons, Dr. Tolmie spoke with pride of the fine roads extant on Vancouver Island, the Highland Highway from Victoria to Duncan being second to none in the Province, in his estimation.

A brief reference to the work being carried on by the Federal Department of Agriculture by means of experimental stations, and a review of the steps being taken to encourage the growing of tobacco and flax in Canada concluded his remarks.

Judging of the cattle occupied the major part of the afternoon, much interest being taken in this section. A fine display of their work and drill was given by the Scouts and Guides, keen interest being shown in their powers by the assembled crowds. With the continuance of the fine weather, tomorrow's attendance should beat all previous records, for a particularly big programme of attractions and side shows has been arranged by the committee for the entertainment of visitors.

DENTS' GLOVES

Featuring "Fair Week" an Extensive Display of

## Handsome Fur-Trimmed Coats and Suits

WHOEVER decreed that furs should be used very sparingly as trimming must have expected just such fetching Fall Fashions as these to be developed as a result of the edict. On some modes the collars are made of fur, but in the majority of the styles it appears as banding, which serves to enhance the smart cut of these handsome coats and suits. These garments will be specially featured and displayed during "Fair Week."

Coats From \$55.00—Suits From \$75.00

## Beautiful Beaded Bags

Arrive From France

Direct from Paris comes this attractive group of exquisite beaded bags in the most charming designs and beautiful colorings that one could imagine; mounted on white, tortoise and black frames. Inspection invited.

At \$25.00 to \$55.00

## Women's New Fall Suits of Fine Navy Serge, Handsomely Embroidered With Black Silk

Specially Priced for "Fair Week" at \$65.00

Intending suit buyers should look into this remarkable suit offering—others might do so to their profit. Women's tailored suits of fine quality navy serge; the coats are belted, silk lined and heavily embroidered in black silk.

Special Priced for Fair Week at \$65.00

# Will German-American Vote Be Organized For Harding?

The attempt of the German-American Citizens' League to organize German-American voters to prevent the election of Governor Cox to the Presidency is arousing lively interest in both camps. "The hyphen, that detestable phenomenon of American society, is again lifting its hydra-headed hideousness and discharging its venom," exclaims The Louisville Courier-Journal (Dem.). "There is evidence of a strong and highly organized pro-German movement in favor of the election of Senator Harding," declares The Indianapolis News (Ind.). Interpreting the resolutions passed by the German-American Citizens' League, George Sylvester Viereck, editor of The American Monthly, in the columns of his magazine declares that "The Democratic candidate is impossible. He is the candidate of Woodrow Wilson and the League of Nations. The Republican candidate is distinctly the lesser of two evils. His speech of acceptance is not without merit."

On the other hand, Senator Harding, in a statement which the Democratic New York Times concedes to be "proper enough so far as it goes," warns these German-American supporters that they must not think of him as favoring any class or race among our citizens. Among other German-American papers that disavow a German-American vote is The St. Louis Westliche Post, which states that this paper "does not recognize any hyphen vote," and predicts that Americans of German descent will vote as any other American, "every one according to his own personal convictions as to which one of the two candidates stands higher for pure, unadulterated Americanism."

### TOOTHACHE STOPS

When "ABSORBINE JR." Is Placed in the Cavity.

The same reliable home liniment that takes the soreness and stiffness out of sprained, strained arms and legs and reduces swellings and soft, inflamed bunches on any part of the body will give quick relief in Toothache, Headache, Neuralgia and sharp attacks of Rheumatism and Sciatica. For Toothache, saturate a little cotton with "ABSORBINE JR." and place in the cavity—rub "ABSORBINE JR." on gums and face. It is a vegetable germicide that is safe.

For Headache, Neuralgia and other pain and inflammation, rub the affected parts with a few drops of "ABSORBINE JR."

The invitation for tenders for the construction of the drydock at Esquimalt to be issued next Wednesday should mean the actual commencement of work on that big undertaking before the end of the year. There is no reason why the construction of the Johnson Street Bridge should not be under way at least as soon. A fine theatre is to be erected on the corner of Yates and Blanshard Streets. The completion of the Hudson's Bay store is already provided for. The development of an assembly establishment at the Government docks for the shipment of lumber from this Island, and the prosecution of work on the terminals, will round off a programme of public and private works which should cause considerable industrial activity during the approaching winter. In addition to this it is possible for our shipbuilding plants to capture further contracts, Victoria will experience a pronounced economic revival which should extend at least over the next twelve months.

**STILL HOPEFUL.**

Although no appreciable headway appears to have been made in the resumed negotiations between Sir Robert Horne and the executive of the British Miners' Federation it is declared that several new proposals advanced by the men's representatives constitute a hopeful sign of a peaceful solution of the trouble. The miners are determined to get their fifty-cent advance and they still maintain that there should not be any increase in the price of coal; they contend also that a tribunal should be appointed to inquire whether the financial situation of the country's industry would stand a reduction in the price of coal and whether there is a case in favor of overhauling the wage system with a view to granting up to the standard scale.

Sir Robert Horne, however, does not appear to be agreeable to an inquiry relating to the selling price of coal, nor does he propose to recommend the wage increase until the miners themselves give the Government a guarantee that output will be increased. The only common ground, therefore, upon which a settlement seems feasible is that dealing with the men's demand for increased wages—nationalization for the nonce does not figure so largely in the men's catalogue of requirements—but even that phase of the controversy may not be discussed until the Federation shows a willingness to drop the principle of a "canny" which has characterized production from the coal fields for some time past.

Smillie, of course, declares that the executive of the Miners' Federation will not interfere with the strike call unless the Government agrees to the wage increase without conditions. But in this he very probably will be overruled by the less radical elements. In any case there are a number of obvious signs which suggest that there will be no very general cessation of work on September 25, whether a settlement is reached in the meantime or not.

**THE WALL STREET OUTRAGE.**

The explosion of an infernal machine in Wall Street, with its heavy toll of dead and injured, expresses the favorite means by which the apostles of anarchy hope to accomplish their ends. It shows also just how crazy is the mental process which actuates the perpetrators of such a deed. Instead of furthering the cause

these distempered individuals are endeavoring to promote, outrages of this character react with overpowering effect upon the promoters.

The bomb explosion in Wall Street did not injure a solitary capitalist, and did not even scratch New York capitalism. It killed thirty-five people who were not capitalists and who were not more than remotely connected with capitalism, while it wounded several hundred more. The only person in the Morgan building who was killed was a youthful subordinate. The cowardly murder of these innocent people, all of them unknown to the frothing perverts who plotted the explosion, will increase the determination of the American public to exterminate radical thugism wherever it can be found. Its exponents will be hunted down like mad dogs and no quarter will be given to them.

The sole effect the horror of Thursday will have upon the laws of the country will be to cause them to be made more drastic in their relation to the element which perpetrates and condones such things; the sole effect it will have upon society will be to double its detestation of the assassins and its anxiety to see them caught and punished.

**ALTERED METHODS.**

How the British manufacturer has adopted new methods of seeking business in this country is described in a recent newspaper interview with Mr. L. B. Beale, His Majesty's Trade Commissioner for Western Canada, whose observations and inquiries lead him to suggest that the hopeless and hidebound conservatism of the past has given place to a real desire to get trade no matter what amount of trouble is demanded to land the initial order. Mr. Beale cites one example which came to his attention where a British Columbia order of large proportions was being sought by a regular battalion of British agents. The requirements in this case were somewhat out of the ordinary, but the Old Country firm made up new patterns, submitted prices, went after the business and got it. By securing the order it was necessary to change factory equipment and generally to adapt the manufactory to the requirements of the new client.

From Mr. Beale's more general statement that the British manufacturers "are catering for the demands of the market as they never did before," it is possible to get an insight into the method John Bull is employing to bring his producing machinery to the point where he may begin to discharge his huge liabilities and gradually reduce the tremendous burden which the people of Great Britain are forced to carry in the meantime. This aggressive business policy, moreover, also should be some incentive to our own lumber manufacturers whose stumbling block in connection with the cut-to-fit house business is said to be the necessity to adapt regular cuts to Old Country requirements.

**NOTE AND COMMENT**

In the days before the war a German twenty-mark gold piece was worth about nineteen shillings and sixpence. To-day the sovereign will purchase two hundred and ten marks. In the meantime the man who "killed" the mark is sawing wood in solitude at Doorn.

Tretzky says that the Soviet army still occupies approximately 400 of the 600 verst covered in the Warsaw advance. Quite so; but the German armies were astride of France and Belgium on a day in November nearly two years ago. The parallel holds.

A representative of the Atlantic Sugar Refining Company stated in Toronto yesterday that the drop of one cent in refiners' quotations was "probably just the beginning." If public judgment is silent in the sugar "ramp" it will certainly place no obstacle in the way of a continuous decline in price.

that the police "had the goods" on them. The Herald replies with a reminder that the Prime Minister took the public into his confidence only when he was apprised of the fact that his dealings in American Marconis was a secret that could no longer be kept. This is an exceedingly poor rejoinder and a long way from a parallel.

The designer of Shamrock IV, has told the people of Britain that Sir Thomas Lipton's craft was defeated by superior seamanship. The captain and crew resent the soft impeachment and declare that the challenger could have won had Captain Burton been spared interruption and advice, and provided with a boat less awkward to manage. This looks like an unseemly wrangle and quite a departure from Lipton sporting philosophy.

Apocryphal of the recent incident in which a Royal Canadian Mounted Policeman was convicted under the British Columbia Prohibition Act, The Nelson Daily News offers the following ingenious comment: "In connection with the unfortunate way that a historic force has been brought into this case through the act of a new recruit, it is pointed out that the Royal Canadian Mounted Police have nothing to do with the enforcement of the provincial statutes of British Columbia, and that the erring constable who has been severely punished, was not participating in acts that he was supposed to prevent." It would therefore be fitting to suggest that the erring one was exceedingly careless in his "neutral" attitude.

**WHY.**

DO PEOPLE WHO CANNOT WRITE MAKE A CROSS-MARK?  
(Copyright, 1920, By The Wheeler Syndicate, Inc.)

The mark which persons who are unable to write are required to make instead of their signature is in the form of a cross, because, on account of its sacred associations, it was considered to be an oath or an attestation that what they were doing was correct. It is from the same belief that we obtain the expression "God save the mark" as an exclamation approving the character of an oath.

But, while the "making of one's mark" is now confined to those who cannot write, the use of this shorthand signature was not always so limited. Among the Saxons the mark of the cross, as an attestation of the good faith of the person signing a document, was required to be attached to the signature of those who could write, as well as to those who could not. In those days, if a man could write, or even read, his knowledge was considered a proof that he was a holy order for the "clerk" or "clerk" was synonymous with "penman" and the latter, as the person who wrote, did not need to read or write. The ancient use of the cross, therefore, practically universal, and it is only in comparatively modern times that its use has been limited to the illiterate.

**ANNIVERSARIES TO-DAY**

1832—Anti-Corn Law League founded in Manchester, England.  
1867—Penitents made during attack on a police van which was carrying two of their members to prison in Manchester.  
1893—The anniversary of the laying of the cornerstone of the new building was celebrated at Washington.  
1901—British destroyer Cobra foundered in the North Sea, with loss of 12 lives.  
1905—George A. Macdonald, celebrated British poet and novelist, died. Born in 1824.

**IN THE DAY'S NEWS**

Robert Smillie, president and spokesman of the Miners' Federation of Great Britain in the controversy which threatens to result in one of the most disastrous strikes that the United Kingdom has experienced in years, is one of the strongest individual forces in the British Labor movement. A miner himself in former days, he worked all day long in the mines and achieved education during the night. His power with the workers lies in his utter fearlessness, both of themselves and of their employers, in his incorruptible "straightness," and in his single-hearted devotion to their interests. As head of the miners' federation, which is in close affiliation with the railway men and transport workers, Smillie wields a power the extent of which can scarcely be overestimated.

**SIR GEORGE FOSTER SPEAKS ON BEHALF OF NEW MINISTER**

Truro, N. S., Sept. 18.—Sir George Foster, Minister of Trade and Commerce, addressed a meeting here last night in the interests of Hon. F. B. McCurdy, Minister of Public Works, who is seeking re-election in Colchester County.

Sir George took up the different difficult problems that confront Canada and showed how important it was that a stable and able government should be maintained and supported by all the people.  
Addressing the audience, Hon. Mr. McCurdy declared his opponents were not discussing political issues in their canvass of the constituency but sought to gain prestige by unfair means.

**HON. ROBERT BEAVEN DIES;**

(Continued from page 1.)

then in power. The Legislature was kept in session three months, resulting in a sitting with closed doors to consider the policy the Provincial Government had adopted in dealing with the question. To the credit of all parties in the Legislature it is to be chronicled that the action taken was unanimous, all the members uniting in their support of the stand taken by the Provincial Government. The Dominion Government started work by awarding contracts on the Mainland for the construction of the railway from Emory Bar, Fraser River, to Savona, but the sections between Emory and Burrard Inlet, and Esquimalt and Nanaimo were not commenced.

Mr. Beaven resigned with the railway question unsettled, though Sir John Macdonald had already indicated a basis of agreement for compensation to the people who had lost by the delay.

Mr. Beaven, as Chief Commissioner of Lands and Works had entered into the contract for the Esquimalt drydock, and in 1875 he was the first contractor for the dock, and was also a member of the government which awarded the contract for the main portion. On April 12, 1882, the contract for the dock was awarded to Mr. Beaven, who took possession of the dock as unfinished on behalf of the government. The work was carried out by him by day labor until the resignation of his government on January 29, 1883. The work was eventually completed by the Dominion Government, who earned the Imperial Government subsidy.

**His Political Work.**

The principal laws of the Province had their origin during Mr. Beaven's term as a Minister. The policy which established that the Supreme Court of British Columbia was a Provincial Court, and subject to Provincial legislation, and the pensioning and retirement from the county court bench of gentlemen who were not barristers; the addition of two supreme and county court judges to the bench were advocated and carried to a successful issue. While the Province generally was being developed, the City of Victoria largely benefited by the legislation carried to a successful issue by the government mentioned. The acts guaranteeing the bonds of the city issued for the construction of the water works were passed in 1873 and 1874. The act transferring to incorporated cities for their own use the revenue which was formerly collected for provincial purposes by the government in cities from trade and liquor licenses, owes its origin to Mr. Beaven. The act abolishing dual taxation upon real estate in municipalities was passed by the legislature in 1878 upon the recommendation of the Walker Government, and the largely extended municipal powers have their origin mainly through Mr. Beaven's efforts. The free non-sectarian system of education, advocated by him when first a candidate for parliamentary honors, has been a live factor in educating the youth, and bringing population into the Province. The legislature made its first grant for the erection of the brick school buildings on Yates and View streets when he was Chief Commissioner of Lands and Works. Many of the principal schools throughout the Province were also then erected and established. Several important measures owe their origin to Mr. Beaven as a private member, viz: The law stamp act; the act limiting the fees payable on the estates of deceased persons; the first general municipal act of the Province and the municipal act, 1889; the game protection act, 1886; the act extending the rights of property to married women; the amended ballot act of 1877; the companies act 1878; the act of 1881 exempting the members of the salaried fire department from jury duty.

After the fall of his ministry, he remained in opposition for a number of years in the Legislature, being for a considerable period its leader in the time of the David and Robert ministries. He continued to sit in the House for Victoria until the dissolution of the House in 1894. Prior to that time, however, he had devoted his time to municipal questions. In 1895, Mr. Beaven had an opportunity to return to public political life, for Lieutenant-Governor McInnes invited him to direct the administration when Hon. J. H. Turner retired. Mr. Beaven, however, did not

consider that his principles would permit him to take the responsibility of guiding a government under the conditions which prevailed, and declined the invitation.

**His Notable Majority.**

Hon. Robert Beaven rendered notable service to the city of his adoption. Having been associated with the early municipal ordinances of the Province, a time came when that special knowledge he possessed was of exceptional service to Victoria. In the year 1891 the Council, in charge of a city whose needs were rapidly expanding, found itself in debt, and with an anticipated extension of territory in sight unable to straighten out the situation. Many of the leading citizens appealed to Mr. Beaven, then senior member for the city, and he was returned at the head of the poll for the majority in

January, 1892. He set himself to straighten out the tangle, and a private Act was submitted to the Legislature, enabling the Council to borrow a sufficient sum to liquidate liabilities, and carry out certain essential works.

In the face of considerable criticism he proceeded with a reform policy in 1893, when re-elected, and when he stood for re-election next year it was expected he would continue in office, but the opposition had gathered strength, and he was rejected in favor of the late John Teague by a substantial majority. Mr. Teague remained in the majority for two years, and then in 1894 Mr. Beaven headed the poll in a sharply fought election, and served a notable term as Mayor again. It was the year of the Point Ellice Bridge disaster, and by that accident many new problems were created for the civil government.

Mr. Beaven is survived by one son, H. R. Beaven, of Victoria, and daughter, the Hon. Mrs. Spencer, wife of Captain Spencer, of Orkney Cottage, Maidstone, England. One son died some years ago. The funeral will take place on Monday at Christ Church Cathedral, at 4 o'clock. Dean Quinton will officiate. No flowers are desired.

## HOSPITAL LOSES \$2,000 A MONTH

Public Institution Is Now  
\$35,000 In Debt; Plans  
Money Drive

The Provincial Royal Jubilee Hospital is running behind \$2,000 a month, according to figures presented at the monthly meeting of the Board last night. At the end of August, the hospital owed \$44,000, mostly to merchants of Victoria.

Because of this state of affairs, members of the Board ordered the speeding up of the collection of all debts. It was found that the city and other corporations owe the hospital more than \$5,000 for indigent patients under the 1920 Hospital Act. The Government owes the hospital \$1,000.

A drive on the public for funds is also to be made on the recommendation of the Finance Committee. This money will be used to pay bills.

Efforts are to be made to organize public opinion for the money drive through the Kiwanis and Rotary Clubs, Army and Navy Veterans, and the Trades and Labor Council.

Officials are also planning to influence the Provincial Government to bring in legislation which will make it so that hospitals can pay expenses and not keep getting further into debt.

During the first two weeks of September, the hospital had collected bills amounting to \$9,000. This brings its total deficit now to \$35,000.

### The WEATHER

Daily Bulletin Published  
by the Victoria Meteorological Department

Victoria, Sept. 18.—5 a. m.—The barometer is rising on the Coast and fair weather is becoming general. Rain has fallen in Central B. C. and in Alberta, and fair weather extends eastward to Manitoba.

### How to Have Pretty Natural Looking Curls

Straight, lank hair is becoming to but few women and there's no excuse now for anyone looking homely and unkempt on that account. Those who have foregone the curling iron because of the damage it does by drying and breaking the hair, will be glad to hear that the simple silmerine method will produce a far better and prettier effect without any injurious result whatever. If just a small quantity be applied with a clean tooth brush before doing up the hair, the loveliest natural looking curls and waves will be in evidence in three hours, and there will be nothing streaky, sticky or greasy about it.

A few ounces of liquid silmerine, obtainable at any drug store, will prove a welcome addition to many a dressing table. It is best applied by dividing the hair into strands and moistening each of them separately from root to tip. The beautiful wavy effect will last for a considerable time.

## DECIDE TO HOLD ANNUAL SESSION HERE IN DECEMBER

Board of Victorian Order of Nurses in Conference at Vancouver

The annual meeting of the provincial board of management of the Victorian Order of Nurses will be held in Victoria on Wednesday, December 1.

This action was decided upon at a meeting of the board in Vancouver Thursday, Dr. M. T. MacEachern, the president, occupied the chair. Other members present were: Dr. H. E. Young, Victoria; Dr. F. T. Underhill, Mr. Charlesworth, Dr. C. H. Vrooman, Mrs. R. S. Day, Dr. Victoria, vice-president, Mrs. W. M. Rose, president, Vancouver branch; Mrs. Reid, president New Westminster branch; Mrs. G. Wilson, Victoria; Miss Ethel Johns, director of nursing at Vancouver General Hospital; Mrs. Gordon, Land Settlement Board; Miss Ina M. Cole, general superintendent, Vancouver branch; Mrs. Harvey, of North Vancouver; Mrs. MacLachlan, of the Saanich branch; Miss Jessie Forsyth, provincial organizer, and Mrs. Alison Robinson, of Vancouver.

Bylaws Discussed.

A great deal of time was occupied during the morning session in discussion of bylaws and constitution of the provincial board which has been formed to further the work of the Victorian Order of Nurses in British Columbia in view of the proposed programme of public health work, and the establishment of a course in nursing at the University of British Columbia.

Committee and Conveners.

During the morning also a nomin-

## TO-DAY'S JEWELS

Saturday, September 18.

The diamond, which is to-day's talismanic gem, has the happy faculty of bringing together those who are estranged through pride or misunderstanding. It is particularly fitting to the matter of lovers' quarrels and is also believed to adjust material difficulties. If a wife, or a husband, is discontented, the diamond, according to ancient belief, will lose its fine luster. For those whose birth anniversary falls on the day of the diamond, it is destined to be a source of happiness. It is believed to drive out ill fortune and bring happiness.

Plans Entertained.

The Florence Nightingale Chapter, I. O. G. T. held a meeting in the Municipal Chapter Rooms last evening. Arrangements are being made to hold a card party and also a dance later.

## Women and Home

Johnson, of Duncan, are staying at the Dominion Hotel.

Andrew Wilson and Mrs. Wilson, of Medicine Hat, are guests at the Dominion Hotel.

Mr. and Mrs. F. M. Kelly, of Vancouver, are registered at the Empress Hotel.

E. J. Bowser, of Leicester, England, has registered at the Empress Hotel.

Lady Tupper is in the city, registered at the Empress Hotel.

Rather than give her age Mrs. Margaret Hill McCarter, noted Toronto authoress and leader of the Republican party, passed the privilege of voting in the primary election held in August.

Miss Marguerite Funcho, a Red Cross nurse, established a record for women recently by swimming across Lake Geneva, in Switzerland. She is the first of her sex to accomplish the feat.

The Woman's Trade League, of Philadelphia, is planning to open trade colleges for working girls.

## TO ATTEND MEETING OF FEDERATED BOARD OF WOMEN'S INSTITUTES

Mrs. A. T. Watt Will Represent British Columbia Women's Institutes

Mrs. Alfred Watt, M.B.E., will leave for Montreal on Monday next to represent the Province at the meeting of the Board of Directors of the Federated Women's Institutes of Canada on September 30. Mrs. Watt is chairman of the Advisory Board of Women's Institutes of British Columbia, and was the founder of the Legislative Chamber by another woman, for Miss Katherine Ryan, of Stewart, B. C., is likely to be a candidate for the seat left vacant by the death of Frank Mobley, the member for Assin. More than the usual interest centre in this announcement for Miss Ryan is unique among women in that she may lay claim to the title of "sourdough" and her adventures might well be culled from the ballads of Robert Service or the novels of Rex Beach. In addition she has the unique distinction of having held the office for the past four years of the first woman to hold the office of Yukon, and as far as is known the only woman in the world to hold such an office.

Miss Ryan has been in the Yukon Territory for the past twenty-four years, and is known and highly respected in every corner of that vast hinterland. The vicissitudes of fortune found her stranded in British Columbia early in 1896. The stories of the Eldorado in the Yukon kindled her imagination and roused her fighting spirit, and she determined to try her luck in the goldfields. She was the first and only white woman to join in the famous rush of '98 alone, and the fact that she succeeded in reaching her goal is eloquent tribute to her Spartan courage, grit and determination.

Miss Ryan made the perilous journey by an all-Canadian route to Atlin via Glenora and Teslin. The journey was made chiefly on foot, food was uncertain and the hardships encountered on the way were a strain even to the hardest of men. After innumerable vicissitudes, Miss Ryan reached the mining camp at Glenora and then Teslin, and was the first white woman to reach these camps. Here she found many of the miners suffering from exposure and lack of food, many having fallen ill in consequence of their hardships. Although devoid of nursing experience, she tackled the situation, and many a man in the Northland to this day treasures memories of this amateur nurse. Nightingale, who found her own troubles in ministering to the men. Most women would have shrunk from a task involving such close association with men hardened by their experience and coarsened by the lust for gold, but Miss Ryan remembers with pride that she was without exception treated with respect amounting almost to reverence by the miners.

Her knowledge of conditions in the Yukon and the depth of her experience in judging human nature were among the qualifications which brought to Miss Ryan her appointment as the first woman to hold the office of Inspector in the Yukon. Her duties are similar to that of a customs inspector, and lie on the trains between White Horse and Carleton Place. She has been engaged in preventing the smuggling of gold dust from the Yukon, a practice often attempted for the purpose of evading the heavy royalties on gold, and many a would-be smuggler has been relieved of his "poke" by Miss Ryan, whose unerring instinct and eagle eye invariably discovered the secret cache, no matter how ingenious the method employed in concealing the precious cargo.

It must not be imagined that Miss Ryan into a martinet, for as her many friends throughout the North as well as in Victoria and Vancouver, will testify, she is a woman of the warmest sympathies, generous-hearted and with a broad vision such as comes only to those living in the open spaces of the earth. Twelve years ago she adopted her four nephews who were left orphans, and has brought them up unaided. The wreck of the Sophia claimed the life of the eldest boy, and the loss of a son mother mourned the loss of a son more sincerely than did this splendid woman.

Throughout the war Miss Ryan was one of the most indefatigable workers in the Red Cross and I. O. D. E. organizations in the North and the Dawson News paid her unstinting tribute in this connection. It is nearly two years since Miss Ryan was in Victoria, the first time that she had been "Out" of the Yukon for twelve years, and during her sojourn here many former prospectors and veterans of '98 renewed their acquaintance with her.

## PARLOR BASEBALL

At the social held by the St. John's Branch, Anglican Young People's Association, last Thursday evening a very keen interest was displayed in parlor baseball.

To make it a little more interesting each team was given the name of some city or town in B.C.

There were three games played off on that evening. The result, that Victoria beat Vancouver by 8 to 3, Nanaimo beat New Westminster by 5 to 3, and Prince Rupert beat Courtenay by 6 to 3.

It is intended to carry a parlor baseball competition on throughout the winter season, a prize being awarded at the end of the season to the team at the top of the league.

Next Thursday evening Miss Randall has kindly invited the members to her home on St. Charles Street, where it is expected a good time will be enjoyed by all who attend.

## WHAT'S IN A NAME?

Facts about Your Name: Its History. Its Meaning. Its Significance. Your Lucky Day and Lucky Jewel.

By Mildred Marshall.

(Copyright, 1920, by The Wheeler Syndicate, Inc.)

**HERMIONE.**

Hermione, that euphonious and poetic name, has recently received new vogue as a feminine title, had its origin in the Greek. It comes from "Hermes," the Greek word for "Hermes," the messenger of Zeus and favorite of all the gods throughout Greece. "Hermes," in turn, is popularly supposed to be derived from the Greek word meaning "earth" and hence, the significance of Hermione which is "refuge" can be definitely traced.

A long catalogue of famous Greeks bore names derived from "Hermes." The first of its feminine interpretations found in the English language was "Hermia," Shakespeare's Athenian maiden.

Hermione in ancient legend, was the wife of Cadmus, founder of Thebes and shared his transformation into a serpent. Her name was also borne by the daughter of Helen and Menelaus, and at first the wife of Neoptolemus, though afterward she became the wife of Menelaus, a tragedy of Euripides where she was the jealous persecutor of the enslaved Andromache. Shakespeare calls her heroine of his "Winter's Tale," and the name appears again as the mysterious ancestress of Anne of Geirtein, in whom Sir Walter Scott reproduced the legend of the demon mother of the fierce Aengrin kings; Hermione is also immortalized in "The Fortunes of Nigel."

The Italian name, Erminia, is believed to have been derived from Hermione, and certainly the French Hermine has the same origin. The Welsh have a form of Hermione which they spell E-r-mine, and in this letter the English name Emma is derived.

Those who read with appreciation one of the leading present-day humanists will straightaway connect Hermione with the "If you get what I mean" phrase that has swept the country in the past few years. This humorous gentleman no doubt chose the name Hermione for his daughter because it is a satire upon the high order of mentality which has always been assigned to the Hermiones of history. Even the poets tribute to Hermione extols her intellect rather than her beauty: "I have a wife and she is wise, Deep in philosophy, strong in Greek; Spectacles shadow her eyes, Coteries rustle to hear her speak; She writes a little for love, not for name; And yet (God bless her) is mild and gentle." Hermione's jewel, signifying strength of character. Worn by the name, it assures clarity of vision and good judgment. Thursday is her lucky day, and her lucky number.

## HOME WEAVING ART MAKES STRIDES IN ISLAND HOMES

Fine Display Planned by Arts and Industrial Institute at Exhibition

One of the most remarkable testimonials to the industrial possibilities of Vancouver Island will be the display of the Textile Section of the Provincial Arts and Industrial Institute has arranged from the handiwork of a number of ladies of the island, who are at the exhibition at the Victoria Exhibition, which will open Monday at the Willows.

Mrs. D. R. Harris, one of the most active spirits behind the encouragement of spinning and weaving as a home industry on Vancouver Island, yesterday outlined the impelling motives of the Textile Section of the Institute as being "To promote industry, develop home markets and aid economy."

Taking up a mass of dirty, un-treated fleeces, Mrs. Harris said: "This is the finest wool obtainable in all the world, and Shetland Islanders have frequently told me that nothing finer can be obtained in Scotland. Yet I bought it from a local butcher, and it grew on sheep pastured within a ten-minute ride from Victoria."

Mrs. Harris said a fundamental objective of the promotion of home weaving as a permanent industry is the resulting development of a better home market for locally grown wool. "This wool is to-day being sold by the farmers for 15 cents per pound, a ridiculous figure when it is remembered that after a simple series of processes in Eastern factories it returns to Victoria with a valuation of no less than \$5 or \$7 per pound," she said.

Beautiful Handiwork

Taking up one of the displayed banks of sweater wool, a product of remarkable texture and evenness, Mrs. Harris said that it was made in Victoria from just such a fleece as the raw materials shown. Mrs. Thompson, of Logan Avenue, having washed, carded and spun it. This summer—Admitting the fact that Mrs. Thompson was an expert, Mrs. Harris said there are a large number of ladies in Victoria and the immediate vicinity who are now enthusiastically taking lessons in weaving. "It is easy when you know how, the Institute has the teachers available and we have a splendid opportunity to make this part of Canada widely known as a home of some of the finest woolen products in the world," said Mrs. Harris.

A Home Market

"Just as an example of how valuable this industry would be to Vancouver Island, it must be remembered that our climate is the all-the-year-around ideal from the wool producers' point of view," she said. "It is a fact that at present the fleeces grown on Vancouver Island are sold

## Simple Equipment

Spinning wheels and the simple implements used in this ancient industry are displayed, and incidentally arrangements have now been made for the local manufacture of the wheels, although the first wheel used in Victoria had to be imported from the Old Country.

It is not expensive to start spinning at home. It is not difficult, the work is pleasant and the profits are certain, as Mrs. Harris said. "Mrs. Harris, narrating that the Shetland Island women, who use a very small, light type of spinning wheel, make a practice of taking their machine with them on gossiping and spinning visits to one another's homes, the evenings generally ending with a dance. "That shows how simple and free from trouble and hard work is this newly introduced art of olden days," was her closing comment.

### EVERYTHING READY FOR FAIR MONDAY

(Continued from page 1.)

#### Home Products.

After the phenomenal interest created in the "Made-in-Victoria" week recently, the success of the Home Products Fair, in the new building at the Willows during the current agricultural show, is completely established. Never before has the list of exhibits of home productions in food, stables, fruits, and preserves been of greater scope or more artistically exhibited.

An innovation that is being tried out this year in connection with the Home Products Fair exhibit is the arrangement of the stalls and demonstrating space. George I. Warren, in charge of this building, has arranged with Messrs. Jamieson, Western Packing Works, Victoria Preserving Company, Golden West Bakery, Ormonds, Ltd., and many other firms, to exhibit their products in a uniform type of stall.

#### Uniform Stalls.

These stalls have been arranged around the wall space of the new building at the Willows, and permit of a generous space for demonstration purposes. In this central space will take place the individual demonstration of the various exhibitors. The arrangement shows in no uncertain manner what is being exhibited, and presents the products in a manner that is at once pleasing and attractively arranged.

The variety of the exhibits shown in the city during the "Made-in-Victoria" week was in the nature of an eye-opener for many that heretofore had failed to realize what could be manufactured in this city. The same may be said of the forthcoming Home Products Fair, which this year will surpass all previous efforts. In that direction, the excellence of the exhibit in themselves would be sufficient to warrant repeated visits in the part of the public, but in addition some very novel demonstrations have been arranged for.

The new building has been taste-

fully decorated with flags and colored bunting, and presents a gay and festive air to the visitor, while the convenience of the public has been carefully looked after this year, band concerts by the G. W. V. A. band every evening, and dances in the Home Products Fair building.

Altogether the committee in charge of the arrangements state that they have never been so satisfied with the list of local entries before and the Home Products Fair this year will form one of the outstanding features of the agricultural show.

The inconvenience that has usually been met by the lack of refreshment facilities during the past Fairs will be removed through the efforts of several societies who have come to the assistance of the Exhibition management, and who have undertaken to see that food in abundance will be provided, more especially for the ladies and children who will patronize the Fair. The restaurant will be run under the auspices of the Daughters of St. George, whose experience in the past will be of great service, and will assure visitors that all wants will be met. The prices will be moderate and the food of the best. Should there be any surplus it will be used for charitable purposes.

### SAANICH INDIAN, 110 YEARS OLD, DIED YESTERDAY

Harry Kweemet, an Indian, who was in the prime of life when Sir James Douglas landed on Vancouver Island, died on the Tsarlip Reserve, Saanich, yesterday afternoon. His friends calculate that Kweemet is 110 years old at least, and he may be still more ancient. He has been well known on the Saanich Peninsula ever since the white man settled there. He will be buried to-morrow.

### VICTORIA TO HAVE SECOND \$300,000 PICTURE THEATRE

(Continued from page 1.)

**Making Big Profits.**  
The new Allen Theatre in Vancouver was opened last month. It cost \$400,000 and seats 2,000 persons. The earnings of the theatre for the first month of operation have been so large that the directors are now declaring a dividend of 2 per cent on the stock for the first month, or at the rate of 25 per cent a year.

So successful and profitable has the Vancouver theatre proved that the Allen want to get started in Victoria right away.

**Race For Mastery Here.**  
As the motion picture theatre situation in Victoria stands there is a fight on for mastery of the field between the Allen and the Famous Players Laasy interests.

Business representatives of both the Allen and the Famous Players started for Victoria two months ago in a race to obtain the best site in the city for a super-theatre. Theatre experts had before this sized up the southeast corner of Yates and Blanchard as the most desirable, because of the wide streets and the fact that it is only a full city block from every street car line in the city.

The representatives of the two rival interests arrived in Victoria on the same afternoon. The Allen man, however, was first to find the owners. He immediately took an option on the property for one month.

**Call For Tenders Next Month.**  
The Famous Players' representative, apparently beaten, retired. At the expiry of the month's option, the Allen man, thinking that the Famous Players people had been worsted and quit the field, overlooked renewing his option. Before he had a chance to do it, the Famous Players had taken up the property and announced their theatre plans in The Times.

Plans for this Famous Players' theatre, which will cost about \$300,000, seat 1,500 persons and be known as the Capitol, are being completed by architects of the Famous Players corporation in the East. Tenders for the erection of the building will be called at the end of this month.

Actual work of preparing the site for the Capitol will start in about ten days, Gordon E. Burdick, who is handling the affairs of the corporation here, announced to-day.

When the Allen found that they had lost out on what they considered the best corner on Yates Street for a theatre they went out after the next best, J. Allen announced in Vancouver "we are not beaten yet in Victoria." This they considered to be the corner directly opposite. Now the option on this property has been obtained.

Theatre business here expects an exciting race during the winter between the two great motion picture corporations to outstrip each other in the excellence and attractiveness, as well as speed of erection, of the two big houses across the street from one another.

#### RETURNED TO OWNERS

Rome, Sept. 18.—The 20-mile light railroad from Rome to Tioli, belonging to a Belgian company, which yesterday was seized by the employees of the line, was returned to its owners to-day after the men had been granted an increase in wages.

### REJECT MOTION TO INCREASE RENTALS

Real Estate Exchange Is Asked to Support 25 Per Cent. Increase

At a meeting of the Victoria Real Estate Exchange held last night Frank Burrill moved that the Exchange pass a resolution favoring a general increase in rentals throughout the city of 25 per cent. Although receiving some support Mr. Burrill's resolution fell through, the majority thinking that the scheme, however promising, would not be in the best interests of the realty operators themselves.

In opening the meeting the chairman referred to a motion from C. T. Cross expressing the sincerest sympathy of the Real Estate Exchange with P. R. Brown, senior, in his recent sad bereavement. A wreath is to be forwarded by the Association.

Brief consideration was given to the Realty Operators' License Act, which was classed as being the protection of all concerned.

A lengthy discussion followed on the points raised by the consideration of commissions and charges to be made, but owing to the exhaustive nature of this subject the matter was postponed until further gatherings. In view of the action of owners generally urging on realty men the reception of at least six per cent. return on their investments, it was decided by resolution at last night's meeting that the members of the Exchange do all in their power to meet this request.

President Alfred Carmichael occupied the chair.

### COMRADES DEFEAT FEDERATION MOVE

Say Other Bodies Have Soldiers Who Never Saw Active Service

Schemes for the formation here of one organization to take in all returned soldier bodies fell through last night when the Comrades of the Great War at their meeting unanimously decided that they could consider no such amalgamation.

The question came up in a formal proposal from J. Food, secretary of the Great War Veterans, that delegates be sent from all ex-service organizations to a meeting because "in the interests of the returned men generally and the country at large some form of federation or amalgamation of the existing organizations is desirable."

Members pointed out that the Comrades had nothing to gain by the proposed amalgamation, especially in view of their own impenetrable financial standing as compared with some other organizations.

It was also pointed out that other returned soldier organizations were harboring as members men who have not seen service in an actual theatre of war.

To give formal expression to the attitude of the Comrades a resolution was passed, which says:

"While the Comrades of the Great War are willing to co-operate in any scheme or schemes which are for the benefit of returned soldiers, they being an association composed entirely of men who saw service in an actual theatre of war, cannot agree to consider amalgamation with any other association, but would be willing to accept such individual members of said associations as are eligible for membership."

### BIG CROWDS ATTEND COWICHAN FAIR

Riding and Jumping Events Big Feature of Visitors' Day at Fair

Fine weather and the numerous attractions arranged for the day resulted in a phenomenal attendance to-day at the Cowichan Fair. A splendid programme of riding, jumping and other events drew large crowds from the district and from Victoria. To-night the usual dance will terminate what is considered one of the most successful shows ever held under the auspices of the Cowichan Agricultural Society.

The following awards were made late yesterday afternoon:

**Division 4—Pigs.**

Sow, over twelve months, 1st. W. Waldon; 2nd. W. M. Higgs; 3rd. W. M. Higgs.

Sow, under six months, 1st. W. Waldon; 2nd. W. Waldon.

Sow, under six months, 3rd. Mrs. A. C. Baldwin.

Any Other Pure Bred Boar, over twelve months, 1st. Father Schellen.

Champion Sow, any age or breed, 1st. Agassiz; 2nd. W. Waldon.

Best Bacon or Pork Pig, over 200 pounds, 1st. W. M. Higgs.

Best Bacon or Pork Pig, under 200 pounds, 1st. A. C. Baldwin.

### VANCOUVER REVERTS TO STANDARD TIME

Vancouver, Sept. 18.—This city will revert to standard time at midnight to-night, when daylight saving time adopted last May comes to an end.

### SOLDIERS CONDEMN BOARD OF TRADE

Comrades Join G.A.U.V., Disapproving of Board "Belttling" Harbor Marine

Returned soldiers, members of the Comrades of the Great War Club, meeting last night formally censured officials of the Victoria Board of Trade for their attitude towards delegates from the Harbor Marine Shipbuilding Co., Ltd., who were accused by the Board of perpetrating "an outrageous insult" in connection with their actions before the Hon. C. C. Ballantyne, Minister of Marine and Fisheries.

The soldiers charged the Board of Trade with belittling the character of the delegates from the Harbor Marine yards, and reaffirmed their confidence in the Harbor Marine delegates because of the apology that the Board made to the Minister of Marine.

The Board of Trade was also condemned for holding their meeting behind closed doors and keeping out newspaper reporters.

The resolution was prepared by L. McLeod Gould, secretary of the Grand Army of United Veterans, and on instructions from the G. A. U. V. and after being endorsed by them, sent on to the Comrades to be endorsed.

The resolution was now endorsed by both organizations says.

In view of the fact that the Victoria Board of Trade apologized to the Hon. the Minister of Marine and Fisheries and belittled the character of the delegates from the Harbor Marine Shipbuilding Co., Ltd., this meeting goes on record as strongly disapproving the action of the Victoria Board of Trade and expresses confidence in the said delegates.

Also this meeting strongly condemns the action of the Board in conducting the meeting in question behind closed doors to the press.

#### EXPLOSION AT GENOA

Genoa, Sept. 18.—The police and carabinieri were engaged all last night in a searching investigation to discover the persons responsible for yesterday's bomb explosion at the Stock Exchange here. A number of suspects, including six Hungarian communists, were arrested.

The explosion did some damage to the Exchange, but caused no casualties.

#### DRAGNET IS SPREAD TO TRAP ORIGINATORS OF FRIGHTFUL BLAST

(Continued from page 1.)

**Radical Circulars.**  
New York, Sept. 18.—Receipt by Department of Justice agents last night of five radical circulars, signed "American Anarchist Fighters," which were found in a mail box at Cedar Street and Broadway at 11:55 a.m. Thursday furnished the first tangible clue, they said, to the identity of the persons who were responsible for the explosion in Wall Street.

The circular read: "Remember, we will not tolerate any longer. Free the political prisoners or it will be sure death for all of you."

**"American Anarchist Fighters."**

In making public the circulars which were printed on cheap paper, seven by eleven inches, Chief William J. Flynn of the bureau of investigation of the Department of Justice, called attention to the fact that the bombs sent in the nationwide bomb plot on June 2, 1919, were wrapped in circulars announcing the coming of the revolution and signed "Anarchist fighters."

**Similarity.**

Chief Flynn declared there was a striking similarity between the circulars found after the nation-wide bomb plot in June 2, 1919, and those found in the mail box.

The circulars, he explained, were apparently printed hurriedly with rubber stamps and discrepancies in spelling would indicate they were printed by two different men.

Discovery of the circulars, Chief Flynn said, "makes the plan of the bombers fairly clear."

"They left the wagon with a horse attached in Wall Street, having set the timing device a few minutes ahead," he explained.

They did not want to take a chance of mailing the circulars. They did not want to throw them into the street as they walked away from the scene, so they stuck them in the box. Three minutes later their bomb exploded.

"The fact that the box was empty when the letter carrier visited it at 11:30 and that the circulars were in it at 11:55, so close to the time of the explosion and so close to the scene of it, carries conviction."

"This is one of the most important clues we have, but, of course, identification of the horse and wagon that carried the infernal machine to

# Rinso

Just Soak the Clothes and Rinse!

You do it with Rinso. It's not a cake soap—not a washing powder, but a wonderful new form of soap—in granules—which washes clothes immaculately clean—gleaming white—without either rubbing or boiling. These pure granules are so rich in cleansing value that they loosen the hardest dirt while the clothes soak over night. Yet as mild to the clothes as pure water itself.

### Clean and White Without Boiling or Rubbing

you will be amazed at the simplicity of it—at the ease—at the clothes so clean and white, without all the old-fashioned work. Just give Rinso one trial—that will convince you.

### Try RINSO Next Monday

You'll never believe washing could be so easy, so quick until you have followed the easy directions on the Rinso package. And yeeek after week, with Rinso, you'll see your clothes stay beautifully white, colors bright, fabrics fresh and new.

Are the **SHINGLES** on...  
your home adequately...  
protected?

**SHINGOLEEN**  
A Sapco Product

gives utmost protection...  
against the ravages of Rain,  
Sun and Frost; also  
Sparks.

The present cost of cedar shingles is alone sufficient reason why home owners should take every precaution for their adequate protection. This applies even more to roof shingles than to those on the sides of the house. In spite of the fact that the exposure of roof shingles is infinitely greater than that to which the shingles of the sides are subjected to, most people are content to put any cheap preparation on the roof. The result is that the shingles are soon in a dilapidated condition and are ready to burst into flame with the first live spark that settles on them. Users of SHINGOLEEN testify that it is far more durable in every way than ordinary shingle stains. It goes further too.

Sold in fourteen desirable colors.

## YARROWS COMPLETES UNIQUE PROJECT

Aeroplane Becomes "Change-  
ling" and Takes the Air  
As a Seaplane

Flying for over the year as an aeroplane of the J N 4 Curtiss type, the aircraft of the V. I. Aerial Service, Ltd., has now been successfully turned into a seaplane by Messrs. Yarrows, Ltd. The project of designing and manufacturing floats for the initial time here on the coast is a feat that is peculiar to the history of western aviation.

The Curtiss corporation have designed floats for that type of machine but did not advocate their use to any extent. W. H. Brown, the part owner and pilot of the machine, states that the floats as now adjusted are the most successful metamorphosis that could be wished, and that the "CABU," as she is registered in Air Board listings, is functioning more successfully as a seaplane than ever before as an aeroplane.

Since the Curtiss machine passed into the hands of Messrs. Brown and Goddard of the present concern it has flown over 500 hours, mostly up the east coast of the island, with

HALIFAX SHIPPING APPLES.  
Halifax, Sept. 18—Heavy shipments of apples are being made from Halifax this season. The Furness liner Lexington, which sails for London to-day carries 14,000 barrels. This is the largest shipment of the season.

## FREIGHT HANDLERS JOIN STRIKING CREWS

Port Arthur, Ont., Sept. 18.—At 1 o'clock this morning after a good breakfast the crew of the Northern Navigation steamer Huronic walked off the ship and went on strike with other seamen on the lakes. They have previously refused here and at the Soo to take this action. The strike seems to have infected the freight handlers on the docks and practically none have reported for work to-day. They are unorganized and are in no way connected with the seamen's union. Shipping here is practically at a standstill.

## KASHIMA MARU DUE TO-MORROW

The N. Y. K. liner Kashima Maru will arrive here to-morrow afternoon from Yokohama and Chinese ports, with 32 cabin and 43 steerage for Victoria and 269 passengers for Seattle. The Kashima is carrying 345 tons of general freight for this port and a large cargo of some thousands of tons for Sound ports. After unloading here the Kashima is expected to clear for Seattle to complete her run some time during Sunday week.  
M. Abe, president of the Canadian Japanese Association, Vancouver, is on board, and Mrs. Shimidzu, wife of the Japanese Consul-General at Ottawa.

V. I. Aerial Service Curtiss machine, with pontoons attached. Crew on board taking off for Prince Rupert, which flight was accomplished in ten hours from Esquimalt.

numerous trips across the Gulf and Sound. Traveling at an average rate of 40 miles per hour, the machine has covered a distance of 39,000 miles in the air over B.C. points, and has not yet met with the slightest accident.

After completing a season of general passenger and business aviation, the pilot and his partner have now taken the seaplane north to Prince Rupert where the fall will be spent in flying miners and prospectors into their lonely posts in the interior of the lakes of the island. The aerial camera that has been used extensively this summer, turned out some remarkably fine work, states Mr. Brown, and is becoming in great demand by timber cruisers and logging concerns. If the weather holds fair, the operators of the only aircraft now actively engaged on the Canadian side of the Pacific Coast will have all the work they can handle for the next three months.

The S.S. Governor clears for San Francisco and southern points at 5 p. m. to-night. A large number of vacationists are returning to their homes in the south by the Governor.

## RESULTS IN OLD COUNTRY FOOTBALL

London, Sept. 18.—(Canadian Associated Press)—League football games played here this afternoon resulted as follows:

First Division.  
Bradford, C. 0. Huddersfield T. 2; Chelsea 1, Manchester U. 2; Everton 3, Derby County 1; Manchester C. 3, Arsenal 1; Middlesbrough 0, Burnley 0; Oldham A. 0, Liverpool 0; Preston N. E. 3; Newcastle U. 2; Sheffield U. 2, Bradford 0; Sunderland 2, Blackburn R. 0; Tottenham 1, Aston Villa 2; West Bromwich A. 2, Bolton W. 1.

Second Division.  
Barnsley 1, South Shields 1; Birmingham 1, Cardiff C. 1; Bristol City 2, Hull City 1; Bury 3, Wolverhampton 1; Clapton O. 5, Stockport C. 0; Coventry C. 0, Blackpool 2; Leeds U. 3, Leicester C. 1; Notts College 2, Nottingham F. 0; Rotherham C. 1; Port Vale 1, Stoke 0; Sheffield Wednesday 1, Westham 2; Fulham 0.

Third Division.  
Brighton 1, H. A. Brentford 0; Crystal Palace 1, Norwich C. 0; Grimsby Town 2, Bristol Rovers 1; Merthyr 6, Gillingham 1; Millwall A. 2, Exeter C. 0; Newport C. 0, Plymouth A. 4; Portsmouth 0, Southampton 1; Reading 1, Queen's Park R. 0; Swansea 1, Luton 1; Swindon 3, South End U. 0; Watford 7, Northampton 1.

Glasgow, Sept. 18.—(Canadian Associated Press)—The Glasgow Cup games played here to-day resulted as follows:

Celtic 2, Rangers 1.  
Clyde 1, Partick 0.  
Albion Rovers 1, Company 0.  
Ayr United 0, Hearts 0.  
Clydebank 1, Airdrie 2.  
Dundee 2, Third Lanark 1.  
Hamilton A. 3, St. Mirren 0.

Morton 0, Aberdeen 1.  
Queen's Park 0, Motherwell 0.  
Raith Rovers 2, Kilmarnock 0.

## MARINE NOTES

The B. C. Coast service Princess Royal will run as special on Sunday night to Vancouver, leaving the P. R. dock at 11:45, to accommodate the week-end passengers to the mainland. The Maquinna will be a day late on schedule this trip, having dropped a day in port on the last journey.

One of the four oil tankers building for the Imperial Oil Company will be named after this port, being called the Victrolite. The Vancolite, Calgaitie and Alberite are the other vessels, building, all of which will be put in service on this coast.

The Princess Victoria was hauled out on the ways at Yarrows, Ltd., yesterday evening at 5 p. m. to undergo cleaning and painting below the waterline. While on the cradle the Princess Victoria will have a new foremast stepped to replace the old one now in need of attention. The oil tanker El Lobo is still undergoing repairs and will be in the hands of the Esquimalt shipping firm for the next few days.

## ROUMANIA RATIFIES PEACE COVENANT

Washington, Sept. 18.—The State Department was advised to-day that Roumania had deposited its ratification of the Peace Treaty, bringing the number of signatories up to 26.

Big Herd On Way Here.—At a late hour to-day Alderman George Sangster, Secretary of the B. C. Agricultural Association and Manager of the Association's Fall Fair, was notified that Mrs. Bull and her son, of Brampton, Ontario, were bringing a big herd of Jersey cattle to the Willows for the exhibition which will open Monday. The cattle recently were imported from the island of Jersey.

In Japan it is no uncommon sight to see women smoking, the most of them beginning the habit when they are about ten years of age.

## OFFICIALS CHOSEN FOR OCTOBER VOTE

Returning Officers For Plebiscite Recommended To Lieutenant-Governor

Under the provisions of the Temperance Plebiscite Act the Oliver Cabinet has now recommended the undermentioned citizens to be returning officers for the approval of the Lieutenant-Governor:

Alberni, George Huff; Atlin, Harry C. Andrew; Cariboo, William Edgar; Ekins, Chilliack; Robert Marshall; Columbia, Archibald M. Langlands; Comox, John J. Weir; Cowichan, Edward Fleming Miller; Cranbrook, Thomas M. Roberts; Delta, Fabian Hugh; Dewdney, Hector Ferguson; Esquimalt, Henry Hearn; Fernie, David James Black; Fort George, Ernest Sturrock Peters; Grand Forks, Robert Campbell; Greenwood, William Lakeland; The Islands, Gilbert Patrick Heinekey; Kamloops, Alexander Blake Hogg; Kaslo, Henry Treby Heale; Lillooet, Samuel Gibbs; Nanaimo, Herbert Clyde Shaw; Nelson, James O'Brien; Newcastle, David Gourlay; New Westminster, Robert Bryce Brown; Omineca, Alfred John Ward; Prince Rupert, Edward H. Mortimer; Revelstoke, Frederick Borden Hill; Rossland, George Urquhart; North Okanagan, Douglas C. Toek; North Vancouver, T. S. Brown; Saanich, Norman Wm. Whitaker; Similkameen, Percy Edward Rowlands; Slooten, H. W. Herridge; South Okanagan, Major Ernest J. McGuire; South Vancouver, Franklin J. Russell; Trail, Donald McDonald; Victoria, Major Edward O. Carey-Martin; Yale, Arthur F. Carrington; Richmond, Albin Chamberlain.

The names of the Vancouver returning officers have yet to be selected.

Change of School Hours.—The Board of School Trustees of Oak Bay announces that from Monday the two public schools in the district will extend the school noon interval to one hour and a quarter from sixty minutes.

False Pretences is Alleged.—Arthur P. Parkin appeared this morning in the city police court on charges that he had obtained \$200 from the Canadian Bank of Commerce by means of two cheques on the Vulcan, Sask., branch of the bank, where he is stated to have claimed to be employed. In the absence of City Prosecutor Harrison, Parkin reserved his plea, and was remanded until Monday on \$2,000 bail in two sureties. R. C. Lowe is defending the accused.

Supplies For Tea Room.—It is requested by the ladies of the Kings Daughters and the Imperial Order of the Empire that contributions towards the lunch and tea rooms, which they are jointly operating in the Women's Building at the Agricultural Fair grounds during the Victoria Exhibition, may be delivered direct to the building in care of Mrs. C. F. Gardiner. Fresh flowers and offers of volunteer help will also be greatly appreciated. The latter should be communicated by telephone to Mrs. Willis Dean, convener.

Admits False Pretences.—Charged in the city police court this morning with having obtained a lady's suit valued at \$24.95 from Mallek's ladies' clothing store on Yates Street by means of a worthless cheque, A. L. Coleman pleaded guilty and elected summary trial by Magistrate Jay. He was arrested yesterday afternoon at the Empress Hotel, and among his effects were papers which induce the local police to believe they have made an important capture. On request of Deputy Chief Palmer the case was remanded until Tuesday to permit of further inquiries.

## TAKE ISSUE WITH TORONTO MEN OVER GENEROUS TREATMENT

Comrades Here Declare Eastern Action "Dangerous and Detrimental"

Openly asserting that in passing a resolution "expressing complete satisfaction with the generous treatment of returned soldiers and dependents by the present Government," the Army and Navy Veterans of Toronto are guilty of "dangerous and detrimental" action, comrades of the Great War here last night denounced the motives of the Toronto body as "uncomradely and unjust," and telegraphed protests to the Toronto Globe and Toronto Telegram about it.

The comrades also decided to put it up to the Victoria branch of the Army and Navy Veterans and give them an opportunity to express their views on the gratuities question and say whether they agree with their Toronto members.

In a formal resolution the comrades state:

"The Toronto branch of the Army and Navy Veterans Association through political influence or otherwise, have allowed a resolution passed by that body to appear in the public press throughout the Dominion, the resolution expressing complete satisfaction regarding the generous treatment of returned soldiers and dependents by the present Government."

"Such action on the part of that association is considered to be dangerous and detrimental to the honest efforts of other organizations. The comrades of the Great War, Victoria branch, go on record as strongly denouncing the motives of the aforementioned body as uncomradely and unjust and we strongly urge the general public through the medium of the press to ignore any such tactics adopted by an association of a comparatively small number of ex-service men of the Great War."

Copies of this statement are to be sent to other soldier organizations.

Arthur Johnson, son of Mr. and Mrs. Dale Johnson, Fort Street, has been chosen from the boys of the Naval Brigade to sail on the Canadian Winner when that ship puts to sea. He ships as a cadet, being only fifteen years of age.

### BRIEF LOCALS

Meeting at Nurses' Home.—The meeting of the Alumnae of the Graduate Nurses of the Jubilee Hospital will be held on Monday, at the Nurses' Home, Jubilee Hospital, at 9 o'clock.

To Committee To-Morrow.—The Sunday School of the Church of Our Lord, Humboldt and Blanshard Streets, is changing the hour of its session to 2:30 p. m. the gathering for the Summer months have been held in the morning.

The Late Mrs. Brown.—The late Mrs. P. R. Brown, whose death was reported yesterday, has one sister, Mrs. S. E. Nicol. Her name was not given to the Times with those of other immediate relatives. The funeral of Mrs. Brown is set for Monday.

Favor O. B. U. Coming In.—Admission of representatives of the One Day Union to the Soldiers' Labor Council was approved last night by the Comrades of the Great War. The Comrades also decided to pay the entrance fee of \$10 and \$5 a month to the Council.

City Engineer Goes East.—City Engineer F. M. Preston left for Montreal last night to consult in connection with the Canadian Pacific Railway Company concerning the new Johnson Street Bridge plans. Mr. Preston expects to return during the first week in October, after arranging various matters in connection with the bridge.

Must Bring Women.—Wives, sweethearts and girl friends are requested to accompany all members of the Comrades of the Great War to the social mobilization at the Club, Monday night, under the Ladies' Auxiliary. There will be entertainment for all members in the main rooms down stairs. For the younger members there will be dancing in a room upstairs.

G. W. V. A. Smoker To-night.—The regular Saturday night smoking concert will take place to-night at the G. W. V. A. Clubrooms at 8 p. m. A very fascinating programme has been compiled by Comrade Jack Neary, the manager of the institution, who will stage and conduct all the Saturday night smokers in the future. All ex-service men are cordially invited.

Give \$100 For Comrades' Graves.—Mr. Mortimer Appleby, 1138 1/2 McClellan Street, convenor of the Soldiers' Graves Committee, I.O.D.E., last night for the Municipal Chamber of Commerce, stated that the graves of the Comrades of the Great War "thanks and deep appreciation for their splendid donation of \$100 to the I.O.D.E. Soldiers' Graves Fund" and to assure them that the graves of their comrades will be finished as soon as possible.

To Become Canadian.—Mrs. Amy Acton Clayton, of 709 Discovery Street, applied to Judge Lampman's court today for Canadian naturalization. She stated that she was born at Stalybridge, Lancashire, Eng., in January, 1888. She came to Canada in June, 1889, for the last five years she has lived in Victoria. Oswald Barton, registrar, asked her to appear before the public court in January.

Have Another Officer.—Comrades of the Great War last night decided to have a second vice-president. They amended the by-laws accordingly and elected J. L. Mason to the office. Comrade Jackson was elected to take Comrade Mason's place as chairman of the Finance Committee. New members were elected as follows: C. H. Todd, C. N. Detford, J. T. Forsythe, R. H. Lott and A. H. Collis.

The Amateur Sport Trouble.—After looking carefully through the rules of the Amateur Athletic Union, the local board of the B. C. A. A. U. in suspending certain amateurs, had overlooked a certain rule which allows amateurs to compete with professionals. The clause in question probably will be used extensively in the controversy which appears to be looming up in the local athletic world.

Brave Constable Weds.—Constable Robert Owens, of Provincial police headquarters, known as perhaps the most daring police officer in this district, was quietly married last Monday to Mrs. Costin, by the Rev. Dr. John Campbell, at his home. Constable Owens has gained fame because of his bravery in the arrest of a number of desperate characters. Constable Owens was in France with the Canadian artillery. Mrs. Costin has extensive property interests in this city. She is also part owner of the Four-Mile Hotel. They are honeymooning in Vancouver and Seattle until a week from next Monday.

Parking Bylaw in Force.—The police to-day commenced the en-

## A WOMAN WHO HELPS WOMEN

I know your need for sympathy and

And the treatment that gives me health and strength, new interest in life, I want to pass on to you, that you too, may enjoy the priceless boon of health.

I am a woman.

What I have suffered for far better guide than any doctor's prescription. Write and tell me how you feel and I will send you ten days' FREE trial of a home treatment to meet your individual needs, together with references to women in Canada who have passed through your trouble and regained health—or you can secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head or back, obstinate constipation or piles, pain in the sides, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, weakness, hot flashes, salivary complications, dark circles under the eyes, or a general feeling that life is not worth living, I invite you to send to-day for my complete ten day treatment entirely free and postpaid to prove to yourself that there is a way out of your trouble. Write to me in your own home, without the expense of hospital treatment or the dangers of an operation. When you have been benefited, I shall only ask you to send the good word along to some other sufferer. My home treatment is for all, young or old.

**MRS. M. SUMMERS,**  
Box 901 WINDSOR, ONT.

forcement of the by-law governing the parking of automobiles on certain streets in the business section of the city. For the next few days it will be the general practice to issue warnings to offending motorists, but owners of cars hereafter left standing at an angle to the curb on other than Douglas and Johnson Streets in the restricted zone are liable for prosecution. Streets east of Douglas are not affected except outside theatres and churches, where restrictions apply when shows or services are taking place.

Navy League Gets \$1,000.—The Navy League has received its check for \$1,000 from the Provincial Government. H. F. Helmsing, secretary of the British Columbia Division of the League, said that the money will be used entirely for financing educational work of the League in the schools of the Province, financing essay competitions, buying slides and pictures and books for the pupils.

Langford G. W. V. A.—The Langford branch of the G. W. V. A. will hold a military drill at the Assembly Hall, Langford, on Monday evening at 8 o'clock. Prizes will be given. Automobiles to Langford will leave the Douglas Hotel.

Vernon Free From Crime Chief.—Constable G. A. Carter of the Provincial Police, 1st division, has a short stay in this city this morning. That Vernon is maintaining with undiminished lustre its reputation of being one of the most law-abiding districts in the Province.

Grand Army of United Veterans.—There will be a general meeting of the Grand Army of United Veterans in the Knights of Pythias Hall next Monday, September 20, starting at 7:45 p. m. There will be no meeting on the following Monday, September 21, as it is felt that many members will wish to take advantage of the presence of the Hon. Mackenzie King to hear the Leader of the Opposition outline his policy. On Monday, October 4, there will be a meeting to which members are invited to bring ladies; it is hoped that many ladies will take advantage of this invitation so that the nucleus of a Ladies' Auxiliary may be formed.

Mrs. Lash, who has been seriously ill for some time at St. Joseph's Hospital, has recovered sufficiently to be able to return to her home.

## LUNCHEON TO TARIFF COMMISSION SET FOR WEDNESDAY

The complimentary luncheon accepted by Sir Henry Drayton, Hon. Senator Gordon Robertson and Hon. S. F. Tolmie, will be given by the citizens of Victoria in the Empress Hotel ballroom on Wednesday, Sept. 22, at 12:30 o'clock, and will be under the auspices of the Board of Trade, with the co-operation of the Canadian Club, the Kiwanis Club and the Rotary Club.

Tickets can be obtained upon application at the office of the Board of Trade; the Board of Trade Reception Committee, J. F. Scott (Sam M. Scott & Co.), William Agnew, Rockland Avenue, Beaumont Borge (Day & Borge), Fort Street; A. C. Flumme, 723 Fort Street; W. S. Terry (Terry Brothers), Kiwanis Club; Walter Walker & Son, Fort Street; Rotary Club, Capt. T. J. Goodale, Winch Building; T. N. Hibben & Co., Government Street; office of The Times, Fort Street, and office of The Colonist.

### PRESENT CUP FOR BEST HOLSTEIN

A handsome silver cup for the best female Holstein shown in the B. C. Agricultural Association's Fall Fair, which will commence at the Willow Monday, has been donated by the Bank of Commerce, it was announced to-day. Keen rivalry for this trophy is expected, as twelve herds have been entered. Indeed, none of the best Holstein cattle as well as other breeds in the western part of the continent are to be exhibited at the fair.

### OBITUARY RECORD

The remains of Mrs. Isabella McArthur were laid to rest in Rose Bay Cemetery yesterday afternoon. Service was conducted in the B. C. Funeral Chapel at 2:30 o'clock. Rev. Dr. Walker officiating. There was a very large attendance of friends and a beautiful floral offering covered the casket and hearse. The hymns sung were "Abide With Me" and "Nearer My God, to Thee." The following acted as pallbearers: H. F. Bishop, George McCandless, J. L. Grimson, P. W. Vincent, A. Banister and A. McNiver.

**Read My FREE Offer!**  
To Mothers and Daughters I will explain a simple home treatment which speedily and effectively dispels headaches and lassitude in young women and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember I cost you nothing to give you my home treatment. Complete ten day trial, and if you wish to continue it costs only a few cents a week to do so, and it does not interfere with one's daily work. Write and ask for the free treatment to-day as you may not see this offer again.

## FINE DISPLAY AT Sooke Fall Fair

Entries to Be Shown at Victoria Exhibition; Dance To-night Closes Event

An excellent gathering of exhibits marked the Sooke Fall Fair opened yesterday at Sooke by President J. C. Bendary of the Victoria and Island Development Association.

Garden produce of an unusually high standard formed the main portion of the display, but the collection of fancy work, cookery and preserves shown by the ladies of the district made a strong bid for the honor of being the major attraction. Impressed was Mr. Bendary with the display that he recommended it be transferred as a unit to the Victoria Exhibition and a permanent place be placed in the offices of the Development Association. His advice being accepted, the evening was passed in preparing the entries for transportation to the city to-day.

Every Resident Present.

In celebration of the resumption of the fair, which has not been held since the outbreak of the war, the residents of the district will this evening hold a dance at the Sooke Harbor Hotel as a closing event to the most successful re-union held in the district for many years past. It was generally expected that the Fair that the event had brought out an attendance of practically every person living in the district, besides attracting a number of interested visitors from Victoria and several of the other communities of southern Vancouver Island.

The prize winners in the various classes were:

Special demonstration by Bapco test of milk from J. C. Cooke's cow. This cow yielded six per cent. an exceptionally fine result.  
Poultry (for table), dressed fowl—1, Mr. Locke; 2, W. M. Higgs; 3, A. Kohout.  
Dressed broilers—1, Mr. Locke; 2, A. Kohout.  
Eggs, dozen best eggs (brown)—1, Mrs. J. A. Murdock; 2, Mrs. J. S. Murray; 3, Mrs. C. Richardson.  
Dozen best marketable eggs (tinted)—1, Mrs. A. Kohout.  
Dozen best marketable eggs (white)—1, Mrs. J. A. Murdock; 2, Mrs. J. S. Murray; 3, Mrs. V. Richardson.  
Dozen best preserved eggs—1, Mrs. V. Richardson.  
Butter, best 4 pounds in prints—1, Mrs. J. A. Murdock; 2, Mrs. A. Kohout; 3, Mrs. A. Gillespie.  
Honey, best section of honeycomb with honey—1, A. Campbell.  
Jar of purest honey (8 ounces)—1, A. Campbell.  
Grains, Autumn white wheat—1, Mr. Milne.  
Poultry, rough—1, Mr. Milne.  
Oats, white—1, Mr. Macnamara.  
Sample of oat hay—1, Dr. R. Felton.  
Sample of alfalfa—1, Mrs. Sutherland.  
Turnips, 4 Swedes for cattle—1, Messrs. Glitz Brothers; 2, J. C. Cooke; 3, Dr. R. Felton.  
Turnips, purple—1, Messrs. Glitz Brothers; 2, J. C. Cooke; 3, Dr. R. Felton.  
Mangold Wurzel, 5 yellow globe—1, J. C. Cooke; 2, J. C. Cooke.  
Long red—1, G. Cooke.  
Golden tankard—1, J. C. Cooke.  
Field carrots, 5 long red—1, A. Gillespie; 2, Dr. R. Felton.  
Six intermediate whites—1, J. A. Murray; 2, A. Gillespie; 3, Dr. R. Felton.  
Cabbage, 2 heaviest heads for cattle—1, Dr. R. Felton.  
Pumpkins, 2 largest—1, Mrs. J. Seward; 2, Dr. R. Felton.  
Kail, thousand-headed (not in pots)—1, Dr. R. Felton.

Garden Produce.

Cabbage, flat—1, W. M. Higgs; cone, 1, W. H. Anderson; 2, Mr. Fery.  
Savoy, 2 best—1, Dr. R. Felton.  
Brussels sprouts—1, W. M. Higgs.  
Cauliflowers—1, W. M. Higgs; 2, Mr. Fery.  
Vegetable marrow, green—1, G. Cooke; yellow—1, Dr. R. Felton; 2, T. Black; 3, J. C. Cooke.  
Plate of 12 plums—1, Mrs. Gent.  
Plate of any other fruit, sugar prunes—1, H. Anderson; damsons—2, J. Coverdale.  
Dish of fruit, mixed—1, Mrs. J. S. Murray; 2, J. Coverdale.  
Pears—1, J. Coverdale.  
Plums—2, J. Coverdale.  
Blackberries—1, C. Richardson; 2, J. A. Murray.  
Plate of peaches—1, A. Gillespie.

Exceptionally fine box of geraniums kindly loaned by Mrs. Murray.

Fern in pot, by Mrs. J. S. Murray.

Excellent Oriental exhibits by Mrs. Glitz.

Embroidery, loaned by Mrs. G. Hopkins.

Variety of grains in head, oats, wheat and rye.

Stag's heads, loaned by Mrs. Gent and Mrs. Seward.

## HUNTERS LEAVE FOR OPENING OF SEASON

Victoria's business population was sadly depleted to-day by the departure of hundreds of hunters for the woods for the opening of the blue grouse and deer season to-day. Up-land trains were jammed with sportsmen and their dogs to-day, while the Provincial Police Department was fairly overwhelmed with applications for gun licenses.

Mayor Porter, one of the keenest sportsmen on the island, led the hunters in the invasion of the game haunts. His Worship slipped quietly away from the cares of public life this morning and disappeared, hoping to come back prepared for the strenuous duties which he must perform in connection with the Fall Fair next week.

## BIG COLWOOD GOLF CONTEST TO-MORROW

The final match for the city golf championship and the Sayward Cup will be played at the Colwood golf links to-morrow morning, at ten o'clock between Mr. Thomas Colwood and Mr. Price, United Services.

Large numbers of interested spectators have been following the competition. Mr. Price was successful in the semi-final, which had to be replayed owing to a technicality. B. Wilson, of the Oak Bay Golf Club, was the previous winner.

## HEAR the Sonora at this store to-day and judge it critically.

The beautiful lines of the Sonora will appeal to you, rap the sides of the Sonora cabinet and you will note that its woodwork is both solid as well as beautiful.

But listen to the magnificent tone of the Sonora. The musical ear will at once notice the total absence of "surface noise," so objectionable a feature when poorly constructed instruments are playing.

The Sonora plays all makes of records, is moderately priced, can be purchased on convenient terms.

### Sporting Heads, Stirred By Present Trouble, Plan To Meet to Take Action

**Prominent Athletes Intend to Hold a Meeting Next Week to See What Can Be Done; Baseball League Also Taking Up Question Arising Out of Amateur Union's Action In Suspending Players; Big Storm In Sport World.**

With the local sport world in the throes of tremendous excitement over the recent action of the local board of the B. C. Amateur Union in suspending a number of local athletes, plans are going forward for a meeting of Victoria sportsmen to register protest and perhaps go further in the matter, it was learned to-day. A number of prominent local sportsmen, greatly stirred by the recent developments, have been asked to get together some time next week and do something that will prevent any action in the future like that taken by the Amateur Union the other night. While various rumors are afloat in sport circles, it is impossible to say just what the intention of these gentlemen is, but they insist that they are going to do something that will have a far-reaching effect upon amateur sport here.

**Caused a Stir**  
As a matter of fact, the Union's action, whatever its merits may be, certainly has caused the greatest storm that has occurred in amateur athletics here for years. As remarked in these columns before it is impossible to foresee what may happen in some quarters it is openly predicted

that the amateur union has started something it can't finish and that it may never recover from the reaction which its action has had upon local amateurs. Open defiance is being voiced by various clubs. The Elks baseball team is determined, in defiance of the union, to play against the Vancouver champions this afternoon. The rugby men of the city are going to meet to do something in the matter, as the union's ruling affects several star rugby players, and an announcement was made to-day that the Amateur Baseball League also is going to take some action.

**Tenders Resignation**  
Announcement was made last night that, to add to the general confusion, Harry Boyd, the newly-elected secretary of the local branch of the Amateur Union, had tendered his resignation, declaring that he was not in sympathy with the amateur rules, which, as secretary, he would have to enforce. Mr. Boyd declares that the officials of the union in suspending the players in question, merely were doing what they were bound to do, and that the amateur rules, whether they were in sympathy with them or not. Indeed, it is no secret that probably a majority of the Amateur officials are not in sympathy with the rules, but feel that as long as they remain in office they must enforce them. Altogether the stage is set for something big within the next week or so.

A meeting of the Victoria Amateur

### BROOKLYN MAKES PLANS TO PLAY WORLD'S SERIES

New York, Sept. 12.—Brooklyn, with a comfortable lead in the National League race, prepared to make it three straight from Cincinnati in the final game of the series at Ebbetts Field to-day. The Reds' defeat yesterday and New York's victory over Pittsburgh, caused Cincinnati to drop to third place.

Owner, Ebbetts, of Brooklyn, has already commenced tentative preparations for the world's series, and has ordered new uniforms for his players. If Brooklyn breaks even in their remaining ten games, the Giants, in order to win, would have to capture all the remaining fourteen games, while Cincinnati would have to win sixteen out of seventeen games.

Baseball League will be held at eight o'clock Tuesday evening at the Elks club to wind up the financial affairs of the organization, and also to deal with the drastic action of the local branch of the B. C. A. A. U. in suspending two of the teams for playing with Walter Gravin.

Members of the amateur league are at a loss to understand why this action was not taken before the Elks were declared champions. Walter Gravin, about whom the row centers, was played on July 15 or thereabouts. When the Elks went to Vancouver on Saturday last, the only communication sent from the local branch of the B. C. A. A. U. to the Provincial baseball officials was a telegram notifying them that Gravin was a professional and not to play against him. Elks' officials state no hint of a suspension of any team or professionalizing the members was given. It is claimed. What has happened since last Saturday is what keeps the baseballers guessing, and as President Warren of the B. C. A. A. U. is also president of the Amateur Baseball League, it is hoped to clear up this phase of the question on Tuesday, and dispose of various rumors.

### JOHNSON COMMENCES PENITENTIARY TERM

**Failed to Appeal Sentence of  
One Year and \$1,000  
Fine**

Chicago, Sept. 12.—John Arthur (Jack) Johnson, former world's heavyweight pugilist champion, failed to-day to appeal from his sentence of one year and one day in Leavenworth and a fine of \$1,000 for violation of the Mann Act.

Johnson, in custody of a deputy marshal, will leave Chicago at 6 o'clock to-night on the Atchafalaya and Santa Fe railroad for the Kansas penitentiary, to begin serving his term.

The former champion and his attorney appeared before Judge George A. Carpenter this morning to file a writ of error and appeal the case, but was assured by the court that Johnson would be released on his liberty under pending hearing of the appeal.

**EDNA CURRY GETS  
CUP FOR WORK IN  
BIG TIMES' RACE**

In recognition of her plucky performance in the Daily Times long-distance race recently, Edna Curry has been presented with a beautiful silver cup by a charter member of the Association who, however, preferred to remain anonymous. The presentation was made at the Association's big banquet the other night and was greeted with tremendous applause.

Approximately \$20,000 in prize money, the largest amount yet offered to horsemen in the history of thoroughbred racing in Western Canada for a seven days meeting, will be awarded to winning owners at the Willows next week, when the "sport of kings" is revived in Victoria.

Announcement to this effect was made this morning by officials in charge of the affair. H. M. Fullerton, who returned to the city to-day after a week's visit to Vancouver, where he conferred with the horsemen, stated that a strong effort is being made to make the "comeback" of racing on the Island a record-breaker in every respect. "Vancouver established a new mark at the Brighthouse Park meetings this summer when at least \$300 was awarded to the winning owners in each race," he declared, "but Victoria is prepared to go even stronger and no purse valued at less than \$350 will be offered for competition."

Continuing, he pointed out that the larger the amount of prize money offered the keener the competition among the horsemen, so it is practically certain that the Willows meet, which will be staged in connection with the Provincial Exhibition, will be an unequalled success. Mr. Fullerton also stated that there would be more than a hundred horses in attendance and that the total number may exceed six score.

At least forty ponies are still at Hastings Park and it is expected that all of the owners now on the Lower Mainland will ship here not later than Saturday or Sunday. The races at the Vancouver Exhibition have been postponed three days out of four and this is given as the reason for the delay.

### SISLER TOPPING BATTING COLUMN IN THE AMERICAN

**Breaks Tie With Speaker;  
Ruth Hits in Fourth Place,  
But Leads in Runs**

Chicago, Sept. 12.—George Sisler, the St. Louis star, broke the tie which he shared last week with Tris Speaker, the Cleveland manager, and is topping the American League batting column with an average of .359, according to averages released to-day and which include games of Wednesday. Speaker is seven points behind with an average of .352, while Joe Jackson, the slugging outfielder of the Chicago White Sox, stands third with a mark of .348.

"Babe" Ruth of the New York Yankees, the home-run marvel, who is hitting in fourth place with an average of .372, cracked out three home runs since Wednesday a week ago and brought his string of circuit drives to 49, one less than the mark set out to reach when the season started. He also carried his total base record to 347 and is far in front in the number of runs scored, having registered 147 times. Rice, of Washington, safely leads the base-stealers with 51 thefts to his credit.

Other leading batters for 75 or more games:  
E. Collins, Chicago, .365; Meusel, New York, .339; Judge, Washington, .332; Jacobson, St. Louis, .337; Rice, Washington, .335; Weaver, Chicago, .332; Felsch, Chicago, .331; Tobin, St. Louis, .331; Hendrix, Boston, .331.

**Nicholson Strikes Slump**  
Nicholson, of Pittsburgh, struck a slump in his batting during the past week, while Roger Hornsby, of St. Louis, got into hitting stride. The former dropped a few points but continued to head the National League batters with an average of .371, while Hornsby, by gaining a few points, brought his average up to .369. The rest of the leaders remained practically unchanged. Hornsby increased his total base record up to 277, while Banerhoff, New York, increased his string to 44.

Williams, of Philadelphia, failed to add to his home run total of 14 and Carey, of Pittsburgh, failed to add to his stolen base record. He has stolen forty-eight bases.

Other leading batters:  
Young, New York, .348; Rousch, Cincinnati, .342; J. Smith, St. Louis, .329; Wheat, Brooklyn, .323; King, New York, .319; Hollocher, Chicago, .318; Stock, St. Louis, .316; Williams, Philadelphia, .312; Konetchy, Brooklyn, .312.

Detroit, Mich., Sept. 12.—Everett Scott, Boston American shortstop, added the 66th to his string of consecutive games played, when he appeared in the Boston lineup for three and one-third innings in yesterday's game with Detroit before being banished from the field by Umpire Owen for protesting a decision.

**\$20,000 PRIZE  
MONEY AT RACE  
MEET IN CITY**

No Purse Valued at Less Than \$350 to Be Offered In Willows Races

Approximately \$20,000 in prize money, the largest amount yet offered to horsemen in the history of thoroughbred racing in Western Canada for a seven days meeting, will be awarded to winning owners at the Willows next week, when the "sport of kings" is revived in Victoria.

Announcement to this effect was made this morning by officials in charge of the affair. H. M. Fullerton, who returned to the city to-day after a week's visit to Vancouver, where he conferred with the horsemen, stated that a strong effort is being made to make the "comeback" of racing on the Island a record-breaker in every respect. "Vancouver established a new mark at the Brighthouse Park meetings this summer when at least \$300 was awarded to the winning owners in each race," he declared, "but Victoria is prepared to go even stronger and no purse valued at less than \$350 will be offered for competition."

Continuing, he pointed out that the larger the amount of prize money offered the keener the competition among the horsemen, so it is practically certain that the Willows meet, which will be staged in connection with the Provincial Exhibition, will be an unequalled success. Mr. Fullerton also stated that there would be more than a hundred horses in attendance and that the total number may exceed six score.

At least forty ponies are still at Hastings Park and it is expected that all of the owners now on the Lower Mainland will ship here not later than Saturday or Sunday. The races at the Vancouver Exhibition have been postponed three days out of four and this is given as the reason for the delay.

Entries for the opening events next Tuesday will not close until Monday at noon. Special arrangements have already been made so that a complete list of the probable starters for all events opening day will be available the same evening at any of the city cigar stands.

### Hockey Prospects Rosy, Says Lester Patrick on Return from Eastern Trip

**Not Worrying About Threatened Raid By New Hockey League; Victoria Fans Can Look For Thrilling Season This Year, Though Sagacious Old Manager Silent Regarding New Players.**

Highly satisfied with the prospects of the coming hockey season, though shrewdly declining to make public the dope on the team he will use this Winter, Lester Patrick returned to Victoria yesterday afternoon after a trip to the East.

"No, I intend to follow out our usual policy of remaining mum as far as hockey players are concerned, until later on," Patrick remarked with a smile on being questioned by the Sporting Editor of The Times to-day. "I don't mind saying this, however, we have established a high standard of hockey on the Pacific Coast—this is our tenth season at it—and we certainly intend to keep faith with the fans and provide the same brand of hockey as hitherto." He firmly declined, however, to give out anything for publication regarding probable personnel of coast hockey teams this season, but his remarks left no doubt that the fans can look forward to a Winter of thrills.

### MAN O'WAR ACCEPTS CHALLENGE FOR BIG \$50,000 HORSE RACE

Montreal, Sept. 12.—Commander J. K. L. Ross last night received a telegram from A. M. Orpen, general manager of the Keenworth Jockey Club, Windsor, Ont., to the effect that Louis Fuestel, trainer for Samuel D. Riddle, had accepted for Man o'War the challenge to meet Sir Barton and Exterminator in a mile and a half race there on some date yet to be fixed between Saturday, October 6 and Saturday, October 13, for a \$50,000 purse, the winner to take all.

No reply has yet been received from W. S. Kilmer, owner of Exterminator, but it is expected, he too, will send his horse to compete in the race which will decide the championship of the American turf.

### B. C. CHAMPIONSHIP TO BE PLAYED TO-DAY

**Miss Helen Wilson Plays Exciting Game; Finals to Be Played To-day**

The opening games of the Junior Championships of British Columbia were played yesterday afternoon at the Victoria Lawn Tennis Club's courts. Both boys and girls played very exciting games. The game played between Helen Wilson and Dorothy Officer proved to be one of the most interesting games of all and was very well played on each side, the score being 9-7 in Helen Wilson's favor.

Another match which caused a great deal of interest was the game between little Sheila Tisdall, eleven years of age, and Hope Leeming. The former put up a good fight, showing that the game was not new to him. His more vigorous opponent, however, came off on top.

The matches to be played to-day commenced at 11 a. m. and are as follows:  
Helen Wilson vs. Marion Bullock-Webster; Marion Cameron vs. Poppy Sheppard; Patsy Hemming vs. Margaret Brady; Geraldine Payne vs. Wilma Leeming.

Games commenced this afternoon at half-past one sharp, in order that darkness will not interfere with the matches. The finals will be played, if possible, and the prizes presented at the conclusion.

**Boys.**  
Sholto Watt beat L. Scott Moncrieff, 3-6, 6-3, 6-4.  
Norman Fell beat A. Sayer, 4-6, 6-2, 7-5.  
G. Cunningham beat G. Coulter, 6-3, 6-9.  
P. Mathewson beat K. Hemming, 6-2, 6-0.

**Girls.**  
Poppy Sheppard beat Marion Jardine, 6-0, 6-3.  
Helen Wilson beat Dorothy Officer, 6-2, 6-7.  
Marion Bullock-Webster beat Isabel Kirkpatrick, 6-0, 6-3.  
Marion Cameron beat Norah Wilson, 6-1, 6-2.  
Patsy Hemming beat Yvonne Hicks, 6-1, 6-1.  
Margaret Brady beat Mildred Rich, 6-1, 6-3.  
Geraldine Payne beat Mary Bowker, 6-2, 6-1.  
Hope Leeming beat Sheila Tisdall, 6-4, 6-1.  
Poppy Sheppard beat Inez Kerr, 6-1, 6-2.

## WOULD DISMISS OFFICIALS WHO MANAGED TEAM

American Olympic Athletes Disgusted With Treatment On Way to Games

New York, Sept. 18.—Gustavus T. Kirby, president of the American Olympic Committee and Bartow S. Weeks, American Olympic Commissioner, may be asked to resign from American amateur athletic circles and they will not be considered when it comes to taking part in the arrangement of any future Olympic trips of American athletes. Kirby seems to be the opinion of the homecoming of the first bunch of Olympic athletes and trainers from the Antwerp Olympic games. "For the protection of future Olympic teams the A.A.U. must do something to find out who was to blame for the terrible conditions this year's Olympic team had to suffer," declares George V. Brown, assistant manager of the Olympic team, shortly after his arrival from Antwerp, Belgium. "This athlete was very much upset over the conditions the Yankee athletes had to contend with."

Like Herd of Cattle. According to this athlete the men were taken to Belgium like a herd of cattle. They lived in the hold of the transport boats and upon their arrival in Antwerp were far away from the conditions needed for such strenuous games. In Antwerp the conditions were not any better. The athletes were herded into a schoolroom and it was impossible for them to keep in trim, because of the crowded conditions.

Yanks Sore. Despite the fact that an army of the United States was carried by the navy overseas to fight with Belgium, France and England against Germany, the Belgian people have no use for Americans, according to members of the team. They were against the Yankee athletes from the time they arrived there and it was a big surprise to some of the boys who had fought in the world war. They would not recognize a victory by them and of course the boys were mighty sore.

Want to Go Back. With such a feeling among the Americans against Belgians, it is

## WILL SHAMROCKS TRAVEL TO WEST?

They Say They Will and Vancouver Lacrosse Officials Say They Will Not

Considerable doubt concerning the proposed visit of the Shamrock lacrosse team, champions of the National Lacrosse Union, to the Coast, seems to exist at present. In Vancouver lacrosse officials understand that the Shamrocks will not travel to the Coast this year and consequently a three-game series between Vancouver and New Westminster will be staged at the New Westminster Fair. On the other hand, late messages received from Toronto yesterday afternoon state that the Shamrocks finally, after a good deal of deliberation, have decided to make the trip.

Vancouver, Sept. 18.—Vancouver and New Westminster lacrosse teams will battle in a three-game series for the Minto cup at the New Westminster Exhibition during the last week in September. It was definitely announced yesterday. Matches will be played on Tuesday, September 23, Thursday, September 25, and Saturday, September 27. The total number of goals scored in the three games will decide the championship.

Shamrocks, champions of the National Lacrosse Union, will not come west on a cup-winning expedition, having failed to raise the necessary funds to finance the tour, and all negotiations were called off yesterday when the Exhibition authorities lined up the Coast teams for the big cup series, the first to be played under the new rules in the West and the first three-game challenge series ever played between Vancouver and New Westminster.

The match scheduled for to-day in New Westminster, the replay of the May 18 draw game, has been cancelled, the lacrosse officials taking this step at the urgent request of the Vancouver and New Westminster Exhibition officials.

That a law necessitating mirrors on all motor trucks, omnibuses and commercial cars of one-ton capacity or more is strictly enforced in New York city.

## CRICKETERS LEAVE OLD COUNTRY FOR AUSTRALASIAN TOUR

London, Sept. 18.—(Canadian Associated Press.)—The steamer Oyster sailing from the Thames yesterday, took the English cricket team to Australia. The tour opens at Perth, Western Australia, on October 23 and concludes at Adelaide on March 15.

## LEONARD WAS NOT PINING TO FIGHT

Champion Could Not Get Down to Proper Weight in Time For Fitzsimmons

## LEONARD WAS NOT PINING TO FIGHT

Champion Could Not Get Down to Proper Weight in Time For Fitzsimmons

New York, Sept. 18.—Of course, there will be an awful blast of criticism over Eddie Fitzsimmons' refusal to meet Lightweight Champion Leonard in a 15-round match at Madison Square Garden, but the youthful New York star is not wholly to blame for the fact that Tex Rickard didn't land the bout. Truth be told, Benny himself wasn't so crazy to go through with the match as some of his supporters would have the fight fans believe. When Dan Morgan brought the news that his batter didn't feel himself capable of holding off the champion just yet there was more joy than disappointment in the Leonard camp.

Couldn't Get Rid of Fat. When Leonard agreed to post a forfeit of \$20,000 to insure his appearance eight hours before the bout at 135 pounds, he honestly believed he could accomplish the poundage, with a week's time given him to get into condition, but when he started after the surplus weight he found it didn't come off as readily as he had anticipated. The result was that he began to grow concerned.

There isn't any doubt now in the minds of most fight followers that the champion really can pare himself down to the legitimate weight at which he should be forced to fight. But, or suppose it in the hands of a coach to train for Fitzsimmons and still remain strong. He began to clamor for more time, and Fitzsimmons, who had been kind to the champion, decided to let him have the chance of a lifetime to catch this wonderful champion off-form, began to hedge on the terms accepted for him by his manager, Dan Morgan. The result was that the bout was called off, and both fighters breathed a sigh of relief.

## Must Appear Yet.

Rickard still has Leonard signed to a contract calling for his appearance against some better yet to be selected. Who that will be now remains a matter of great speculation, for there are very few lightweights now going to New York in a chance at the title. Law Tenders, the Philadelphia, obviously is afraid of Leonard, and so is Fitzsimmons. They do not care to risk their capacity for earning dollars in a bout with the champion. For their refusal to fight some action should be taken in New York and maybe it will be, although the fact that he had the chance of a lifetime to catch this wonderful champion off-form, began to hedge on the terms accepted for him by his manager, Dan Morgan. The result was that the bout was called off, and both fighters breathed a sigh of relief.

Johnny Dundee's signature for an appearance against Leonard in a New York ring would open a wave of conjecture that would snow the bout under. There are a lot of folks in New York who believe that Leonard can knock out Dundee any time he feels like it. They contend that the champion has been kind to the Scotch-Italian on previous occasions. These remarks would again make their appearance, whether they be true or untrue.

## Might Try It Again.

This leaves only a very few from whom an opponent for Leonard can be selected. There is Ritchie Mitchell, the Westerner, who already has once felt the crushing power of Leonard's knockout punch. He might be induced to try it again. Willie Jackson has stated the belief that he has a chance against Leonard. Joe Welling would like to have a crack at the title, and Freddie Welch has intimated that he might some day try to come back.

Aside from Mitchell, the boys are not worthy of real title matches. Jackson is a very ordinary scrapper, built on the reputation he acquired when he accidentally knocked out Dundee. Of the lot Mitchell is the best, with Welling probably second choice.

## HEBETUDINOUS GUDGEON NEW NAME FOR FAN

Spectator's Victims of Nervous System When Watching Ruth Bat

New York, Sept. 18.—When "Babe" Ruth made his forty-seventh home run in Cleveland the other day neurologists representing the United Hospital Fund here explained the phenomenon of enthusiasm which always follows one of his mighty blows. Here it is.

When "Babe" Ruth makes a home run and the crowd goes wild, the ill-informed fan imagines he participates in the general uproar through his own volition—because he wanted to applaud a long drive. He's wrong.

The baseball fan is a hebetudinous gudgeon, imposed upon by the vagaries of his nervous system—and other things.

When "Babe" approaches the plate swinging his immense club in the intellectual centre of the crowd's mind there arises a tremendous concept of anticipation. This concept, based on the mind's memory of the athlete's previous performance, stimulates the central nervous system to an unusual degree, resulting in muscular tension and sharpened respiration.

Further, the cells of the body on such occasions need stimulation. The sympathetic nervous system overstimulates the endocrine substances. The suprarenal gland affects the insoluble glycogen, changing it to glucose. The thyroid gland affects the body's proteid substances for those broken down by emotional explosions, prolonging the outburst. Every baseball fan is susceptible.

## METROPOLIS CLUB

## ELECTS OFFICERS

Organization plans were made for the season and officers elected at a meeting of the Metropolis Football Club last evening. The following were the officers elected:

Honorary presidents, A. W. Curtis and W. Latham; president, Edward Christopher; secretary, G. E. Wale; treasurer, A. W. Curtis; delegate to the Victoria District Football Association, Edward Christopher; management committee, A. W. Curtis, E. Christopher, G. E. Wale, Chris. Owen, Christopher; secretary, G. E. Wale; W. Livingston; trainer, W. Livingston; captain, Chris. Owen.

# The Big White Swan Soap Prize Competition

SCHOOL CHILDREN Under the Age of Sixteen Anywhere in Victoria and Vancouver Island, Color This Picture and Try for a Cash Prize

Fifteen Dollars in Cash Prizes Every Week

1st Prize \$5.00; 2nd Prize \$3.50; 3rd Prize \$3.00; 4th Prize \$1.50; 5th Prize \$1.00; 6th Prize \$1.00

This is the second picture in a series of thirteen. There will be eleven more, one each week, and Fifteen Dollars will be distributed each week in prizes. From the date of each picture as it appears, a period of three weeks will be allowed on the entries. The judging of this picture, therefore, will take place at the beginning of the fourth week from to-day, and that week the prizes will be distributed, and the winners' names announced in this newspaper.

NOTE—Read the simple rules of this competition carefully, and see that you comply with them when sending in your colored picture. Last week several boys and girls failed to send with their colored picture, the end of a White Swan Soap or Washing Powder Box, and their entries of course were disqualified.

## (2) THE TALE OF THE SEVEN WHITE SWANS

(Continued from Last Saturday)

The poor little princess Elsie was soon lost in the great forest. Night came, and she lay throughout the dark hours under a tree feeling very sad indeed. She rose with the sun, washed herself in a crystal brook, braided her beautiful hair, and wandered on once more. Soon she met an old woman carrying a basket of nourishing berries, of which she gave Elsie all she wished, and cheered by her kindness the little princess enquired of her if she had seen the seven princes, her brothers. The old woman said that she had seen no princes, but that she had noticed seven white swans swimming down a nearby stream. So Elsie thanked her and followed the winding bank of the little river to the place where it flowed into the sea.

To be continued next Saturday.

## THE COMPETITION AND ITS RULES

Using Water Color Paints, not oil paints nor crayons, color this picture to the best of your ability. THEN SECURE A BOX OF WHITE SWAN SOAP OR WHITE SWAN WASHING POWDER, which Mother doubtless has in the kitchen, or can easily get—cut out the end of either box, and mail the cut out portion along with your colored picture to

That is all you have to do, but don't stop at coloring just this picture; watch for the picture in this paper next Saturday, and each succeeding Saturday, color them too and send in with the box end; your chances of winning will be multiplied. Write your name, age, address and name of school clearly under the picture.

This competition is open to all Victoria and Vancouver Island School Children under the age of sixteen. The coloring of each picture must be done without aid. The judging of the pictures will be conducted by Mr. John Innes, the noted British Columbia artist, and his award in every case will be final.

Not more than two capital and two second prizes will be awarded to the same child during the competition.

## The Gas Workers' Strike

Many people have asked us the reason of the present strike among the gas workers.

The situation is this:

Some time ago demands were received from the men for certain increases which the company felt it could not afford to give.

Both sides agreed to arbitrate.

The arbitration was held and the award made. The company immediately accepted the award. The men refused to do so and have gone out on strike.

As to the wages we, by virtue of that award, are paying:

They are the highest paid for this class of work in Canada. (Statement of the board of arbitration).

The men receive time and one-half for overtime.

The men receive a bonus of 12½ per cent. for ordinary shift work on Sundays, which is paid by no other company in the United States or Canada.

In addition, the stokers, furnace men and their helpers get two days off per month with full pay.

The men receive street car passes, cheap light, gas and coke worth \$9.00 to \$10.00 per month.

In these circumstances, we believe their demands are unwarranted and we feel that we are fulfilling the wishes of the people in Victoria in refusing to give way to the attempts of the gas workers' union to impose further costs upon the gas supply of Victoria.

The men receive time and one-half for overtime.

## R. J. JAMIESON IS CHOSEN CHAIRMAN

Two Important Offices in Automotive Section Go To Victoria

Vancouver, Sept. 18.—Organization of the automotive section of the Retail Merchants' Association was finally completed at the closing meeting of the convention. R. J. Jamieson, of Victoria, was elected chairman; W. A. Pound, Vancouver, first vice-chairman; H. B. Nielson, Vancouver, second vice-chairman; E. R. Wilson, Nanaimo, treasurer; and A. McGavin, Victoria, honorary secretary. The attendance was large and keen interest was manifested.

Stanley Lord, western sales manager of the Goodyear Tire Co., was the chief speaker of the afternoon. He emphasized the value of the service which the competent tire dealer can render the consumer and suggested that he should not be merely content with selling tires, but so understand his business as to intelligently advise the car owner particularly with regard to the kind of tire especially suited to certain cars. The majority of owners, he said, knew nothing about tires.

Advocating the installation of a periodical tire inspection service on the part of the dealer, Mr. Lord went on to explain how heavy repair expenses would be eliminated, such service establishing confidence between dealer and consumer, which was the only sound basis on which the business could be built up. He heavily scored the policy of owners and dealers who asked for and received discounting to which they were not entitled. He showed a system of interesting charts showing the cost of operation of a service shop and the margin of profit secured through the effect of this operation as compared with slipshod business which was all too prevalent. Mr. Lord was accorded a vote of thanks at the conclusion of his remarks.

**MOTOR FIRES ARE UNNECESSARY AND CAN BE CHECKED**

Look Out For Gasoline Leaks and Do Not Run the Minute Blaze Starts

Reports of losses of cars by fire are becoming more infrequent, due to the insistence of the insurance men upon precautionary measures, but there are enough auto fires to warrant a warning to the novice.

Fires are unnecessary. Almost invariably they are the result of carelessness or ignorance. It takes two things to make a fire around an automobile—gasoline vapor and a spark or flame. Gasoline vapor can only come when there is a drip somewhere. The carburetor might be flooded, but usually it comes from a leak. Gasoline drips into the drip pan and evaporates.

It is not all carried out by the air circulation of the fan. Being heavier than air, it lies low. If the engine backfires, a spark may be blown out which will ignite the gas, and, in an instant there is a fire. There is usually enough oil and grease around to start a lively blaze, which is, of course, quickly transmitted to the gas in the carburetor and possibly to the vacuum tank, and the show is on.

Naturally, the way to prevent this would be to prevent the drip of gasoline. If there is a leak it should be fixed. If the carburetor is prone to flood, have it fixed so that it will not do so. About the only other cause for fire is the exhaust pipe becoming so hot as to ignite the woodwork in the car, especially if there be an accumulation of gas or oil. There should be no accumulation at a danger point. The pipe often gets red hot, or nearly so, either from high speed or running with a greatly retarded spark. Occasionally the use of the cut-out has the same effect as a backfire.

**Caution in the Garage.**  
Great caution should be observed about the garage. Oftentimes, in working about the car, gasoline may be spilled or drip to the floor, making a highly inflammable vapor. It may be that there is no drip when the car is running, but when standing in the garage under tank pressure, drops may be forced out around the connection. Such a leak may easily be overlooked and yet be a source of danger. Then, when it is time to start up, the engine may be sluggish and backfire! The cut-out may be open to help things along, the spark ensues, and it is all over but collecting the insurance.

Or it may be that the owner is a smoker and has not learned proper caution in a garage, and drops a lighted match, not thinking about there being gasoline fumes close to the floor. Or he might set a lighted lantern down close to the floor with the same result. It has happened through overflowing the gasoline tank when filling, and, then, hurrying to get away, the driver opens the cut-out and gets away faster than he expected to.

A short circuit anywhere in the ignition system, which produces a spark, might easily ignite free gasoline vapor from any of the causes noted. And at least one case is known where a spark from a cushion spring touching the battery ignited gasoline vapor coming from the tank under the seat.

Static electricity, caused by straining gasoline through a chain, has been known to cause a blaze, but all that is necessary to prevent this is to make sure that the funnel touches the metal tank.

**Don't Run From It**  
Although every precaution should be taken to prevent a fire, the novice should remember that if a fire does

## Chevrolet

For transportation the automobile has proven its economy and its convenience; it saves energy; it gets you there and back quickly and comfortably.

With a Chevrolet "Four Ninety" touring you can save more than time and energy—you can save money. Here is a car that costs very little to operate. It is frugal with fuel and saving on tires. And yet it will satisfactorily fulfill every requirement that could be expected of an efficient, dependable motor car.

Come in and let us explain HOW and WHY Chevrolet transportation will give you maximum service at minimum cost.

490 Roadster	\$1265
490 Touring	\$1280
F.B. Roadster	\$2095
F.B. Touring	\$2125

## BEGG MOTOR CO., Ltd.

937 View Street

come it is not necessary to jump and run. It is taken for granted that every driver will have an approved fire extinguisher, where it can be instantly grasped in case of fire. There are many kinds which are approved by the fire underwriters. The worthwhile kind uses a carbon tetrachloride compound. This is used in all the "liquid" extinguishers. The compound forms a heavy gas or smoke which has no oxygen and therefore smothers out the flame.

Having an extinguisher, one must act quickly, directing the stream from the extinguisher to the base of the flame. Do not be afraid of an explosion. The first puff, when the gasoline vapor ignites, will be all the explosion there is. In all probability, at least until the flames reach inside the tank, which is nearly empty. Do not run. Stay and fight. Remain near enough to the burning car to be able to direct the stream from the fire extinguisher properly and work it for all it is worth.

It is no use trying to throw water onto this kind of a fire. Sand and salt would do it if you could get enough of them in the right place. Use the extinguisher. Some dry extinguishers which have the same limitation, but the liquid extinguisher is sure if used intelligently at the beginning. This is expensive but only a trifling proportion of the cost of the car, and it does the work if the owner will keep his head and work the extinguisher.

There is a new kind put on the market recently in a glass container which may be hung inside the hood. If there is a blaze the heat almost instantly breaks the bottle or melts the seal, and the extinguisher works automatically. But one should always have a mechanical extinguisher to be perfectly safe.

This article is intended to say to the owner that fire may be prevented, though one cannot always prevent another person from throwing down a match, which would ignite dripping gasoline. And it is also intended to inform him that fire may be overcome after it has started if he will think and act quickly enough. It might be worth while for the owner of a high-priced car to practice a little with the extinguisher to know just how it works. Any agency selling a fire extinguisher will give a demonstration to show how it is used. To know these things is much better than having an insurance policy, because, after all, what you want to do is to avoid the trouble of collecting insurance; but it is always wise to carry a policy, and you will find that there is an appreciable reduction in cost if you carry a good extinguisher on the car. If I were running a car worth more than \$2,000, I would have two extinguishers—one at the chauffeur's hand and one where it can be reached by a passenger.

## THE SONG OF THE MOTOR CAR

By Lucia E. Smith  
I climb the hills for a wondrous view,  
I swing through valleys for vistas new.  
I drowse, and hum in the lazy shade,  
Where the picnic lunch is gaily laid.  
I open new worlds to childish eyes,  
To the house-tied wife bring glad surprise.  
The tired man throws his yoke behind,  
As I sing and curve—as I hum and climb.  
For I am a tonic that reaches far,  
For the good of all—sings the motor car.

Pedestrians have the right of way on highways in Toronto, Canada.

That canvas houses built on light delivery chassis are helping to solve

the housing problem in different parts of the country.

That Tokio is the centre of motor-dom in Japan. Automobiles are usu-

ally imported by agents there and distributed thence over the country.

That farmers in the United States are buying approximately 60 per cent

of the manufacture of motor trucks of two-ton and under capacities.

There are 231,501 motorcycles registered in the United States.

## Meet Me at the Fair

—Wee MacGregor

For five years this simple, practical machine has been working away cutting shingle bolts in the water, replacing hand-bucking in the logging camp, running the light machinery for the dairy farmer, clearing up on new farm land, furnishing power in the machine shop—finding and holding new friends day after day, nosing out new jobs to do all the time—paying for itself over and over again.

## Wee MacGregor

PORTABLE DRAG SAW AND POWER PLANT

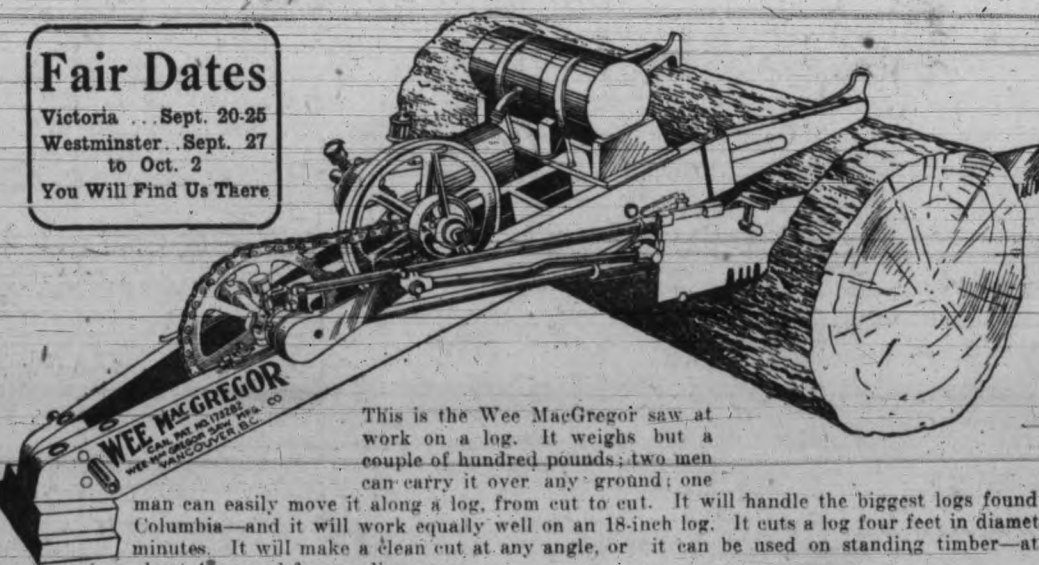

Will Cut Ten Times as Much Wood as Two Men by Hand in the Same Time

For Replacing Hand-Bucking in Woods

For Farmer and Dairyman

## Fair Dates

Victoria . . . Sept. 20-25  
Westminster . . . Sept. 27 to Oct. 2  
You Will Find Us There

This is the Wee MacGregor saw at work on a log. It weighs but a couple of hundred pounds; two men can carry it over any ground; one

man can easily move it along a log, from cut to cut. It will handle the biggest logs found in British Columbia—and it will work equally well on an 18-inch log. It cuts a log four feet in diameter in three minutes. It will make a clean cut at any angle, or it can be used on standing timber—at a cost of about 4¢ a cord for gasoline.

For cutting stove-length wood, the Wee MacGregor is perfect. Its four horse-power engine is capable of running circular saw, grinder, fanning mill, cream separator, churn, electric light or compressed air plants. The women folk find it handy to belt their power washer to.

Its engine is primed by a few half-turns of the fly-wheel. Starting, regulating and stopping is the work of a moment. The all-metal clutch allows the saw to be moved without stopping engine. An extension to main shaft permits the use of a pulley for belt work. The engine is powerful enough to handle practically every piece of light-farm machinery.

Its three-point suspension gives one point on the ground—TWO ON THE LOG. This method means that the moment you lay the outfit on a log it automatically adjusts itself to the lay of the log—and makes an even cut, because the saw blade is always at right angles to the log.

## Wee MacGregor Saw Manufacturing Co.

310 Granville Street

GEO. T. MICHELL, Agent for Vancouver Island

Vancouver, B.C.

You will probably visit one of the fairs—do not fail to see the Wee MacGregor at work on the grounds—watch it do its jobs in record time. If you cannot attend the fairs, write for illustrated folder and full particulars.

Illustration shows the saw at work on a 2-foot log.

## LETTERS

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article the shorter the chance of its being published. Communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for loss of letters submitted to the Editor.

## SOLDIER-LABOR COUNCIL AND THE "ONE BIG UNION."

To the Editor:—In a report which appeared in your paper, dated September 16, it was stated that the Ex-Soldier Labor Council will now have delegates from the One Big Union. This is incorrect.

At a meeting of the Ex-Soldier Labor Council, the question of admitting these delegates was discussed and it was resolved to refer the matter to the Ex-Soldier and Labor Organizations which are represented on that Council.

It is improbable that the O.B.U. will be invited to send delegates, as it is certain that a majority of ex-service men will be unwilling to have their associations fraternize with an association that is an enemy of the British Empire.

It should be clearly understood by all ex-service men that the term "One Big Union" had been in common use by the I.W.W. for years before the Calgary Convention of 1919. I have before me a copy of "The Industrial Worker," printed and

published monthly by the Industrial Workers of the World (British Administration), dated July 1, 1916. I quote the following sentences from an article on page 1, headed, "What is the I.W.W.?"

"Its members pay allegiance to no imaginary boundary lines, and claim no country except the world. Being propertyless and landless they have no patriotism, nor reason for patriotism. They are simply rebellious slaves striving to gain industrial freedom."

"The I.W.W. is filled with the spirit of direct action, and is not a machine and by the subdivision of labor and so marshals its army into One Big Union upon the broad basis of industry."

From page 4, I quote one section of the I.W.W. Constitution:

"5. The General Executive of the entire I.W.W. This is the final phase of organization. All Industrial Departments are united into the One Big Union for All Wage Workers. Each department has a representative on the G.E.W. of the I.W.W. which deals with the general welfare of the entire union, both national and international."

In July, 1916, the Canadian Corps was preparing to play its part in the tremendous struggle on the Somme. It is interesting to learn from the "Industrial Worker" of the activities of the I.W.W. during that period:

"A special committee is keeping in touch with our German members who have been interned. Tobacco, books, etc., are being sent as far as funds will allow. Cash, periodicals, etc., for this purpose will be gladly received. Also names and addresses of any German, or other I.W.W."

members interned, or conscript British members in jail. Remember, we lost a good local when our German comrades were all taken."

"The Australian I.W.W. has largely helped to scotch conscription down under. Laboring Hughes may shove his nose into Great Britain, but he doesn't wash down under. Out there they include Chinese amongst the members—what trade union dare do that? In the States we include Negroes as well as Japs and every European nationality."

It is the business of the Ex-Soldier Labor Council to promote the welfare of all workers and to avoid any discrimination in that work. If ex-service men had had their way all enemy aliens would have been deported in the ships which brought the troops home. All these aliens are still in Canada. Ex-Soldier Labor Councils and similar organizations endeavor to give to every individual fair play and a chance to become a decent and loyal citizen. There is no ex-service man who has sufficient intelligence to understand the history of the O.B.U. is willing to join that union, or to associate with its members.

R. P. MATHESON.

## PROHIBITION.

To the Editor:—May I through your columns reply to two letters which appeared in your issue of 15th instant.

Dr. Ernest Hall's "Labor and Alcohol." Of all the insults that can be levelled against honest, hard-working, and self-respecting labor Dr. Hall's takes the biscuit. After a day of hard strenuous physical labor the working man goes home and has his supper, and as is his usual custom, and that of his fathers before him, he takes a glass or two of malted or spirituous liquor with his supper, and for this, notwithstanding that he is a good father and husband, that he does his work efficiently, well and conscientiously, and that he is a good decent God-fearing citizen, he is charged by Dr. Hall with breeding "poverty, misery, strife, cruelty and frequently disrupts the family." Honest labor, who dares to take a glass of malted beverage with his meal is charged with driving his children into the street, taking them away from schools, etc., etc. Dr. Hall's charge is a sweeping one. He makes no distinction between the few weak brothers who become drunkards, and the large majority of moderate drinkers who like their glass of ale with their meals, which fits them for the next day's efforts. Oh, no, so long as you take one glass you are either already gone to the dogs or you are on the high road to it! Well, I need not say more than that it is the greatest insult that, honest, self-respecting workmen can receive from anyone, and I leave it to them to express their opinion at the polls when election comes. It is hysterical and extremely sweeping arguments such as these which turn thinking men away from a cause which is lost anyhow, but which they are trying to bolster up by specious arguments.

One would think that previous to 1917, when prohibition came in by a trick, there was no decent working man in this Province.

C. M. Tate's letter. Mr. Tate, in attempting to answer Gladys Proctor's letter, makes statements which he cannot prove. If Rev. Ernest Thomas has really documentary proofs let him publish them, with the authority from which he got them, so that the public can satisfy themselves by independent enquiry. It is all very well importing a man from the moon to tell us that they do wonderful things there. We have heard too many conflicting reports

from other sources to believe everything we hear even though the statement is made under the glamor and protection of the church.

Some three months ago a Vancouver paper printed an editorial in which the drug situation was painted in the blackest colors. About a month ago the same paper printed a statement that the Government had claimed that they had the drug habit under control. Whether the prohibitionists had anything to do with this or not, I do not know, but I have my suspicions. Anyhow, I made some enquiries and found that where formerly the trade was in few hands, during the last two or three years, the business was so brisk, and profits so good, that many more have taken it up. And at the time the paper was reporting the trade under control, a large supply was brought in, and the supply was so great that prices declined.

The fact of the matter is this: When it suits their purpose the prohibitionists employ official reports extracted from some over whom they may have some call for gratitude, and they publish these in order to gull the unthinking public. What has happened is that they have driven the business underground, thereby making it much more difficult to control. The official figures may show reductions in legitimate importations, but these take no count of what are smuggled in. Whether it may be attributed to prohibition or not I am not prepared to say. I leave it to the public to think it over, but that it has increased enormously during the last few years no one who values the truth, can authoritatively deny.

Prohibitionists seem to find it difficult to tell the whole truth, and have been publishing half truths. Here is an instance. Rev. Ernest Thomas is reported in your issue of 15th as stating that the Methodist Church, that the new amendment to the Act recently made, has made it more effective, and in proof thereof he is stated as saying that whereas in March there were \$167,000 worth of liquor sold, in July there were only \$10,000. If the Rev. Ernest Thomas will ensure at the customs and the railway stations he will easily account for the difference by the large importations which have come direct to the private houses during that period. The price of Scotch has dropped from \$60 per case to \$42.50 during the same period. While the rich man stocks up, the poor working man has to get his 8 ounces by paying for his "prescriptions." This amendment is therefore directed entirely against the workman.

By the bye, while on this subject of drugs and alcohol, Dr. Ernest Hall has not made any statement as to the position he takes on the drug habit. Perhaps he can give us some information as to the relative merits of drugs and alcohol. As he challenged the Vancouver report no doubt he has the required data.

## ALCOHOL AND INSANITY

To the Editor:—A perusal of the reports of the B. C. Hospital for the Insane show that during the years 1911 to 1914 inclusive, there were received into the British Columbia Asylum 187 patients whose insanity was stated by the official returns to have been caused by the excessive use of alcohol. This report also states that heredity claims 387, venereal disease 89, and in 430 cases the cause was not definitely determined.

Now let us look somewhat closely into these statistics. First as to the question of heredity. The facts presented to the daily life of the physician impel him to the conclusion that mental defects are transmissible from parent to child. Statistics show that a large percentage of defective children have drunken parents. In fact, so close is this association that the first question the observing physician asks when a defective child is presented to him is "What have been the habits of the parents as to alcoholic drinks?" We are wholly within bounds of conservative estimate when we state that at least 25 per cent. of the cases of inherited disease should be laid at the door of alcoholism.

With regard to venereal disease, which the reports give as the cause of insanity in 89 cases, we have previously shown the close connection between this condition and alcohol, and since a very large proportion of the first infections occur while under the influence, we must admit alcohol as a contributing factor at least to the extent of another 20 per cent. Lastly, of the 420 cases of which the origin is unknown, we consider the degenerative effect of alcoholic poison upon the delicate nerve structure, which destroys the regulating power to various forms of disease, hastening senile changes as well as causing functional disease, we are more than justified in claiming among the unknown causes at least another 20 per cent. as caused by alcohol. A simple process of addition gives us a little over 380 victims of the alcoholic curse confined in our Provincial Hospital for the Insane as

## A GREAT STOMACH BRACER

Makes You Feel Lively and Young—Removes That Tired Feeling

At some period in our lives there is sure to come a time when the stomach is "off"—not working well—failing to enjoy and digest its food. Main thing then is to get the remedy. You really want a soothing medicine, one quick to act, safe on results, combining the virtues of a gentle laxative with a tonic effect upon the stomach, liver and kidneys.

Certainly the world affords no better medicines for the stomach than Dr. Hamilton's Pills of Mandrake and Butterbur. Their laxative effect is ideal—can't be beaten! But in addition to their helpful action upon the bowels, these pills contain certain ingredients that strengthen and invigorate the muscles of the stomach, thereby relieving all sorts of stomach misery, indigestion, sourness, rising gas, headache and biliousness.

Just try Dr. Hamilton's Pills—they'll make you full of energy—brimming over with snap—and bring and maintain robust, sound, vigorous health, and isn't that just what you've looked for these many months? REFUSE A SUBSTITUTE FOR DR. HAMILTON'S PILLS. See per box, all dealers.

the product of only four years of alcoholic activity.

Thus we have brought home to us the fact that nearly one hundred victims per year die because of their reason that brewers and distillers may fatten upon the blood of our citizens and place them in a condition from which death would be a sweet release.

ERNEST A. HALL.

## When Gas Is High Buy This Car and Use Less

SEVERAL years ago our engineers designed, our workmen built, this car for conditions today.

—And today, Overland owners in Canada are reaping the benefits of increased service at decreased cost.

Witness these owner-records, which are writing a new chapter in Canadian automobile history.

Over roads still partly frozen, a Bridgewater, N. S., owner drove his Overland 107 miles—got 26.75 miles to the gallon.

A St. Hyacinthe, Que., traveller covered 630 miles—average gas mileage 30 miles per gallon.

Just now we offer immediate deliveries on this Canadian car of comfort and economy. See it today at our sales rooms.

## PRINCESS

This is the last day of "Stop Thief" at the Princess Theatre and those of you who have a liking for farce should not miss this one, as it is quite the brightest, snappiest and mirth provoking comedy yet produced by this company. Clever situation follows clever situation in such rapid succession that the first big laugh of the evening ripples on from the time it burst forth in the first act to the fall of the curtain in the last act. Its one long laugh and still there is a big moment toward which the action leads from the beginning of the play.

Arthur Elton, as the father of the bride, is doing good work, and provokes many a hearty laugh, while Frank Ellis as the "silly ass" is making much of his part and is decidedly lovable though awfully stupid and in consequence just what the part requires.

Miss Page has been choosing plays of a lighter nature for several weeks because of a number of requests for farce, but there are a number of plays of a more serious nature in preparation and friends and admirers of all the Players will have an opportunity of seeing them to great advantage during the next few weeks.

The play chosen to follow "Stop Thief" is "The Wolf" a powerful drama of the north woods with a wealth of clever comedy relief for the heavier scenes which are without doubt the most soul stirring and forceful situations ever put into a play of this kind.

Miss Page has the beautifully pathetic character of Hilda, a heart hungry little daughter of the great north who knows nothing of pines which hem them in on all sides.

Byron Alden will be seen in the character of Jules, the French Canadian trapper, whose love for Hilda is as beautiful a love as man ever had for woman.

There will be special scenic effects for this production, and the entire cast is well fitted to the play, so "The Wolf" promises a special treat to the patrons of the Princess, to open Wednesday evening, September 22.

## AMUSEMENTS TO-DAY

## Princess—Stop Thief.

Romano—"The Missing Widow."

Royal Victoria—"Robin Hood."

Dominion—"The Fighting Chance."

Pantages—"A Fool and His Money."

Colours—"The Heart of Humanity."

Variety—"The Sporting Duchess."

The Criterion—Belmont House.

## ROMANO

Marion Davies who appears in the screened version of Robert Chambers' famous novel, "The Dark Star," which is being shown with unusual interest, and which is announced for the Romano Theatre to-day, is in receipt of two war mementoes with which she would not part for any price, she says. These were brought to her by her cousin, Lieut. Edward Clarke. However, it is not in its original shape and could not be called by anyone a thing of perfect beauty. It is worn and torn; it was carried by Lieut. Clarke all through the period of his active service.

## ROYAL VICTORIA

Val Romney's motto was "Obey that impulse." In smart society from coast to coast and vice versa he was known as the man who always did what he wanted to. You will admit that this was a rather large order. To make things worse, he was a man who wanted to do the sort of things that mild-mannered people generally shun. For instance, when he rode in a street car one afternoon and encountered a longshoreman who weighed all of 250 pounds and who insisted upon occupying two and a half passenger room, Val promptly dug him in the ribs with his cane to make him move over. As a result Val's left eye went into deep mourning for about a week, and he walked with a limp until some of the major bruises healed, but the principle was there, anyway, and besides it was a wonderful fight. It won't take much volupianing to figure out that young Mr. Romney's adventures in doing as he pleased would make a wonderful motion picture. Rupert Hughes, the most popular novelist, wrote what we consider the most amusing screen comedy of the year, with the irrepressible Val as the hero. "Scratch My Back" is a little and it is just as startling as it sounds. Smart, clean, fast, clever and funny! It will be shown at the Royal Victoria Theatre for the last time to-night.

## DOMINION

Lavish costumes, pretty ladies, and luxurious surroundings are characteristics of "The Fighting Chance," the big motion picture version of Robert W. Chambers' famous novel, which is on view at the Dominion Theatre this week.

New York society, both in the city and in the country, has formed the background for the story, which centres around Stephen Silward, young descendant of a long line of aristocratic ancestors, who is constantly faced by her love for the unconventional which involves her into scandal or worse. The two agree to unite in their battles against the forces of nature, and the result is a highly interesting series of dramatic events, which finally ends happily.

"The Fighting Chance" is a Paramount Artcraft picture and the cast includes Anna Q. Nilsson, Conrad Nagel, Dorothy Davenport (Mrs. Wallace Reid), Maude Wayne and Bertram Grassby. Charles Maigne directed.

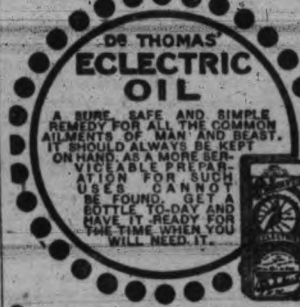

Dorothy Davenport, who retired from motion pictures some two years ago when she married Wallace Reid and vowed at the time that she would never appear before the cranking camera again, is back. It was inevitable. Once the cinema studio atmosphere gets into a person's blood, it seems never to leave them. Miss Davenport is at the Dominion Theatre this week in the Paramount Artcraft film version of Robert W. Chambers' novel, "The Fighting Chance."

## PANTAGES

A musical comedy that does not follow the standard usually set for vaudeville is the "Revue de Luxe," headlining this week's bill at Pantages. The act is presented by a company of three principals and a beauteous chorus of all-star performers. Singing, dancing and instrumental music are featured, and the act is beautifully staged. The four Hursleys are whirlwind gymnasts and appear in a remarkable series of athletic feats. Coleman and Ray have a novelty ventriloquist act, in which they introduce walking dolls. The other numbers are: Parisian song and painting by La Rue and Dupree; harmony quartettes by the Elm City Quartet; and snappy dialogue and song by Page and Gray, as well as another instalment of "Trilled by Three," the Pathe serial.

## COLUMBIA

Proof that William Farnum, whom William Fox will present in "Heart Strings" again to-day at the Columbia Theatre, is as popular abroad as in the United States, is furnished by the flood of correspondence which followed the publication in a London motion picture magazine of a short paragraph to the effect that Mr. Farnum was experiencing difficulty in getting new material for the screen and would be pleased to consider original stories for photodramas. From the voluminous mail daily received by Mr. Farnum it would appear that men and women in every part of the British Isles have settled down to write stories for their favorite star. Situations involving heroic sacrifices and perilous situations abound in these manuscripts, and it is probable that the life of the actor would be in peril daily if he attempted to film all the stories offered.

## VARIETY

Next to seeing a real race comes the picturization of the famous Derby, which forms a thrilling climax to the spectacular, "The Sporting Duchess," which is being shown at the Variety Theatre to-day. It is a masterpiece of the art of photography, and well worth seeing. Although the race is the big thrill, the whole story is well constructed, and works the spectator into a feverish heat for the event. If the play created a furore in the theatrical realm of two continents a score of years ago, the great Drury Lane melodrama is bound to become popular as a motion picture. Every detail has been worked out by experts. Every scene in the play has been retained, and many scenes merely hinted at in the stage version have been visualized and furnish excellent dramatic material.

## FRIVOLITIES OF 1920.

"Frivolities of 1920," the smart and swaggy musical revue which will delight large audiences at the Royal Victoria Theatre to-day, is a Monday is an underslung high powered musical model designed for record breaking speed. It is a post bellum tonic that is spangled with beauty, and is a real treat for the eyes and ears. The most gay and flippant of music, the revue is in nineteen scenes which serve to frame the freewheeling antics of a party of odd fellows which Mr. Anderson has assembled under his merry old flag.

The plot of "Frivolities" is not weighty, the entertainment consists of a writer of specialties, novelties and singing and dancing numbers, the whole of which is interpreted by a rank and file well equipped locally and along architectural lines for the angle work cut out for them.

Prominent in the numerous cast are Val and Ernie Stanton, Joseph Rolley, Edward Gallacher, Dolly Best, Lelia Ribard, Edward Metcalf, Carlton Chase, Will Goodall and the Voltaire Sisters. The chorus of fifty girls are gaining in popularity from the covers of the popular magazines so pleasant is their geographical outline and facial charm.

## HAROLD LLOYD AT DOMINION.

Harold Lloyd, the funniest man in pictures, will be seen at the Dominion Theatre Monday, in his latest two-reel special comedy offering, "An Eastern Westerner." Lloyd comedies are gaining in popularity with each successive production and he has evidently solved the problem of making each new comedy funnier and more thrilling than the last. This new picture is a slip-roaring, dust-biting travesty on Western melodrama, and Lloyd, as the tenderfoot of the story, hits the bulls-eye of joy with his rapid-fire comedy.

## If Strength Declines Follow this Suggestion As Age Advances

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives a great zest for food, increases appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement, and a month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for the lost color, for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health, than anything else. Just as good for men and children, too. Just as good for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health, than anything else. Just as good for men and children, too. Just as good for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health, than anything else. Just as good for men and children, too.

## ALL NEXT WEEK VARIETY

## SKETCH OF CAREER OF DRAMATIC SOCIETY

How Producers of "Charlie's Aunt" Have Built Up a Reputation

For many years past Victoria has enjoyed a more than local reputation for the excellence of its musical and dramatic talent, and during the last decade many notable productions have been staged by the various societies and clubs interested in the promotion of dramatic and musical art. Shortly before the outbreak of the Great War, the Victoria Amateur Operatic Society was formed, and this society had the honour of staging the first non-professional show at the Royal Victoria Theatre. This was the "Gondoliers," which met with a great reception. Shortly after followed "Tom Jones" by the same society which though artistically a triumph, was financially a failure owing to the heavy expense of production.

Shortly after the outbreak of the war the Victoria Amateur Operatic Society and the Victoria Amateur Dramatic Club (which had previously produced a number of excellent shows in the old Victoria Theatre under the joint direction of R. N. Hincks and Colonel Holliday) joined forces and produced "Marching Orders" in aid of the Patriotic Fund. Their performance will be remembered by many as a really splendid patriotic pageant which resulted in a handsome donation to the Patriotic Fund.

Then followed Victoria's first pantomime "Puss in Boots" both of which swelled the Red Cross funds by nearly \$4,000. Shortly after came "The Caliph of Baghdad" and "The Mandarin" both of which will long be remembered for their lavish staging and splendid financial aid to the Red Cross.

An entirely new and original business was then started, this being the formation of a company under R. N. Hincks to run regular entertainments at the Princess Theatre for the benefit of the Red Cross. This venture succeeded beyond all expectations, the Red Cross Dramatic Society as it was called, turned over something like \$1,000 per month to the fund until the end of the war. The splendid aggregation of talent which had thus been gathered together and which long ago had reached a truly professional standard was then formed into a new society known as the Princess Dramatic Society, which existed until April 1920, when Mr. Hincks left to take up professional work. The lease of the Princess Theatre was then given up, but the work of the company had been so hard and so successfully in the interests of the Red Cross are still held together in the Victoria Dramatic and Operatic Society. In addition to these well-seasoned artists the society is constantly adding to its numbers and now has a membership of about one hundred among whom are to be found many of the most prominent singers and actors of the city.

## MRS. FAHEY'S RECITAL SET FOR NEXT FRIDAY

Mrs. MacDonald Fahey will be heard once again before leaving for the East. The Vancouver World had the following to say after the recent production of the "Elisabeth," which took place in the Arena before an audience of over 5,000 people: "Winifred Lugrin Fahey proved a splendid artist to sing the soprano part in such company as Mr. Middleton's, and British Columbians must have been proud that there was such talent available within the confines of the province. Her dramatic sense was called into play in such a work as this, and her solo, 'What Have I to do With Thee' followed by her duet with the baritone were among the best things of the evening. Her singing in a dialogue with Mr. Middleton as the youth sent to seek for signs of rain, was also a grand descriptive piece

## Request Song Recital

of singing by both her and Mr. Middleton. In the demanding number, "Hear Ye Israel," Mrs. Fahey went heart and soul into her task and gained one of her chief successes of the recital.

## HERE TODAY WEEK.

Many Americans who have never seen opera produced at the Metropolitan Opera House in New York, will say that they never before had really known what opera could be until they witnessed the Scotti Grand Opera productions. It is the plan of Antonio Scotti to give opera just as it was given on the stage of the Metropolitan, the greatest opera house in the world. The Artists, the chorus, the Orchestra, scenery and even the most minute details of property, will be exact reproductions of Metropolitan casts and performances. The Scotti Grand Opera Tour promises to be one of the greatest enterprises ever undertaken in operatic history. This company will appear at the Royal one night only, Saturday, Sept. 25.

## "OBERHOFFER" IS

## "MAN OF MANY MOODS"

"What does Mr. Oberhoffer play best?" That is the question put many times to members of the Minneapolis Symphony Orchestra, Emil Oberhoffer, conductor, which comes to Victoria at the Arena, Tuesday, Sept. 28.

But many times as the question has been put, it has never yet been satisfactorily answered, for the versatility of the graceful Bavarian artist who guides the orchestra is one of his most remarkable assets.

When he plays a Tchaikovsky programme incorporating one of the great Russian master's symphonies—perhaps the marvelous Pathétique, or the strange, haunting Fifth, or the Fourth, with its fascinating review of the folk-music of Russia—the listener is apt to put himself on record as saying that the best thing he does is Russian music.

"DOWN ON THE FARM." Louise Fazenda, "corned-bean beauty of rustic charms, and heroine of 'Down on the Farm'." Marie Prevost, "one of the prettiest of Mack Sennett beauties and cleverest of screen comedienne"; Ben Turpin, cross-eyed favorite of filmdom; James Finlayson, gifted actor of stage and screen; Bert Roach, a featured player with the Sennett forces; Billy Armstrong, character comedian, celebrated in England as well as in the United States, and tiny John Henry, Jr., the diminutive star of two-and-a-half years, who was "discovered" by Mack Sennett, are the principals in the action of the Sennett five-reel comedy sensation, "Down on the Farm," released by United Artists, that will be shown at the Victoria Theatre all next week. Teddy, the Sennett canine "hero" and Pepper, the long-distance descendant of a Bengal tiger, ought not to be forgotten in the enumeration of the cast, for they play no small part in the comedy and thrills with which this five-part production has been provided by the genius of Mack Sennett.

## Infantry Battalion To Inherit Tradition of Glorious Record

Sixteenth Battalion (Canadian Active Militia) Will Perpetuate Memory of Famous "Red Patch" Unit of the "Kiltie Brigade"; Personal Narrative of Col. "Cy" Peck, V.C., Who Led Canadian Scottish Through Last Years of Fighting.

The work of the Canadian battalions in the Great War has been referred to in glowing terms throughout the press, and in articles from the pens of brilliant authors the world over, but seldom do these accounts ring with the sincerity of conviction as the personal narratives of those who were in the actions related.

The following article is the personal statement of Col. C. W. Peck, V.C., M.P., who served with the 16th Battalion from the gathering at Valenciennes until the wind up on the Rhine. Col. Peck took command of the famous "Red Patch" Battalion of the "Kiltie Brigade" after it had been brought through the first stages of its famous career by Major-General R. Edwards Leckie, C.M.G., formerly G.O.C. in this city. This is the first opportunity that the gallant commander of the Highland battalions has had of recording his impression of the several actions that achieved lasting fame for his men.

In a supplement last September The Times printed a full history of the Highland battalions, including the Gordon Highlanders, but the personal statement of Col. Peck, V.C., throws new and unexpected light on the heroism of the men from the Dominion, and it will be of general interest to all New angles, viewpoints and keynotes of philosophy are struck in the commander's narrative, and his story brings home the lesson of the war with redoubled force, being marked with a suppression of the individual to the honor of the many that makes the story all the more effective to the friends and relatives of those who served.

Ypres, the first burst of Canadian youth and valour to Valenciennes when our country so nobly responded to the call, detachments of certain Highland regiments gathered there which were to be formed into the famous "Canadian Scottish."

The battalion was organized there under (now) Maj.-Gen. R. G. Edwards Leckie, C.M.G., who brought over a company and a half from the Seaforth Highlanders of Vancouver. A second company came from the 78th Cameron Highlanders from Winnipeg. A smaller detachment, something like a half company, came from the 1st Argyll and Sutherland Highlanders from Hamilton. The other company came from Victoria, from the 58th Gordon Highlanders, who at that time was the man who was to become the most famous Canadian soldier of the war, Gen. Sir Arthur Currie.

One might have despaired at the outset of what might be a cohesive unit, detachments from different places in Canada of more or less rival units. However, the trials and vicissitudes of the war soon brought about the refining process and it is interesting and instructive to know that it became a regiment whose enthusiasm and devotion knew no bounds.

The battalion went to France under Gen. Leckie as a unit of the famous 3rd (Highland) Brigade under Gen. Sir Richard Turner, V.C., K.C.B. After a couple of months' experience in the trenches the Canadian which was to prove that Canada could produce soldiers of the greatest class, the 16th Battalion, was put into the breach on the left flank of the Ypres salient where the Allied army was being thrown back by repeated attacks of greatly superior enemy forces.

The Sixteenth Battalion, along with the Tenth Battalion, were to have the singular honor of being the first Canadian troops to enter the salient of the Ypres salient. And this was not an untrained or irregular force that they attacked but the finest divisions of the Great German Army which had been trained for half a century to conquer the world. These battalions charged the Germans with such fury and determination that they gave way at that point and the wood was taken and the captured British guns were retaken.

For several days all the units of the First Canadian Division fought with the utmost tenacity. These tried soldiers who came out of the West were men to be reckoned with very seriously on the battle field.

**Festubert.**  
After the Second Battle of Ypres the regiment had a short rest, a despatching of the fierce and sanguinary battle of Festubert, where a great diverting attack was being made to make the Germans' deployment reserves and give Gen. Joffre an opportunity to establish his position in the salient. In this battle two companies of the Sixteenth made a preliminary attack and the other two companies dug in on the new position. After holding this line for two days, on the night of May 20-21, 1915, these two companies, one of which was the Victoria company, attacked the orchard and a strongly fortified house on the right with complete success. This position, forever after known as the Canadian Orchard, was held till the end of the war, never again passing into the hands of the enemy.

The battalion then was engaged in the Battle of Givenchy, where the First Canadian Brigade, attacked the German positions.

After this followed a long and honorable career of trench warfare holding positions at Ploegsteert and Kemmel before the Wytschaet-Messines ridge, where the enemy was entrenched in a very formidable position.

**General Leckie.**  
In July Gen. R. G. Edwards Leckie assumed command of the 3rd Brigade and Col. J. E. Leckie, C.M.G., D.S.O., took over the battalion.

During the battle and trench holding of 1915 the regiment had suffered very heavy losses and a great number of the originals had paid the supreme sacrifice. Strong reinforcement

COL. C. W. PECK, V. C.

The Narrator, who was in command of the Canadian Scottish for the closing years of the great war, and who brought his command home from the Rhine.

ments had joined at various times from the 30th Battalion and from the 43rd Battalion C. E. F., which was formed from the Camerons of Winnipeg.

**Deadly Ypres Salient.**  
The Canadians were reinforced in the Fall of 1915 by the 2nd Division, the 4th Division in the Autumn of 1916.

The First Canadian Division lay before Messines all of the Winter of 1916. Rumors were spread that the British were about to launch a great offensive, but the end of that month we were on the road back to the deadly Ypres salient.

I remember hearing of the various positions of Hill 60, Mount Sorrel, The Bluffe, St. Eloi, the year before and of wondering if our troops would ever be entrusted to hold these important and perilous trenches. But we held them all in 1916, and soon began to look upon them with phlegmatic indifference. However, our losses grew with astounding rapidity.

In ordinary trench warfare losses are occasional and normal, but we were at such disadvantage in this salient that an ordinary trench tour would mean heavy casualties, sometimes in three figures.

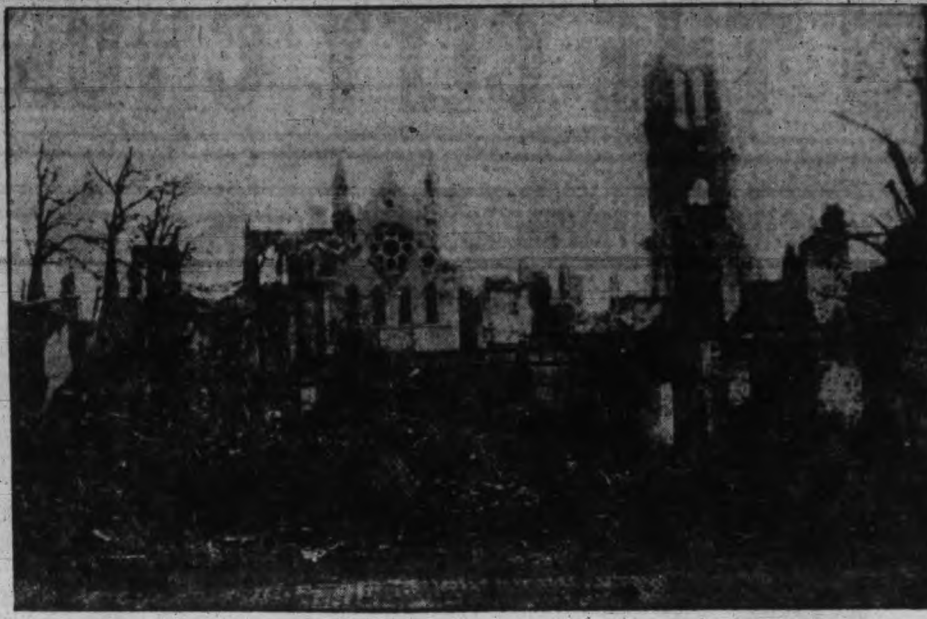

**Mount Sorrel.**  
On the second of June, 1916, the Germans carried out a strong and well conceived attack in which our troops were driven back from the positions on Mount Sorrel and Observatory Ridge. The Sixteenth was lying at Connaught Lines and soon, everything was peaceful, and the troops were enjoying a good rest.

Of course there was a heavy cannonading in the distance, but that was a daily occurrence, and no one bothered about it. Suddenly there was a call to brigade headquarters—the alarming news—and orders to march—the First Division was to counter attack. We always remember that march with much pride, the response from the Battalion was so magnificent. A hurried assembly, a march of miles across heavily shelled and broken ground, but the Battalion assembled in the support position "on time."

However, the Hun was not to be pushed easily out of his new ground and attacks of various units, though made with desperate bravery made little progress. The Sixteenth lay in the Fosse Way (a long communication trench leading up to the front) for several days. We expected to attack every morning and every night, but it was fortunately decided to withdraw for a few days' rest from this nerve-racking position, and a carefully organized attack was prepared. On the morning of June 13th of June the troops detailed to recapture Ridge were assembled; the 2nd Battalion of the 1st Brigade on the right, the 15th Bn. Royal Highlanders on the left and the 16th in the centre.

**A Splendid Attack.**  
The Battalion groped its way into the jumping off trenches in darkness and in a great downpour of rain. The battleground was deep in mud and filth beyond description. In those days we were still crude in methods of warfare. We used to carry out a heavy artillery attack on the enemy trenches an hour or more before the attack was launched. This always brought back a destructive enemy protective fire. Still, nothing could withstand that attack on the morning of June 13, the whole line moved forward with such steadiness and valor that the position was soon recaptured. Mud, wire, entanglements, debris, strong points, all were overcome. A staff officer passing over this ground the next day or two afterwards said he wondered how

YPRES CLOTH HALL AND CATHEDRAL—AFTERWARDS BURNED

The beautiful art building of Ypres that received a daily salvo of "Jack Johnsons" until all was razed.

men could have got over it in broad daylight with no enemy to encounter. Our losses were very heavy, in officers alone we lost eighteen killed.

So the Canadian positions had been re-established and fresh glory added to the name of Canada.

We still had some weeks of hard trench warfare before we were withdrawn to prepare for the Somme.

**The Somme.**  
One might have thought enough had been done for one year but the worst few months in the battalion's career were still ahead. In July or August we were withdrawn from the Salient to a peaceful village near St. Omer to train for the great battle that was going on down South. We finally marched up to this bloody battlefield in the early days of September. An outsider would hardly believe that one unit could suffer such appalling losses as the Sixteenth suffered in just over one month. We had nine hundred casualties—very nearly the whole battalion strength. Of course every time we came out we had large reinforcements and our light casualties rejoined. When the regiment finally marched out of the Somme it was more like a company than a battalion in strength.

On our first tour we went in to relieve an Australian brigade which had attacked in the morning with splendid courage but was badly shattered. We took over or rather established a Salient to the East of Mouquet Farm. Probably few regiments have had four days of such destructive trench warfare. The enemy could observe our position from Courcellette (still in their hands) and for four days and four nights they never ceased to pour down upon these defenseless trenches salvo after salvo of heavy artillery fire. The cruel monotony of this fire was appalling and the conditions became indescribable. Time after time

peril. Three of the battalions on our left had been held up by very heavy wire and did not get their objective. The ground opposite was held by a division of the very finest German troops who counter attacked repeatedly. Two battalions on our right were beaten back about three in the afternoon by an overwhelming attack. One historian says, "However this attack broke itself in vain on the Sixteenth." With both flanks in the air it held on all about night fall when orders came for them to withdraw.

Our casualties were again very heavy, three hundred and seventy-five. We lost many officers, some of whom were Victoria men. The battalion marched north after this battle and took up a position on the famous Vimy Ridge, which has been such terrible fighting, by the French in September, 1918, and which was to see the great victory of the Canadian Corps the following Spring.

We had been reinforced by large detachments from the 72nd Seaforth of Vancouver, 47th Battalion from B.C. and the 46th Battalion from Saskatchewan, and several other regiments which I cannot remember, during 1916.

Col. Jack Leckie was promoted to a command in England in October, 1916, and I was appointed to succeed him after having been second in

YPRES—APPROACH FROM THE NORTH

The heroic little Belgian community that formed a target for the enemy guns for over four years of artillery warfare. Burned and demolished, the town of Ypres bears little resemblance to the once thriving lace city of Belgium, although the restoration is making steady progress.

counter attacks had to be beaten off and when the battalion finally dragged itself back to billets after being relieved; it had suffered over 400 casualties.

Coincident with the battle of Courcellette the battalion supported the 11th and 15th Battalions of our brigade in an attack on Kenora Trench. The losses were a hundred and twenty-five or thereabouts.

**Regina Trench.**  
On the night of October 7-8 we were assembled to conduct an attack on Regina Trench to be carried out next morning. This our last action on the Somme was scarcely less gruelling than our first although the battalion again covered itself with glory and maintained its record of unbroken victories.

The assembly was a "formidable task" as the ground was swept by heavy machine gun fire and pounded by shrapnel. The jump off was on the minute. Very heavy wire was encountered near the enemy's trench and his parapet bristled with machine guns. This was where piper Jimmie Richardson, V.C., performed his immortal deed. Seeing the assault temporarily demoralized, and indifferent to the hail of lead and death he rushed ahead and strode coolly up and down the wire playing a famous Highland tune. His action was so inspiring that the company leapt upon the wire and bore it down by the very impetus of their assault and captured the trench.

Although the objective was taken the position was one of extreme

command for something over fifteen months.

**Vimy, Hill 70, Passchendaele.**  
The early part of 1917 found us still holding various positions along the Vimy Ridge. It soon began to be whispered about that some thing big was to take place in the Spring. Great preparations were made for the Battle of Vimy. We had made great strides in our methods of warfare and our weapons and munitions were greatly increased. We were rapidly gaining a great preponderance in artillery, we had put into use an effective machine gun and were equipped with large numbers of course it was finally overdone like everything else; the bomb was beginning to name in popularity, our trench tools were neither so long or so strenuous as of yore and more diversions were supplied to the troops.

**Vimy.**  
Great artillery preparations had gone on before the action and units had practised over tapes and trenches. The weather was bad and one had the usual sea of mud everywhere. I wrote in my diary before the attack "marched for the trenches at 7.30 p.m. Everybody in high spirits." This was after two years of warfare.

Well, it does not take long to tell about the great battle and its overwhelming success. The Sixteenth still kept its record of getting into hard fighting and we had to jump over through craters and advance under a long sweep of fire. Losses were very heavy, some three hun-

dered and fifty I think and again a great number of officers. The objective was made on time. Pte. Milne won the V.C., having single handedly attacked and captured two machine gun positions.

**Hill 70.**  
We then held various sectors in front of Vimy, very trying ones some of them—lots of gas—until July. In this battle the Sixteenth attacked on the right of the 3rd Brigade and gained its objective with its usual regularity. Still our losses were 250 or more, quite heavy enough even for a hard battle like Hill 70, with its numerous counter-attacks.

**Passchendaele.**  
Of course, we went up to Passchendaele with the rest, but did not suffer as heavily as some of our battalions did. Our brigade was not in the assault. We held the trenches on two occasions had endured very hard experiences. The memories of that ghastly battlefield are such that no one wants to dwell upon them. Our casualties were about 100. Some more Victoria boys fell. After Passchendaele we came back to the Lens salient, where we lay for the Winter.

**1918—The Year of Victory.**  
Now that it's over, 1918 seems to have been our (the Canadians') best year, although sometimes it was the blackest. Our trench tour were not nearly as frequent, we did not hold trenches as of old, with large numbers of men. We had more rest and better and safer dugouts. We were not in any retreats and our victories were more far-reaching.

We penetrated so far in our attacks that we captured our enemy's artillery and did not have so many artillery come-backs. Tanks and smoke were used with considerable success. (Of course, all this is my own opinion from my own observations.)

The sixteenth was in the Lens sector when the disaster occurred down south in March, and we were hurried off, but finally landed in Arras and the Ronville Caves—which in a historical sense, the Canadians held in, itself.

**ALMOST LYNCHED.**  
It happened to a local druggist who sold cheap acid corn salve instead of the reliable Putnam's Corn Extractor. Substitutes burn the flesh. Putnam's cures the corn. Use only the best Putnam's. See at all dealers.

The position in front of Arras, which was the hinge of the retirement. In the first half of this year the battalion put over two successful actions on the historic Lens battlefield and one near Gavrelle. The latter was extremely successful, our booty being 28 prisoners and five machine guns.

In the early part of August we took part in the great battle at Amiens. The whole Canadian Corps was moved some hundred miles in three days and assembled for the attack. The movement was perfectly camouflaged and was a complete success. The attack went twenty-two miles before it stopped. The Sixteenth was on the right of the 1st Division attack. It was our most successful action on the whole, and it also was probably the most successful for the Canadian Corps. Our battalion won its objective about 2 1/2 miles from the jump off, in record time. We captured twenty-two pieces of heavy artillery, seventeen trench mortars and thirty machine guns. In fact, our success on that occasion was so remarkable that I found them very sarcastic when I told them of it, so I ceased to relate it for fear I wouldn't be believed. The Canadian divisions leapt-frogged each other and we finally landed at the far end in front of Parvillers. Our losses at Amiens were 135.

**Arras—Decoy-Quent Line.**  
The corps still kept on its brilliant work. We were moved behind the Third and Fourth Armies and the battalion detrained at Aubigny late in August. In a few days we found we were to be in action again in the front for no less a purpose than to break that famous defense, the Droc-

## Clogged-Up Liver Causes Headache

The liver is one of the regulators of health. If the liver is active and well, good health and happiness are encouraged, but once you allow your liver to get torpid and sluggish, life becomes a misery. Indigestion, biliousness, Constipation, Headaches and Melancholy may appear, resulting in lack of energy, loss of memory, a high but nervous and Carter's Little Liver Pills touch the liver and correct all liver ills.

Small Pill—Small Dose—Small Price

court-Quent Line, which we did in short order. Our veteran troops were now so well disciplined and well trained that they seemed able to perform any duty assigned to them. In this action Metcalfe, a young American who had served with us from the first, earned a V. C. for extraordinary bravery under a murderous fire. He had previously been awarded a military medal and bar.

After Arras came the crossing of the Canal du Nord, where we were in support, and Cambrai, where we had our last heavy losses from a flank attack. The German army was being rapidly demoralized and it became apparent to all that victory would ultimately rest with our arms. Even then we did not hope the end was coming in 1918, as the Germans still held most of Belgium and Northeastern France.

The fall of Cambrai marked the beginning of the collapse of the German defense. Our advance was rapid and the enemy was merely fighting a rearguard action.

I have not space to tell the story of the last days the battalion was engaged, of how town after town fell into our hands, with only trifling losses on our side. It was the real triumph of warfare that had been our imagination from the first, but never realized until these few short days. Our final victory was capturing the highway and railway north of Valenciennes and the little village of La Vieoigne. We returned to billets and a few days later the Armistice was signed.

**The Glorious End.**  
When the Second Army moved forward to the Rhine, our First and Second Canadian Divisions, were with it and the Sixteenth finally arrived at Lindlar, holding the bridgehead twenty-five miles east of Cologne, where it celebrated New Year 1919.

I regret this sketch has stretched out so long, but it seemed necessary to give a brief review of the battalion's great career in the war. My object in mentioning casualties is to show the desperate character of the fighting, in which the Sixteenth, in common with the other Canadians were constantly engaged in the war. I must remind readers that I am telling the history of the Sixteenth Battalion, and have not had the opportunity of mentioning other units. It is only the outline of the record of a great regiment whose valor, sacrifice and devotion were its great qualities and which portrayed, as its name indicated, the high-spirited patriotism of the Canadian people and the ancient valor of the Scottish race.

**ALMOST LYNCHED.**  
It happened to a local druggist who sold cheap acid corn salve instead of the reliable Putnam's Corn Extractor. Substitutes burn the flesh. Putnam's cures the corn. Use only the best Putnam's. See at all dealers.

## HERE'S HEALTH FOR ALL! PHOSPHONOL

Don't waste your time trying to cure a chronic ailment by inferior drugs. Such complaints as lack of vigor, rheumatism, lumbago, neuralgia, sciatica and stomach trouble are due to weakened condition of the nerves. Weak nerves lead to all sorts of functional disorders. Without a plentiful supply of Nerve Force the power of every organ to perform its function is diminished or impaired. Lacking Nerve Force, all the functions being imperfectly performed, there begins a state of anarchy in the body, even the brain becomes affected, resulting in Insomnia, Brain Fog and other Mental and Nerve Troubles. Scientists have proclaimed Phosphonol to be the quickest and surest Remedy to stiffen the nerves and to produce Grey Matter; Phosphonol will restore Strength, Vigor and Ambition. It goes at once to the weakened spot and fortifies the organ and restores it to Health. Your body needs new strength and Vitality, and that you must have to perform your duty in the world.

Phosphonol will restore Strength and Vitality and every weak and sluggish organ of your body. The blood courses through your veins with renewed vigor. The Glow of health returns to your face, and you will feel the thrill of new life that comes with increased vitality and nerve power.

Take opportunity by the forelock, get a box of Phosphonol from your Chemist to-day. The whole nervous system responds quickly and sympathetically, and immediately almost all the functions of the body begin to be performed healthfully and easily, and with their natural vigor. Be a Man of Nerve. Possess the Vigor of youth, it is within your grasp. Hundreds have benefited by taking Phosphonol. You also will be if you are fortunate enough to use it. Phosphonol is not in its experimental stage, having been made and sold for twenty years. If your Chemist hasn't got Phosphonol in stock, ask him to get it for you, or we will mail it to you by return of mail. Price \$3.00 per box or two boxes for \$5.00. Send postal note or registered mail. The Seabell Drug Co., 81 Youville Square, Montreal, Canada.

If your nerves are weak, your digestion poor, your liver sluggish, if you have rheumatism, if you are easily tired and depressed, if you lack confidence or will-power, get Phosphonol and watch its result.

## Watch for these Symptoms

Pains that Point to Deranged Kidneys

PAINS in the back or sides, constant headaches, swollen joints, urinary troubles, brick dust deposits, painful urination—are all symptoms of kidney trouble. Too often they are looked upon with indifference, an error which results in much suffering. Each one of these symptoms is a danger signal, and should be given careful attention and treatment.

There is nothing more painful than chronic kidney and bladder troubles, and the many resultant diseases. Yet while there are various causes of the kidneys becoming deranged, there is always one outstanding means of relief.

**GinPills**  
FOR THE KIDNEYS

Read this letter, which is typical of thousands of others in our possession. It is from a resident of Winnipeg:—

"I am engaged in heavy work as a teamster, and have suffered with intense pain across the kidneys, due to heavy lifting, and was so bad at times that I feared being compelled to give up work. I took one box of your 'Gin Pills,' and found almost instant relief. I am now perfectly well, and have had no return of the pains.

"P.S.—Mrs. Morton also found Gin Pills entirely relieve her of pains in the back."

Relieve your suffering and ensure a future free from kidney troubles by taking Gin Pills. On sale everywhere. 50c a box. Remember, we give a money-back guarantee if they fail to help you. If you would like to try a sample, write:—

# SERVICES IN THE CITY CHURCHES

## DIOCESAN BOARD TO CONDUCT CLASSES

Religious Education Activities Are Discussed; Plan For Winter Season

Bible class study, church work and activities for older boys and girls, training classes for leadership and greater efficiency in Sunday School teaching were featured at the first meeting this season of the Diocesan Board of Religious Education held this week in Christ Church Cathedral schoolroom. The speakers included the Dean of Columbia, special lecturer in a Bible class course of Old Testament studies, Rev. H. T. Archbold, chairman of the board, Harold C. Cross and A. R. Merrix.

It was announced that the Very Rev. C. S. Quainton will continue to conduct a Bible class every Wednesday evening at 8 o'clock in the Cathedral schoolroom for Sunday School teachers, parents and any adults who wish to attend the course beginning with a study of incidents in the life and work of Joshua and the Judges.

**Training Classes.**—Rev. H. T. Archbold emphasized the need of classes offering instruction and training to those concerned in the religious education of the young. These would apply particularly to Sunday school teachers, and would include lectures on methods of teaching, child nature, and the subjects to be taught, such as the church catechism and prayer book and the Bible.

Harold C. Cross introduced the new programme of work among older boys, girls and young people issued by the General Board of Religious Education of the Church of England in Canada, and commended each to church workers and parents. Special praise was accorded the programme for the older girls, entitled "Christians by the Day."

The importance of a strong and adequate teaching staff in every church Sunday school was urged in a brief address by A. R. Merrix, and steps were suggested to secure this requisite at the present time in view of an existing shortage of workers.

It was announced that in future literature issued by the Board of Religious Education could be obtained through the secretary, A. R. Merrix, and that a supply would be kept at Church House, 341 Broughton Street, where application should be made.

## PROGRAMME FOR MUSICAL RECITAL AT CHRIST CHURCH

The following music will be sung by the choir at Christ Church Cathedral to-morrow evening:—  
Magnificat and Nunc Dimittis.....  
..... Christopher Mark's in C  
Anthem—"Thou Will Keep Him in Perfect Peace."  
With Solo and Quartette.

After the service the following programme of vocal and instrumental music will be rendered:—

(Organ, Dr. J. E. Watson)  
(2) Solo—"Entreat Me Not to Leave Thee"—Gaul's Ruth (Miss Craven-Hudson)  
(3) Sonata in A..... Handel (Violin, Miss Nora Atkinson)  
(4) Solo—"O For a Burst of Song"—(Miss Letta Cady)  
(5) Solo—"These Are They"—Grieg (Dr. J. E. Watson)  
(6) Solo—"These Are They"—Gaul's Holy City (Master Willie Locke)  
(7) Andante Religioso..... Thome (Miss Nora Atkinson)

## ANGLICANS OBSERVE 'VOCATION SUNDAY'

Special Addresses in Anglican Churches To-morrow on Important Subject.

To-morrow, Sunday, September 19, will be observed as "Vocation Sunday" in Anglican churches in the diocese of Columbia, when the subject of present-day opportunities in the choice of a life work will be presented. The subject, as including the necessity of training for service and leadership, will be of particular interest to young people.

**At Cathedral.**—The Dean of Columbia, Very Rev. C. S. Quainton, will preach on the subject at both morning and evening services to-morrow in Christ Church Cathedral, and will address a gathering of older boys and young men on the occasion of the reopening of the older boys' bible class under W. O. Cockett at 2:45 p.m. in the Cathedral. After the evening service at half-past seven, a short violin and vocal recital will be given, under the direction of the cathedral organist, Mr. J. E. Watson.

## LEAVES PRINCIPAL'S POST AT ST. LOUIS COLLEGE SHORTLY

REV. BROTHER M. S. CURTIS.

After a successful incumbency of the principality of St. Louis College, Rev. Brother Curtis has been appointed to Briscoe Memorial College, Seattle.

To Preach To-morrow.—Rev. Frank Langford, B.A., General Secretary of Sunday Schools and young people's work for the Methodist Church of Canada, is in the city, on his way as a delegate to the world's Sunday School Convention which is being held in Tokyo, Japan, this fall. Mr. Langford will preach in Wesley Church to-morrow morning and in the Fairfield Methodist in the evening.

Phone 4834R.

## DIOCESAN BOARD IN MONTHLY SESSION

Girl's Work is Explained To Columbia Women's Auxiliary

The monthly meeting of the Columbia Women's Diocesan Board was held yesterday in the Parish Hall of St. Mark's, Cloverdale, the room being filled to capacity with delegates.

**Branch Reports.**—A great many important phases of the work were discussed during the day. The morning session commenced at 11 o'clock with the President, Mrs. Nelson, in the chair. After the opening devotional exercises the president announced that the vacancy on the Board of Girls and Candidates Secretary had been filled by the executive to enable that branch of the work to proceed with its busy season. Miss I've being appointed to that office. There was now a vacancy for corresponding secretary, which could be filled by the Diocesan Board. The Diocesan officers all gave very encouraging reports of their various activities. Several of the branches are contributing regularly to the work of social service in this city. The Girls Branch at St. Michael's, Royal Oak, was especially commended; they have a large membership of thoroughly interested members, who have been excellent training as juniors before passing on to the Girls Branch.

Mrs. Chow spoke on interest and sympathy shown in special work kindly undertaken by her, and for which she was accorded a hearty vote of thanks. The literature secretary asks that W. A. Branches kindly look up library books which have not been returned. A letter written by Mrs. Schofield was read at the meeting, also very interesting accounts from Miss Turner on the conference of "Faith and Order," held in Geneva. At 12 noon, the meeting adjourned to the church, where a short service was held, and an address given by Rev. Mr. Hitchcock, vicar. After the service further reports were given until 1 p.m., when an adjournment was made for luncheon.

The afternoon session opened at 2 p.m. with the nomination and election of corresponding secretary.

**Afternoon Session.**—At the afternoon session Mrs. G. C. J. Walker was elected corresponding secretary. The afternoon prayers being read by Mrs. Hiscocks. Four resolutions were placed before the meeting, and fully discussed, three having been passed by the Board, the fourth being laid over until the next annual meeting.

The Oriental secretary gave a very interesting account of her work, also the social service secretary, who specially commended the work of social service, as being home missionary work.

At 3 p.m. Mr. Merrix gave a brief address as secretary of the Diocesan Forward Movement, urging continuation of prayer, and reminding the audience that the Forward Movement was still moving forward. He also made a very strong appeal for Sunday school teachers for the city and district, and prayers of members in connection with this important phase.

Mrs. Nelson then spoke on the decision of the Diocesan Board some months ago, to take up definitely the work of social service.

**Girl's Work.**—Miss Crenshaw, who spoke very clearly on social work among girls saying "That where there is living Christianity, there should be a recognition of the need of one's neighbors. The object of the Girl's Club was also explained.

The announcement included a series of work and home cooking at the Cathedral schoolroom on October 5, also a Silver Tea at Bishop's Close next Wednesday for St. Luke's W. A. The next meeting of the Diocesan Board will be held at St. Jude's on October 15.

## WHEN BABY IS CROSS

Mother, when your baby is cross—when he cries a great deal and no amount of attention of petting cheers him—something is the matter. It is not the nature of little ones to be cross and peevish—the well child is a happy child. Give him a dose of Baby's Own Tablets and he will soon be well again. The Tablets are a mild but thorough laxative which regulate the bowels and stomach; banish constipation and indigestion; break up colds and simple fevers and relieve the other minor ills of little ones. Concerning them Mrs. Oscar Beard, Ste. Sophie, Que. writes:—"Baby's Own Tablets are an excellent remedy for constipation. They relieved my little one when nothing else would and I can strongly recommend them to all mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**To Aid Drive.**—Because of the way the boys were made to feel at home in the Salvation Army huts in France and were not overcharged for tea, cocoa, chocolate biscuit and other food, comrades of the Great War here last night passed a strong resolution urging support of the Salvation Army drive to raise \$6,000 in Victoria. Members of the Comrades vied with one another in telling of the work of the Army and its Sallies in France. All comrades, who have any spare time were urged to volunteer to go out and help members of the Army bring in the money.

## PREPARE TO RECEIVE NEW CONGREGATION

First Baptists Will Welcome Tabernacle Members Next Week

On the advice of the Board of the Baptist Convention of British Columbia the Tabernacle Baptist Church, which was established in Fairfield, will unite with the First Baptist Church. The first meetings of the united congregations will be held on Sunday. The services will be conducted by the Rev. B. H. West, hitherto minister of Tabernacle Church.

On Wednesday evening next the formal welcome into membership will be given by Rev. P. C. Parker. Plans are being made for aggressive and extended work by the church during the winter. The Sunday school of the First Church will meet in future on Sunday afternoons at 2:30.

Rev. Dr. F. W. Paterson, general secretary of the Western Baptist Union, was in the city during this week and met with representatives of all the Baptist churches on the Island. He was accompanied by Rev. J. William Litch, of Vancouver. A splendid conference was held and arrangements made to realize the spiritual aims of the forward movement.

Rev. Wm. Stevenson, of Emmanuel Baptist Church, is in the northern part of the Province organizing the prohibition forces for the referendum so on Sunday the services of Emmanuel will be in charge of Rev. P. C. Parker, of the First Baptist Church, who will preach in the morning. The interesting feature of the evening service will be an address by Mrs. Farris, the wife of the Hon. the Attorney-General, on "Prohibition As a Positive Force."

## HELPS UNITARIANS TO SECURE RESULTS

Boston Layman Comes to Rescue of Ministers Pressed With Responsibilities

To the list of laymen who have come to the rescue of the churches, such laymen as John R. Mott and S. Earl Taylor, of the Methodists; Robert J. Speer, of the Presbyterians; John D. Rockefeller, Jr., of the Baptists, and J. H. Beardsley, of the Congregationalists, a writer in the Christian Register has proposed the name of a Unitarian be added. He specifies Ernest G. Adams, a Boston business man.

The country knows, says the writer, what Mott, Taylor, Speer, Rockefeller and Beardsley have done for it through their churches; the country has yet to learn what Adams is doing to do for it through the Unitarian Church. Mr. Adams himself says:—"We laymen looked around and discovered that the ministers were pulling about four times their own weight. We decided that it was about time they were relieved of some of their responsibility."

Mr. Adams first became known to Unitarians at large during the May meetings of 1915, when he delivered a thrilling and memorable address at that first great meeting of the Unitarian Laymen's League in Tremont Temple.

Since then more than 8,000 Unitarian laymen have come to a realization of their responsibility. They have helped their ministers to make his leadership of the religious and educational campaign with which Unitarians intend to observe the tercentenary of the landing of the Pilgrim Fathers and the sowing of the seed of religious liberty in the new world. William Howard Taft has yielded to the contagion of the Adams enthusiasm, and is recruiting a national committee of prominent Unitarian laymen and women to direct the campaign.

"The Christian Register," writer points out that it is proper that the feminine influence should be retained, since "not so very long ago the work of the church was left to women. To-day the situation has changed. Laymen are coming up in larger and larger numbers, and are taking hold of the Christian enterprise with a vigor that is as gratifying as it is astonishing."

**Series of Sermons at St. John's.**—The rector of St. John's Church will commence two special series of sermons on Sunday. In the morning he will preach on "Messages From the Lambeth Conference," being the first in a series dealing with the important subjects referred to in the Encyclical Letter issued by the bishops at the recent conference held at Lambeth Palace. In the evening a series of sermons on the "Life of Jesus Christ" will be commenced.

## YOUR BOY—

### Healthy or Clever. Which?

**FREE**  
Send for Marion Harris Neil's book of "65 Delicious Dishes" which tells you how to vary your menu and reduce the cost of your table. It's "FREE" for the asking. Just send name and address.  
See our Exhibit at the Fair.

**WHY, HEALTHY, of course. A fussy Boy, who'll be a husky man. He'll have brains enough to see him through. So most Mothers would declare. But why not healthy and clever, both?**

He must have simple food. Give him plenty of wholesome bread—bread which is crackly crust. Bread builds strength and light and creamy, with a thin, pliant, tissue at lowest cost to the digestive system.

Don't give your Kiddies too much meat and candies. Bread is the food to rely on, if your brainy boy is to be healthy as well as clever. Let Marion Harris Neil tell you how to make "65 DELICIOUS DISHES" from Bread.

## ASSETS OF WHALEN COMPANY NOW OVER SIXTEEN MILLIONS

Vancouver, Sept. 18.—The adjourned annual meeting of the Whalen Pulp & Paper Company will be held here to-day when the yearly report of the company will be presented and directors elected. The meeting was adjourned for a month to enable the eastern directors of the company to attend. Three large plants are now in operation and the capital appropriations for the past year show an expenditure of \$50,000 for equipment. The fixed assets of the company now run to over \$16,000,000 it is stated.

## Conference with British Miners Was Unsuccessful

London, Sept. 18.—Sir Robert Horne, President of the Board of Trade, had another unsuccessful conference with the miners' leaders yesterday over the controversy between the miners and the Government.

The men refused to discuss any of the Government's proposals until the wage demands of the miners are granted.

It was agreed, however, to meet again on Monday, so as to give the delegates an opportunity to report their decision to the district branches.

## AUSTRALIAN DEFENCE POLICY INCLUDES UNIVERSAL TRAINING

London, Sept. 18.—(Canadian Associated Press).—The defence policy of the Australian Government as outlined in the Senate provides for the continuation of universal training and an army of 130,000.

In the Australian budget items include one million pounds sterling profit from the operation of Commonwealth steamers. A hundred thousand pounds is allocated for the encouragement of emigration to Australia and \$50,000 is allotted for soldiers' settlement.

## PRICE OF LUMBER SOARS IN TORONTO

Toronto, Sept. 18.—As a result of the new freight rates, lumber prices have advanced in this city. According to a local lumber dealer the new rate on lumber will be \$1.05 per hundred pounds on all grades. This will be an increase of from \$5.50 to \$9 per thousand feet board measurement in all grades of lumber.

## TERENCE LINGERS ON

London, Sept. 18.—Terence MacSwiney, Lord Mayor of Cork, passed a very bad night without any sleep and this morning was in a state of complete exhaustion, said a bulletin issued this morning by the Irish Self-Determination League. Mary MacSwiney, sister of the Lord Mayor, who visited her brother at Brixton prison this morning, said he was looking worse than she had ever seen him, but was still conscious. This is the thirty-seventh day of his hunger strike, which he began on August 12, in protest against his arrest by British authorities.

## WHEAT CLOSES FIRM NO SUPPORT FOR CORN

Chicago, Sept. 18.—Wheat suffered irregularly lower, although displaying spasmodic strength when the pressure, which was mainly local, inspired by weakness in corn. Receipts were small and the cash market had firm tone with further cash market premiums. There was no export business reported from any source. Advices from the country to the effect that farmers are determined to hold their grain for prices of \$1.10 bushel of terminal markets are increasingly persistent, and this tends to hold the market firm.

Corn started lower and continued downward right up to the top of the bell at the close. At no time was there any support or evidence in evidence and rallies were small and infrequent. Large receipts caused a break of four cents in cash prices, and although there was some improvement in the shipping demand on Monday market, the close was at the extreme low. For the first time in several years the country shows a disposition to market holdings of corn despite the drastic production. Receipts of 400 cars expected for Monday market. This steady increase in flood of corn has weakened cash and the Sept. delivery has fallen to the lowest level in years. The fear of frost is being dissipated daily by the most favorable weather conditions that could be desired. According to the weather bureau it will continue this way for the next few days at least.

There was no work liquidation reported today on either day this week with the result that new low figures were established for all deliveries. Cash prices were about one cent lower, but premiums remained unchanged. Receivers reported no country offerings, but the market was of no consequence in view of the stagnant demand.

## DR. BAPTY CHOSEN TO HANDLE PENSIONS

Is Supposed To Confine Himself To Emergencies, However.

Dr. Walter Bapty has been appointed by the Dominion Board of Pension Commissioners to handle all pension cases here, now that the Pension Board machinery has been moved to Vancouver.

He is supposed, however, to act only in cases of emergency. A travelling board of pension commissioners has now been formed and will visit Victoria every six weeks, when all ordinary cases are to be presented.

This appointment and this arrangement has been made following protest by the Comptroller of the Board in moving all machinery to Vancouver.

## ALBERTA WHEAT CROP ESTIMATED AT 80,000,000 BUSHELS

Edmonton, Sept. 18.—It looks now as if there will be pretty nearly as much wheat in Alberta this year as there was last year, of all kinds of grain combined, a fairly safe estimate of the 1920 wheat crop puts it at 80,000,000 bushels and in 1919 the total yield of all grains was 113,199,818 bushels. This figure is the provincial official statement of last year's harvest and the wheat estimate comes from Government compiled statistics.

New York bar silver to-day, \$2.53.

### TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Sept. 18.—An excellent demand continues for the best milling grades of wheat in store. The demand for future positions for cash wheat is not so urgent and with a flood of offerings the trade generally is looking for the future positions to come closer to December.

Wheat opened strong to-day, but later there was a general weakness in sympathy with Chicago and Minneapolis, and prices broke three cents for October, 1 1/2 cents lower for November, and 1 1/2 cents lower for December. Flax closed 5 cents lower for October, November 2 1/2 cents lower, and 3 cents lower for December. Rye closed 1 1/2 cents lower for October, 1 1/2 cents lower for November, and 1 1/2 cents lower for December.

Barley—There was a good demand for cash, and the excellent demand for rye continued.

Wheat closed 2 cents lower for October, 2 1/2 cents lower for November, and 2 1/2 cents lower for December. Flax closed 5 cents lower for October, November 2 1/2 cents lower, and 3 cents lower for December. Rye closed 1 1/2 cents lower for October, 1 1/2 cents lower for November, and 1 1/2 cents lower for December.

Barley—There was a good demand for cash, and the excellent demand for rye continued.

## WHAT SYMPHONY ORCHESTRA MEANS

The Symphony, the Highest Form in Music Literature of To-day

(By George J. Dyke)

It is a peculiarity that, in the case of any branch of art, some term or terms used in connection therewith have come about by mere chance rather than by definite limitations by man himself. So with the word "symphony"—a word now accepted by writers, considerably removed from the meaning which was once attached to its use and purpose. It was first used in a general way to express portions of instrumental passages which were given prominence and thrown into relief in works in which the chief interest was centered upon the vocal parts. For instance, in the seventeenth century, the operas, cantatas and masses were the most important compositions, and the instrumental being simply a form of harmony, as accompaniment; any little portions which were played by the instruments without the voices were called "symphonies."

Some composers, who were then writing in a somewhat experimental manner, dispensed altogether with these symphonies. But as the century grew older the use of short instrumental passages fairly began, and once started, became more and more an important element in dramatic work, especially in opera. This form of writing increased very rapidly. The word symphony was then used indiscriminately and lasted for a long while. The composers, however, now began to extend what are known as dependent passages, and these expansions grew in extent and importance, so that the name symphony came by degrees to have a more special significance. The symphony, par excellence, was the introductory movement—the overture—and the more it grew the more distinctive was its application. But the history of the modern symphony ultimately became of much greater importance. Lully (1632) and Scarlatti (1659) were the first composers to develop the form of overture or symphony.

**Its Early Form**

The first form of symphony writing was like the first French overture, divided into three movements. It came into vogue soon after the French overture and quickly supplanted, came into definite acceptance at the end of the eighteenth century. After a few years it became a matter of course. Who the originator of this form was it has been impossible to decide, and the history of its early development is wrapped in obscurity.

**Improvement Comes**

With the general adoption of the symphony form, gradual improvement came about both in treatment of the instruments employed and in development in the structure of each separate movement. First the strings (the violins, cellos, etc.) were used, then in the eighteenth century wind instruments, flutes, oboes, such as the oboe, the bassoon, the flute, horns and trumpets. By and by the symphonies were played apart from the operas in concert, and the present form became established. The composers now began writing independent works (i.e., works for instruments alone), and a still greater development came, although the name of the symphony remained the same. The modern symphony arrived.

**The Symphony Orchestra Power in the Community**

Of the rare and unusual benefits of a permanent symphony orchestra established in any community, much can be written. An orchestra develops peculiarly the tastes of the younger generation and leads them into the right channel more than any other thing. Percy Grainger, the composer-pianist, recently said in Vancouver that "to-day every great artist before the public had been born in a city possessing such an organization or had early in life moved to where their music could be heard. Such orchestras," he said, "also did more than anything else to make the musicians impersonal and sink themselves into the whole."

**Composers of Symphonies**

The earliest known composers of the symphony form were those of the seventeenth century. Stamitz (1717), Emanuel Bach, John Christian Bach (1733), Abel (1752), works by these composers and many others are to be seen in great numbers in the British Museum, which form excellent material for judging the status of the early symphony. Other composers are: Wagenseil (1715), Haydn (1737), Mozart (1756), who wrote forty-nine symphonies, the first written in London in 1764, Krommer (1760), followed by Schubert, Romberg (1767), at one time preferred to Beethoven, Eberl (1768), Beethoven (1770), the greatest of all masters of symphony first produced in 1800. It is chiefly through Beethoven's works that the symphony now stands at the head of all musical forms. 1784, 1787 Schubert; 1808 Berlioz; 1809 Mendelssohn; 1810 Schumann; 1816 Sterndale Bennett; 1822 Raff; 1824 Smetana; 1833 Brahms;

1840 Tchaikovsky; 1841 Dvorak; 1843 Schumann; 1848 Parry; 1852 Frederick Cowan; 1852 Stanford; 1857 Edvard; 1852 Weingartner; 1855 Glazunov.

**The Greatest Symphony Orchestras**

The most famous of the world's symphony orchestras, past and present, are: The Philharmonic Society, London, founded in 1813; The New Philharmonic, founded in 1842; the Queen's Hall Orchestra, the Saturday Symphony Concerts, which began in 1859; the New London Symphony, the Liverpool Philharmonic Society, founded 1840; the Scottish Orchestra, founded in 1891; the Philharmonic Society of New York (1846), the oldest orchestra in continuous service in the United States; the New York Symphony Orchestra (1878); the Boston Symphony Orchestra (1881); the Brooklyn (1857); the Theodore Thomas Orchestra of Chicago, the only orchestra in the U.S.A. which bears officially the name of its creator; the Minneapolis Symphony (1890), the Philadelphia (1890), the Pittsburgh (1896), the Cincinnati, the Paris Symphony, and the Sydney Symphony Orchestra, Australia.

**The Symphony Orchestra**

Any grouping of instruments playing together is known by the term "orchestra." The modern orchestra is called "symphony orchestra" because its chief function is to play symphonic compositions. For the proper presentation of opera and oratorio, a symphony orchestra is necessary.

The symphony orchestra is divided into four sections, according to the character of the instruments constituting it, and in point of number usually consists of from fifty to one hundred players. In an orchestra of ninety-five the instruments are proportioned as in the following table:

**Section 1, "Strings."—First violins, 16 or 18; second violins, 14 or 16; violas, 12; violoncellos, 12; double basses, 10.**

**Section 2, "Wood-Wind."—Flutes, 2; piccolo, 1. Double reeds: Oboe, 2; English horn, 1; bassoon, 2; contra-bassoon, 1. Single reeds: clarinet, 2; bass clarinet, 1.**

**Section 3, "Brasses."—French horns, 4; trumpets, trombones, 3; tuba, 1.**

**Section 4, "Battery," or Percussion.—Tympani or kettle drums, 2 or 3; side drum, 1; bass drum, 1; bells, 1; triangle, 1; tambores, etc., 1.**

## THE TREASURE OF GOOD HEALTH

Easily Maintained Through the Use of Dr. Williams' Pink Pills.

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other they have brought back to bread-winners, their wives and families the splendid treasure of good health and strength.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered man, some suffering woman, ailing youth or feeble-minded girl who once present health and strength to Dr. Williams' Pink Pills. For more than a quarter of a century these pills have been known not only in Canada, but throughout all the world, as a reliable tonic, blood-making medicine.

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, dependent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N. S., says: "I am a Provincial Land Surveyor, and am engaged for the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills, as a tonic and health builder, I am never without them, and I lose no opportunity in recommending them to weak people whom I meet."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off all disease. You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

**1840 Tchaikovsky; 1841 Dvorak; 1843 Schumann; 1848 Parry; 1852 Frederick Cowan; 1852 Stanford; 1857 Edvard; 1852 Weingartner; 1855 Glazunov.**

**The Greatest Symphony Orchestras**

The most famous of the world's symphony orchestras, past and present, are: The Philharmonic Society, London, founded in 1813; The New Philharmonic, founded in 1842; the Queen's Hall Orchestra, the Saturday Symphony Concerts, which began in 1859; the New London Symphony, the Liverpool Philharmonic Society, founded 1840; the Scottish Orchestra, founded in 1891; the Philharmonic Society of New York (1846), the oldest orchestra in continuous service in the United States; the New York Symphony Orchestra (1878); the Boston Symphony Orchestra (1881); the Brooklyn (1857); the Theodore Thomas Orchestra of Chicago, the only orchestra in the U.S.A. which bears officially the name of its creator; the Minneapolis Symphony (1890), the Philadelphia (1890), the Pittsburgh (1896), the Cincinnati, the Paris Symphony, and the Sydney Symphony Orchestra, Australia.

**The Symphony Orchestra**

Any grouping of instruments playing together is known by the term "orchestra." The modern orchestra is called "symphony orchestra" because its chief function is to play symphonic compositions. For the proper presentation of opera and oratorio, a symphony orchestra is necessary.

The symphony orchestra is divided into four sections, according to the character of the instruments constituting it, and in point of number usually consists of from fifty to one hundred players. In an orchestra of ninety-five the instruments are proportioned as in the following table:

**Section 1, "Strings."—First violins, 16 or 18; second violins, 14 or 16; violas, 12; violoncellos, 12; double basses, 10.**

**Section 2, "Wood-Wind."—Flutes, 2; piccolo, 1. Double reeds: Oboe, 2; English horn, 1; bassoon, 2; contra-bassoon, 1. Single reeds: clarinet, 2; bass clarinet, 1.**

**Section 3, "Brasses."—French horns, 4; trumpets, trombones, 3; tuba, 1.**

**Section 4, "Battery," or Percussion.—Tympani or kettle drums, 2 or 3; side drum, 1; bass drum, 1; bells, 1; triangle, 1; tambores, etc., 1.**

The French horn is frequently used as a number of the "Wood Winds." The harp is usually employed. The leader of the first violins is known as "concert master" occupying the first desk on the outside row immediately on the left of the conductor.

**Business Men of Seattle Rally to Aid of Symphony**

A campaign has begun in Seattle to arouse a wider interest in the symphony orchestra among the business men of the city. The Seattle Chamber of Commerce is the chief mover, and is showing unusual interest and energy. The slogan is "Better Music for Business Men." The chairman

of the music and art committee of the Chamber of Commerce recently said: "Better music develops truer culture and culture insures the substantial home life that is the backbone of a growing city. It is the quality and amount of music that attracts and holds, too, the newcomers from other parts."

**An Earle's Voice**

The Earl of Shaftesbury not so long ago offered \$10,000 by an impresario to go on a concert tour of the United States. The Earl has a very fine voice, and sings frequently at missions in the East-end of London and at camp concerts with the Dorset Yeomanry.

**A Wonderful Performance**

Albert Steele, a Queenslander, played the piano continuously for 365 hours. He thus establishes a new world's record, and overtakes an American's recent record by exactly one hour.

**Pauline Rita**

There has passed away Mme. Pauline Rita, a favorite on the English concert stage. She made her debut at the Opera Comique in 1874, and at one time was a member of the Gilbert and Sullivan Opera Company. She was associated with Lablache, Patey, Sir Charles Santley, Celli and others in concert. She died at the age of seventy-eight after many years of illness.

**Played for the Last Time**

The best known military band in Austria recently played what may be called the funeral of the "Kaiser Hymn" as well as the Austrian march, when the band played for the last time in Vienna before disbanding by the order of the Allies. Haydn's noble music, the setting to the Austrian National Hymn, has been discarded for a new song.

## TRAVEL IN FAR FLUNG COUNTRIES

Some New Library Books of Geographical Discovery, By Edna Marwick

"Unexplored New Guinea," W. M. Beaver, 1920.

"Highlands of Brazil," Sir Richard Burton, 1849.

"The Cruise of the Port Kingston," W. Ralph Hall Caine, 1908.

"Spinifex and Sand," Hon. David Carnegie, 1920.

"Land of the Moors," Budgett Meakin, 1901.

"The Kafirs of Hindu-Kush," Sir George Scott Robertson, 1898.

"The Explorations of the Caucasus," Douglas W. Freshfield, 1895.

The record of the travels, adventures, and experiences of a resident magistrate amongst head-hunting cannibals in the book, "Unexplored New Guinea" by W. M. Beaver. "Mr. Beaver is no globe-trotter," says the London Times, "concerned to make a good story out of a few days spent in a strange land. He is absorbed in the subject that is organically interesting, and he is content to let it produce its own effect." Although, as the author says, there is "little or nothing of the lotus-eating life which the story books tell us is the great charm of the South Pacific Islands," the country is fascinating to the anthropologist. The author was concerned with the description of the primitive races of western Papua, their origin and customs, their religious beliefs and practices. The description has touches of sympathy and humor, and includes personal experiences which should make the book appeal to the general reader as well as to the scientist.

**Uplands of South America.**

Brazil, with "the vastness of its wealth, and the immense variety of its productions which embrace all things, between salt and diamonds, that man can desire," is the subject of Sir Richard Burton's work "The Highlands of Brazil." The first volume gives a full account of the gold mine of central Minas Geraes. The second volume records the inspection of the diamond diggings and describes a journey by canoe down fifteen hundred miles of the river Sao Francisco.

**In Sunny West Indies.**

To give a plain tale of life as it is in Jamaica is the endeavor of W. Ralph Hall Caine in "The Cruise of Port Kingston." The dark influences that lurk behind the negroes' mental vision, the superstitions that afflict these people with West Africa, and some of the legends and traditions that show a common ancestry with ours are described. Besides the history of this interesting race the book describes modern life in Jamaica, and includes an account of the disastrous earthquake in 1907 at Kingston.

**In Western Australia.**

"Spinifex and Sand" is the title of a narrative of five years spent in the gold fields and in the far interior of Western Australia, by Hon. David Carnegie. From this account we can glean more than a little knowledge of the dangers encountered and the hardships endured by the Australian pioneers, who as the author points out, were often inspired by more than the mere "lust for gold." The book furnishes also an interesting account of mining in the Coolgardie and Kalgoorlie districts, written from the prospector's point of view. The prospector here searched first for water, then for gold. His life was not one of adventure, but one of constant war against nature, and he is showing unusual interest and energy. The slogan is "Better Music for Business Men." The chairman

**Disguised As Moor.**

From Australia to Africa we pass from the new land to the old, and we find ourselves in Morocco, described for us by Budgett Meakin, in his "Land of the Moors." The author's descriptive talent has done much to make the information collected here attractive to the general reader. Added interest is given by the chapters "To Marrakesh on a Bicycle," and "In Moorish Guise," the latter being an account of the author's experiences disguised as a Moor.

**Highlands of Asia.**

The record of a journey among the Kafirs is given in Sir George Scott Robertson's "The Kafirs of the Hindu-Kush." The narrative begins with a description of Chitral, and the journey thence into Kafiristan. The geography and early history of the country are given among the general topics. Perhaps the most interesting chapters are those dealing with

Sizes 2 to 8 years. Prices \$8.75 to ..... \$19.50

Sizes 9 to 14 years. Prices \$12.50 to ..... \$26.50

The Kafir's religion, which is a low form of idolatry, mingled with ancestor worship and fire worship. Many of the sacred stories and myths, as related to the author by one of the high-priests, are included. "To stir pleasurable memories or anticipations among travelers, and also interest that great body of readers who love mountains, and like to hear about them are the aims of Douglas W. Freshfield's two volumes work, "The Exploration of the Caucasus." The author was one time president of the Alpine Club, and secretary of the Royal Geographical

Society. His book consists mainly of sketches of the Central Caucasus, its scenery and people, while chapters of a general nature form the framework for pictures of travel and adventure.

## Peeling the Skin is Better Than Bleaching

Ever since the discovery that ordinary mercurized wax would absorb and remove a discolored complexion, its use by ladies as a substitute for bleaching creams has grown rapidly. A perfect complexion can be maintained indefinitely if this remarkable substance is used. Its beneficial cleansing, clearing and preservative action is quickly apparent, and ladies who have been paying high prices for "special bleach" from beauty specialists, soon recognize that mercurized wax outranks them all. It has become so popular that it can be obtained at all druggists, who have it in original one-ounce packages. The favorite way of using it is to apply it like cold cream, before retiring, washing it off in the morning.

The saxolite lotion for wrinkles and sabbiness has also become extremely popular. One ounce of powder, mixed with a little water, is dissolved in one-half pint witch hazel. Bathing the face in this has a remarkable effect in erasing wrinkles and in improving contour.

**McDOWELL & MANN**
